2023 ANNUAL TOWN REPORT DEDICATION

The Board of Selectmen annually dedicates the Town Report to an individual who has served or made a positive impact in our community.

This year we would like to dedicate the Town Report to long-term Town Clerk/ Tax Collector Dorothy Marsden. Everyone in Town affectionately calls her "Dottie".

Dottie moved to Pelham with her late husband Robert all the way back in 1963! She raised four children in Pelham and enjoys her 9 grandchildren.

Dottie began working for the Town of Pelham on May 6, 1985, when she took a position in Town Hall as a Clerk. In 1989 she was promoted to Deputy Town Clerk/Tax Collector. After being named as Acting Town Clerk/Tax Collector from 2001 to 2002 she was elevated to permanent full time Town Clerk/Tax Collector in 2003.

During the early 1990's, Dottie was instrumental in the implementation of computerized permitting of the Town to issue Motor Vehicle registration plates. Also, during her long and distinguished career she supervised the renovation

of the old Town Hall which included temporarily setting up the Clerk's Office in the Memorial School Gymnasium for an entire summer! Dottie also helped in the coordination and smooth transition of the Clerk's Office from the old Town Hall into its current location in 2004.

Dottie was always willing to help the Town doing whatever was needed including being on the Zombie Patrol for the Parks and Recreation Department's Halloween Haunted Woods event!

Dottie retired from her position of Town Clerk and Tax Collector after 37 years in 2022. Her incredible longevity and dedication to the Town of Pelham is truly commendable. For these reasons Dorothy Marsden has earned the thanks of the citizens of Pelham and is truly worthy of the dedication of this Town Report.

BOARD OF SELECTMEN

2023 Annual Report

Another year has come to an end and the Board of Selectmen is honored to present to you, the taxpayer, the 2023 Town Report. It's amazing to look back at past Town Reports and see how it has grown and evolved over the years. Being in the midst of an information revolution, our hope is to give the current and future residents a clear, concise and accurate depiction of the events and services experience in Pelham in 2023.

The Board of Selectmen spent much time amending and adopting policies that will help protect and better serve Pelham residents. Last year we adopted a 91-A Request Policy that lays out how these requests are processed. As these are living documents, some updates to this policy were made to improve upon what was previously adopted. The Hawker, Peddler, and Itinerant Vendor Licensing Policy had some updating to clear up any confusion on requirements and hours of operation. Lastly, we adopted two new policies, a Welfare Policy, and a Dogs in Town Parks Policy. In the State of New Hampshire, localities are responsible for their citizens in need. This Policy clarifies that process. The new Dog Policy just lays down some ground rules when it comes to having dogs on the Town playing fields. Public health was the concern as we want to avoid animal excrement and human contact when possible. All these policies are available for review online and at the Selectmen's Office.

The Towns Franchise agreement with Comcast was renewed this year. It was extended for another ten (10) years. Both the Town and Comcast feel this may be the last contract between the two agencies as streaming services seem to be taking over and the need for public access television dwindles. Over the

last couple years, the Town has been utilizing YouTube and Facebook as platforms to view public meetings. As this trend strengthens, the need for cable upgrades and access to local stations may not be needed at all.

As the cost of local utilities continues to grow exponentially, some concerned citizens sought the Boards permission to create a committee to attempt to aggregate the electric in Town. The Board was proud to let this take place and the Pelham Community Power Committee was formed. This committee did a great job getting the information together and choosing a company to represent Pelham in negotiating the Towns electric rates as a collective group. All this work took place so the residents can vote on allowing this process to happen. We look for your support on the 2024 March Ballot to help reduce the cost of electric to Pelham residents in the future.

Last year, an OHRV committee was created for the purpose of searching for places in Town that could be off road vehicle friendly. They were tasked to have a plan and some locations where this may be feasible. Much work was accomplished last year, and this group approached the Board requesting an extension of this committee to allow them to continue to build on the progress they had made in 2022. The Board granted them this permission and we look forward to their findings next year.

Southern New Hampshire Medical Center requested the Town renew its PILOT program with them. If you are not familiar with this, PILOT stands for Payment-In-Lieu-Of-Taxes. Many of our residents have a need for financial assistance when it comes to medical services. This program gives this entity a nice tax discount for discounting important medical services to the residents in the community. The Board felt this partnership is important to the community and renewed this program for another five years.

The Planning Board approached the Board of Selectmen in the hopes of adopting a temporary Growth Management Ordinance on Sherburne Road. If you are not aware, certain parts of Town have issues with access to water. This ordinance, granted by the Selectmen, put a one year pause on building in the Sherburne Road area as research could be conducted on how accessible water is for those residents. This pause in development ends in early 2024 with the hopes of getting some questions answered for those current residents and potential developers.

One of the most active groups in Town, the Council on Aging (COA), had approached the board with an idea of fund raising the construction of Pickle Ball Courts at the Hobbs Community Center. The Board of Selectmen felt this was a great idea for

this spot in Town. Aggressively and without haste, this group raised around \$150,000 and built a beautiful Pickle Ball Court and surrounding park. This project was then gifted to and accepted by the Town for its residents to enjoy. The amount of work this group does for the community is tremendously appreciated. If you have not been to the Hobbs Community Center, I encourage you to visit and see the courts for yourself.

That is a wrap on 2023! On behalf of the Board of Selectmen, thank you for allowing us the opportunity to lead this great community. It is an honor we do not hold lightly. Thank you to all those who have dedicated and donated their time to bettering our community. Thank you to all the Town employees who provide us with excellent, professional, top-notch services. Here's to 2024 and continuing to make our small Town an amazing place to live!

Respectfully submitted,

Kevin Cote Board of Selectmen, Chair

TOWN ADMINISTRATOR

2023 Annual Report

To my fellow citizens of Pelham,

It is an honor to provide to you my Annual Town report letter. 2023 was my second year in my position as Town Administrator and I am pleased to say, I'm finally beginning to feel comfortable in the position.

This past year we had three long time employees; Senior Center Director Sara Landry, Parks and Recreation Program Director Kathy Carr and Fire Chief James Midgley, all move on from their respective Town departments. Each one of these employees served our Town citizens professionally and faithfully. Their experience and contributions to our Town services will not be easily replaced. I wish each of them great success in whatever the future may bring them!

This year's Town warrant has a warrant article request to approve a 5-year Collective Bargaining Agreement between the Town and the Pelham Public Works and Municipal Employees, Local 1801 of the American Federation of State, County and Municipal Employees (AFSCME). The Public Works and Municipal Employees union represents all our Town workers from the Highway Department, Transfer Station, Hobbs Community Center, Town Hall and Cemetery Department.

The proposed contract was negotiated in good faith between the Town administration representatives and employee representatives. I feel the proposed contract strikes an excellent balance between maintaining competitive wages while seeking to control escalating health care benefits. The contract has been reviewed and unanimously approved by both the Board of Selectmen and the Budget Committee. I urge you to vote in favor of the contract to help ensure we keep our excellent Town employees.

A new Animal Control Shelter is scheduled to be built this coming year. The shelter will replace the aging and inadequate shelter currently located on Simpson Mill Road. The new shelter will be built on the property between the Police Station and Library. The Police Station is also scheduled to be remodeled to accommodate increases in size to the evidence room, locker room and fitness area space. Both projects will be federally funded through the American Rescue Plan Act (ARPA).

During 2023 the new meeting room space in Town Hall was completed. This room will provide a better audio and visual experience when viewing Town committee meetings at home or as digital recordings on our Town website. The improved acoustics and layout also make for a better in-person experience for committee members as well as audience members. The new meeting room is in Town Hall opposite the Parks and Recreation Department.

The Planning Department is also scheduled to be remodeled in 2024. The remodeling will be designed to create a more efficient space for our planning, code enforcement and inspectional service employees to operate.

There are four different large scale road projects scheduled to be completed in the upcoming years. These projects will be funded through combinations of state, federal and local funds.

The Main Street Bridge is scheduled to be replaced with a construction start date of 2025. This bridge is scheduled for a complete replacement due to significant age-related deterioration to its concrete and steel decking. The New Hampshire Department of Transportation presentation regarding this project is available at: https://www.dot.nh.gov/sites/g/files/ehbemt811/files/inline-documents/16145-pre-04142023.pdf

The Abbott Bridge on Old Bridge Street is also in need of significant repair. This bridge is currently in the research and design phase of the NHDOT repair timeline. The tentative construction schedule is likely to be after the completed construction of the Main Street Bridge in 2026.

Two roundabout projects in Pelham have been on the New Hampshire Department of Transportation's 10-year plan for the past several years. The first roundabout project is at the intersection of Sherburne Road and Mammoth Road. It is scheduled to begin construction in 2026. The second roundabout project will be just north of the first roundabout project at the intersection of Mammoth Road and Marsh Road and is scheduled to begin construction in 2027. The roundabout projects are designed to reduce traffic congestion and accidents at their respective locations. The original NHDOT "Road Safety Audit" of these intersections is available at:

https://cms5.revize.com/revize/nrpc/Document_Center/Publications/Transportation%20Studies%20Local/2011/Pelham_RSA_MammothSherburne 11182011.pdf

Lastly, I would like to sincerely thank all the talented and hardworking administrative staff in the Selectmen's Office. Their collective knowledge and dedication to their jobs are truly a great asset to the Town.

If you should have any questions or concerns regarding Town operations, please feel free to reach out to me at 603-635-8274 or at jroark@pelhamweb.com. I am also available in person at the Selectmen's office each day from 8:00am to 4:00pm.

Thank you,

Joseph Roark, Town Administrator

TOWN CLERK/TAX COLLECTOR

2023 Annual Report

I am pleased to present the Annual Report for the Town Clerk/Tax Collector Department for 2023. It has been a very busy year in the Town Clerk's office, Motor Vehicle transactions have increased, and we had one election this year. This year the Town of Pelham purchased the Electronic Poll Pads to use at the election to check voters in. The Poll Pads were very successful, and we are looking forward to using them in all future elections.

Some of the many services we provide are:

Motor Vehicle Registrations

Boat Registrations

Elections: Voter Registration, address changes, party changes, absentee ballots.

Prepare Town and State Elections

Vital Records: Certified Birth, Marriage, and Death Certificates

Marriage License Dog Licenses Notary Public

I would like to express my appreciation to Kelly, Regina, Laura, and Jennifer for their continued dedication and outstanding quality service to our residents. Their knowledge, professionalism, accuracy, and efficiency make our office run smoothly. I am very proud to have them as my co-workers as it is a team effort.

Finally, I would like to thank the Board of Selectmen, the Town Administrator, and the many dedicated Town employees for their continued support. Most importantly, I would like to thank the residents of the Town of Pelham for giving me the opportunity to serve you as your Town Clerk/Tax Collector.

Respectfully submitted,

Linda Y Newcomb
Town Clerk/Tax Collector

TOWN WARRANT ARTICLES CONTINUED

Article 14

Shall the Town of Pelham vote to adopt the provisions of RSA 72:81 and enable the Town to grant tax exemptions for new construction performed on commercial or industrial uses. The intent of the exemption authority is to provide incentives to businesses to build, rebuild, modernize, or enlarge within the municipality. The exemption shall apply only for municipal and local school property taxes assessed by the municipality. The exemption will not apply to the entirety of the property value, but only to any increase in assessment which results from the new construction. The period of time for which the property is eligible for exemption is ten years.

The percentage of authorized exemption is as follows:

Year 1 to Year 5, 50% of the increased assessment value as described above; Year 6, 40% of the increased assessment value as described above:

Year 7, 30% of the increased assessment value as described above:

Year 8, 20% of the increased assessment value as described above:

Year 9 and Year 10, 10% of the increased assessment value as described

For purposes of this exemption, the term "new construction" shall mean new structures, or additions, renovations, or improvements to existing structures.

For purposes of this exemption, the term 'commercial" shall include retail, wholesale, service and similar uses and the term "industrial" shall mean manufacturing and heavy manufacturing, consumable manufactured goods, lumberyard, timber activities, recycling facility (household wastes), veterinary and large veterinary hospital, and ware-

If adopted, this Warrant Article will become effective April 1, 2023 and will remain in effect for five (5) years. (Recommended by the Selectmen by a vote of 3 to 2)

2023 Town Meeting Recount Article #16RECOUNT ON TOWN WARRANT ARTICLE #16

On March 21, 2023 @ 4:00 pm a petition for Recount of Town Warrant Article #16 signed by nineteen (19) registered voters was received. The recount took place on Friday March 31,2023 at 8:30 AM in the Sherburne Hall. The Moderator, James Hogan, designated and swore in the following to recount the ballots: Jen Bisson, Nina Bisson, Melissa Binette, Susan Landry, Laura Wood, Dorothy Marsden, Tanya Kosik, Karen Masors, Kim Webster, Lisa Sparkman, Deb Elwell, Pauline Kopacz, Priscilla Church, Dorothy Hill, James Sordillo, Kathy Carr, Ann Wagner, Julie Gordon, Sandy Peters, Susan Snide. Assisting the moderator were Town Clerk, Linda Newcomb; Deputy Town Clerk, Kelly Salois, and prior Town Moderator Philip Currier.

After Tallying was completed by the Town Clerk and Deputy Town Clerk, the Moderator announced the following results:

Yes: 498 No: 936

Ballots were turned over to the Town Clerk for preservation at 11:00 AM

Respectfully Submitted, Linda Y Newcomb, Town Clerk

Town of Pelham

The State of New Hampshire

2023 Town Deliberative Session Minutes

The meeting began at approximately 7:05 pm and Mr. Hogan addressed the group as follows: Inhabitants of Pelham, Hillsborough county in New Hampshire, all qualified to vote in town affairs. He notified of the annual town meeting, the first session, the deliberative session being Tuesday, February 7, 2023 at 7 pm. This session will consist of the explanation and discussion of warrant Articles #2 through #16.

Warrant articles may be amended subject to the following limitations; warrant articles, the wording of which is prescribed by law, shall not be amended and warrant articles that are amended shall be placed on the official ballot for a final vote on the main motion as amended.

The second session of the annual town meeting, the ballot voting will meet again at Pelham High School, 85 Marsh Road, Pelham NH on March 14, 2023 from 7 am to 8 pm to vote by official ballot, to choose town officials for the ensuing year and to vote on warrant articles #1 through 16.

Mr. Scanzani led the group in the Pledge of Allegiance.

Mr. Hogan introduced the following: Mr. Roark - Town Administrator, Mr. Cote, Mr. Croteau, Ms. Takesian Mr. Bergeron - Vice Chair of the Selectmen, Ms. Corbett - Chair of the Selectmen. Ms. Newcomb - Town Clerk/Tax Collector, Ms. Bressette - Chair of the Budget Committee, Mr. Haberlen - Vice Chair of the Budget Committee, Mr. Ratigan - Town Attorney and Ms. Penny - Town Finance Director.

Mr. Hogan asked all non-registered voters to sit in the front row.

Mr. Hogan said the town reports should be available on or about March 1st,

Mr. Hogan said each speaker will have three minutes to speak and to introduce themselves (name and address) and if everyone has spoken and someone wishes to speak a second time they can.

Mr. Hogan said amendments are in order, but there will be no final vote on the articles tonight. Voting on the articles will be on March 14th at the High School.

Mr. Hogan said non-resident department heads can speak if needed.

Mr. Hogan said all warrant articles can be amended, but the subject matter of the articles may not be eliminated. And all the warrant articles will appear on the ballot as amended.

Mr. Hogan said Article #1 is the Election of Officers, which we do not take up for discussion.

Articles 2, 3 and 4 relate to Zoning matters, which are not in the purview of debate tonight.

Article 1

To see what action the Town will take in the election of the following Officers: One (1) Selectman for a the term of one (1) year; Two (2) Selectmen for a term of three (3) years; Three (3) Budget Committee members for a term of three (3) years; Two (2) Cemetery Trustees for a term of three (3) years; Two (2) Library Trustees for a term of three (3) years; Two (2) Planning Board members for a term of three (3) years; One (1) Supervisor of the Checklist for a term of one (1) year; One (1) Trustee of the Trust Funds for a term of three (3) years.

Article 2

Are you in favor of Amendment No. 1 as proposed by the Planning Board for the Town of Pelham to amend Pelham Zoning Article VII Section 307-41 Special Provisions to increase residential and commercial septic leach field setbacks from wetland areas from 25 feet to 50 feet from poorly drained soils and from 50 feet to 75 feet from very poorly drained soils. These changes are consistent with the State of New Hampshire Code of Administrative Rules (Env-Wq 1008.04). (Recommended by the Planning Board Unanimously)

Article 3

Are you in favor of Amendment No. 2 as proposed by the Planning Board for the Town of Pelham to add a new article to Pelham's Zoning Ordinance Article TBD Solar Ordinance to permit the regulation of solar energy systems and to support solar energy system usage. This ordinance will allow residential roof top solar installations less than 15KW to be permitted by right in all zoning districts and ground mounted solar systems that are 15KW or less, and 1000 square feet or less will not require Planning Board approval. Any commercial solar energy systems would require application to the Planning Board for Site Plan Review as well as a Conditional Use Permit. All solar energy systems shall obtain building and electrical permits prior to installation. (Recommended by the Planning Board Unanimously)

Article 4

Are you in favor of Amendment No. 3 as proposed by the Planning Board for the Town of Pelham to add a new article to Pelham's Zoning Ordinance Article TBD Natural Resources Management Ordinance to promote and ensure the orderly development of land within the Town of Pelham to

promote public health, safety, and welfare of its residents and to ensure for the future population of the Town that essential municipal services, transportation/roads, and clean water are available and will have sufficient capacity and quality to accommodate new and future development. (Recommended by the Planning Board Unanimously)

Article 5

Shall the Town vote to approve cost items included in the five (5) year Collective Bargaining Agreement ratified by the Board of Selectmen and the Pelham Police, Local 3657 of the American Federation of State, County and Municipal Employees which calls for the following increases in salaries and benefits and to further raise and appropriate the sum of \$114,110 to fund for the current fiscal, the first year of this agreement, such sum representing the additional costs attributable to the increase in salaries and benefits required by the new agreement over those that would be paid at current staffing levels? (Majority Vote Required) (Recommended by the Selectmen by a vote of 5 to 0) (Recommended by the Budget Committee by a vote of 9 to 0)

| Year | Cost | Accumulated Cost |

| 2027* | \$145,585 | \$631,311 |

^{*}Including 3 months of 2028

Mr. David DeRoche of Tallant Road came forward and said he was the Chapter Chair for the Pelham Police Department. He wanted to speak on behalf of support for the contract. He's been with the Pelham Police Department for 16 years and 18 years full-time of service in the State of NH. He said their contract was to maintain and retain our Pelham Police Officers and there are a high number of veteran officers. He said losing any of these officers would be tragic. Secondly, policing over the last few years has changed and every town is hiring now. He said having a competitive contract is amazing and if we don't, we will lose officers. Trying to hire and retain

officers is of utmost importance to this town. This contract was designed for that and a lot of hard work was put into that.

Chief Anne Perriello of the Pelham Police Department came forward and said she is asking for support for this article. This is for the importance of retention and service, specifically this is for the quality of candidates because we will never lower our hiring standards. This takes a while to find these candidates. She said time on the job extends with specialized training. This allows us to investigate tough cases that arise. She said supporting this contract allows us to remain competitive with other surrounding communities and allows us to maintain our staff. We are very happy to have just sworn in two new officers. She said we are losing people to the private sector and to other agencies that are offering huge incentives. This contract will help keep these candidates here and she would like support on this article.

Mr. Ed Gleason, 12 Basswood Road, came forward. He said he's been a Pelham resident since 1969 and was on the Board of Selectmen. He said he's watched our Police Department make progress over the years and has made an amazing transformation. He said our department is nationally certified and it's our responsibility to support them going forward to continue to have one of the best departments in the area.

Mr. Bill Scanzani, Victoria Circle came forward. He thanked the Selectmen and the Police Union that negotiated this contract. This is a five-year deal that allows us to know that the costs are long-term. He said that is a terrific benefit to the voters of this town.

Mr. Ed Martony, Longview Circle came forward. He supports this article and commended Chief Perriello for securing this year the grant to improve the radio infrastructure and that was a lot of money that will help keep the budget of the police department low this year.

A motion was made by Dave Cate and seconded to Restrict Reconsideration through Article 5

Article 6

Shall the Town vote to raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth herein totaling Twenty-One Million, One Hundred and Seventy-Eighty Thousand, Four Hundred Ninety-Five Dollars (\$21,178,495)? Should this article be defeated, the default budget

shall be Nineteen Million, Nine Hundred and Forty-Three Thousand, Eight-Hundred and Ninety-Eight Dollars (\$19,943,898) which is the same as last year with certain adjustments required by previous action of the Town or by law; or the governing body may hold one special meeting in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only. (Recommended by the Selectmen by a vote of 5 to 0) (Recommended by the Budget Committee by a vote of 9 to 0)

| Treasurer | \$15,224 | \$15,224 |
| Trust Funds | \$335 | \$335 |
| | | |
| Total | \$21,239,477 | \$21,178,495 |

Ms. Bressette said this was unanimously recommended by the Budget Committee and for the debt service principal, there was a decrease of \$218,429.00 due to the final bond payment of this building this year. In 2023, there is the 2013 Conservation bond of \$60,000.00 and the Fire rescue and Ford Focus at \$69,658.00, which will be paid off in 2023 as well. \$4,500.00 off of the debt interest for those items in 2023.

The elections had a decrease due to fewer elections this year but will increase the following year because we will have more elections. For the Fire Department, there is a Deputy Chief position that went from part-time, $2/3^{rd}$ time to a full-time position, that salary was \$61,152.00 that will increase to \$93,600.00 to be full-time and the benefits are \$53,288.00. The highway maintenance increase of \$390,940.00 was due to the State bid price of salt, which was \$115,800.00 this year. There's an increase of gas and oil for a \$13,589.00 increase. Replacement of a failing culvert on Bush Hill Road will be \$128,000.00. Rentals/plows and sanders had an increase of \$61,880.00. There was \$32,000.00 taken out of the budget, due to the catch basin cleaning and highway block grant monies, as we were able to purchase our own truck to clean the culverts. That will save \$32,000.00 each year on the budgets.

Insurance had an increase of \$279,673.00. The Library was decreased by \$30,000.00, the renovations are coming along nicely there. Parks and Recreation saw an increase, due to trash removal and having to get a new trash removal contract.

The Planning Department saw a decrease of \$70,187.00 due to the Master Plan not being needed for this budget. The Police Department saw a 1.6% increase with \$60,660.00 and we didn't need

the radio infrastructure, which was estimated to be \$511,588.00. Due to funds received from the American Rescue Plan Act, we didn't have to put that money into the budget. The Selectmen took out the monies for the motorcycle and the rifles, the rifles were about 20 years old, and the bike was from 2009. There were leftover funds in the 2022 budget that were able to be used. Retirement saw a decrease of \$19,079.00 due to the NHRS rate change for July 2023 to June 2025. These rates are calculated every two years to reflect the cost of benefits as they accrue, as well as pay down the existing unfunded liabilities. From 1967 to 2010, the state would pick up 5% of the employer's contributions, but since then, from 2012 to 2022 the state pushed that down to the local level. That 35% had to be made up by the local level to us from municipalities. Last year. the legislature put 7.5% to the NH retirement, which allowed for Pelham to receive \$95,833.00 in tax relief, but there is no guarantee the legislature will do that this year. There were no major changes to the Selectmen budget, other than the increase mainly due to salaries and the costs of mailings and the voter guides. The Senior Center increase is due to salary increases. The Technology overall increase was \$76,605.00. There is an increase of \$64,000.00 mainly for the replacement of an aging phone system. This is for the entire Town's communications and this is to have IT backup as well, for a second tier. Town buildings had a 25% increase for electricity, which was \$71,262.00. Heat/oil/natural gas and propane increases were \$62,305.00. expenses line items increased by \$55,573.00 for landscaping, irrigation, water lines and slate roof repair at the historical society. Town clerk increases were due to salaries. Prices increased at the Transfer Station due to the price of recycling and trash disposal by \$184,167.00. There was also \$83,000.00 for the replacement purchase of a new mixed solid waste compactor (which replaced one that was twenty years old).

Mr. Bill Scanzani, Victoria Circle, came forward and said that most voters don't realize that it takes over 2 million dollars to increase the tax rate by \$1.00. He said Ms. Bressette did a great job explaining the budget. He said both the Selectmen and the Budget Committee worked to hold the costs down on a lot of things. He said we are in the second year of paying the principal and interest on the High school addition and this year our taxes went up because we paid the first year for the Memorial School Building. He said Pelham used to be in the lower third in the tax rate in the State and we are still in the bottom half. Most of our infrastructure has been done for the schools and the big things are done. He said the tax rate may have peaked and it may slowly go down as these bonds are paid off and maintenance money is used when needed. He said Pelham is in good shape and he congratulates our officials for doing a good job.

A motion was made by Dave Cate and seconded to Restrict Reconsideration on Article 6.

Article 7

Shall the Town vote to raise and appropriate the sum of Three Hundred Forty-Three Thousand, Six Hundred Seventy-One Dollars (\$343,671) for repair, maintenance, purchase of equipment and upgrading of Town roads, to be offset by the State Highway Grant? This will be a non-lapsing account per RSA 32:7, IV. No money to be raised by taxation. (Recommended by the Selectmen by a vote of 4 to 0) (Recommended by the Budget Committee by a vote of 9 to 0)

Article 8

Shall the Town vote to establish, as Town Forests, pursuant to RSA 31:110-113, the following parcels: tax map 31 lots 11-32, 11-34, and 11-35 (formerly owned by Kleczkowski) and add them to the abutting Blueberry Circle Town Forest? The enlarged Town Forest will total approximately 57 acres. No tax impact. (Majority Vote Required) (Recommended by Forestry Committee) (Recommended by the Selectmen by a vote of 4 to 1)

Article 9

Shall the Town of Pelham vote to modify the current solar energy exemption pursuant to RSA 72:62 up to 100% of the assessed value of the qualifying equipment as defined in RSA 72:61?

72:61 Definition of Solar Energy Systems. – I. For purposes of an exemption under RSA 72:62 adopted before January 1, 2020, in this subdivision "solar energy system" means a system which utilizes solar energy to heat or cool the interior of a building or to heat water for use in a building and which includes one or more collectors and a storage container. "Solar energy system" also means a system which provides electricity for a building using photovoltaic panels. (Recommended by the Selectmen by a vote of 3 to 2)

Mr. Ed Martony of Longview Circle came forward and said when people buy solar, what they are doing is buying the energy they were going to use over the next fifteen years. He doesn't see how the town can charge for electricity in his panels. He looked up and found that a 20 American-made panel system is \$350.00 per panel. He isn't sure how the town arrived at \$1500.00 per panel, but that seems out of touch. He would like to propose an amendment to put a cap on the maximum amount of the assessment to \$10,000.00. Mr. Hogan asked Mr. Martony how he would like it reworded.

Mr. Hogan asked if he wanted it to add, 'total assessment not to exceed \$10,000.00' at the end of the first section? Mr. Martony said correct.

Mr. Hogan asked if there was a second to the amendment? There were a number of hands raised.

Ms. Susan Snide, the Assessing Assistant came forward. She said she proposed the 100% exemption for the solar energy systems. She said we can't limit the assessment to \$10,000.00 because we can't change the state statute. She said the state board of tax and land appeals has directed us to start assessing solar systems. We valued them at \$1500.00 per panel. She said if you have a \$60,000.00 system, your assessment will go up \$60,000.00. We currently have a \$10,000.00 exemption that people can apply for. She said her attempt was to try and prevent people from getting the increase in assessment on their homes.

Mr. Paul Gagnon from Dutton Road came forward and said he doesn't think the amendment matters. He said the assessment doesn't really matter, the assessment will be waived, and you won't be taxed on the panels. He said the idea is to be able to add a solar array and not pay a price to the town. The federal government gives a rebate on solar arrays, so they are giving an incentive to add them. The state gives a \$1000.00 refund as an incentive. He said it would be inconsistent for the town to assess the array and then tax you on that, as a penalty. He said he is in support of the article and doesn't think the amendment has any impact. If the article passes, regardless of how much they are assessed at, it will be offset by a deduction of the same amount, and you won't pay any extra taxes.

Mr. Cote said that is correct.

Ms. Lori Safford and Ben Safford of Old Gage Hill Road came forward and she said she has no issue with not assessing the solar panels. She said there were over 60 homes in Pelham with solar now (Ms. Snide confirmed that). She said she has an issue with people that can afford to put solar panels on their homes when the town of Pelham and the Board of Selectmen have not been helpful with us with a disability exemption on our home. She said she never got any rebates when she had to build a handicapped-accessible home.

Mr. Johnathan Ingram of 12 Benoit Avenue came forward. He said in 2017 he put solar panels on his roof, and he has a \$14,000.00 system. He said he doesn't have a \$60,000.00 system and he said his concern if this article fails, is his taxes will go up 20% of the power he generates every year. He said the goal is to vote yes and to have an exemption to increase solar in town. He said

the concern with the amendment and people voting no, and it failing; is that it will raise his tax rate unfairly when he made an investment that benefits the community. He is asking everyone to vote yes.

Mr. Garrett Abare from the Budget Committee came forward. He said this is super confusing and yes means the town is providing an exemption for the taxes. It doesn't mean they aren't assessing them; it means it will offset them. He said a yes vote is providing an exemption for people that have solar panels on their roofs. The board said that was correct. Mr. Abare said people putting panels on their roofs are helping with the electricity problem in the State of NH. He said he has solar panels on his house. He said he doesn't think it's fair for the state to say they want people to put panels on their houses and then tax people on them. He said that is what's not fair and he asked people to say yes to this article.

Ms. Valeria Mainzer from Longview Circle came forward. She said her first question was that if her system is assessed at \$10,000.00, will her taxes go up? Her second question was if the town votes 'no', and she also said the way this was written, it is very confusing. She asked if the assessor will go around and check to see if people are putting in extra gas tanks and would they be taxed on those? She objects to the \$1500.00 per panel, especially considering some of her panels are old. She said her fear is if this is voted down and she is taxed much higher. She also asked if the cap of \$10,000.00 as an exemption means she will be taxed above that?

Mr. Nathan Sprague of Skyview Drive came forward. He said assessing on the number of panels is ridiculous because panels are all different shapes and sizes. He said by counting just the number is not really assessing the value. He said they should be assessed based on the efficiency and age of the panel system. He said if the system is old (15-20 years into it) the panels are valueless. He said older panels are actually a liability and need to be removed. He said they need also to find out how the panels are purchased, whether they are leased or owned panels. Leased panels are a liability on a house. He said in the State of NH, these panels are not generating money for himself, the only value these panels have is to offset an existing electric bill. He said the most he could ever make off his panels is the amount of electricity he uses. The State of NH isn't required to buy the power back from you at all. He said a standard system now runs about \$30,000 to \$40,000. He said when you add taxes on them, it gets to be not worthwhile.

Ms. Susan Snide, the Assessing Assistant came forward. She said the current exemption is for \$10,000.00 off your assessment for solar panels. She said in the past, they've increased the

assessments by \$10,000.00 and then gave an exemption for the \$10,000.00, so it was a wash. The idea with this proposal, regardless of the value is, they will exempt them 100% if a person comes in and applies for the exemption and it is not automatic. The property owner has to come in and fill out a form to justify the exemption. This can be applied for in the Assessor's Office.

Mr. Paul Grant of 21 Blue Jay Lane came forward. He said the warrant article's wording is very confusing and some people may vote in error. He proposed an amendment and will present that to the board later tonight.

Ms. Heather Corbett said after the deliberative session, when all of the changes are made, the voter's guide will be mailed to every Pelham resident. She said this contains the actual language, prescribed by the DRA, goes through legal and there is wording that has to be followed that will explain every warrant article in common language. It will explain what a yes and a no vote means and will show how each board voted on them. She said there will be people at the polls that will help answer any questions from the voters. Ms. Corbett said that is why the guide is published after these discussions. Mr. Cote asked what his amendment was? Mr. Grant would like to reword it. Mr. Hogan said there is one amendment on the floor now to add 'to add the total assessment not to exceed \$10,000.00'. Mr. Hogan said that can be voted on. He asked Mr. Grant to write his amendment up so that it can be proposed.

Nick from Collins Way came forward. He said he is getting solar panels put on his house now and it's about \$80,000.00. He asked if he fills out paperwork then he won't get the assessment? The board said yes.

Mr. Scanzani of Victoria Circle came forward. He said a lot of things are dictated by state statutes and many people don't understand them. He said the wording is dictated by state statutes. He said if someone puts panels on their house, then the amount they get assessed, if they fill out the exemption form, then you won't pay anything more. He said the people will still get their electric bill reduced from the panels, but they won't get assessed if they fill the exemption out. He said right now the amount is limited to \$10,000.00, the state is now saying, we can exempt all of it. If we vote yes for this article, you can have the full exemption of what the value is that you put in. He recommends we go back to the original article and we vote for that.

Ms. Bressette of 45 Longview Circle came forward and said the intent of this article, back in 1982 was to exempt wind, solar, and wood energy. It was intended to be tax neutral (neither increasing

nor decreasing) the taxes. This article is in favor of that by keeping it tax neutral. If this fails, it will go against what was intended. She said the \$10,000.00 was adopted in 1982 and that hasn't been revised since then. If this should fail, it would be based on something from 1982 for only \$10,000.00. If it fails, the exemption should at least be changed to a number that reflects the inflation, which is more along \$30-\$40,000.00 in today's money. She said she also has solar panels and is in support of this article as is. She said at the time people were putting on their solar panels, they were not making those decisions because it was intended to be tax neutral.

Mr. Hogan said we will vote on adding the language as proposed under the amendment, which would be 'total assessment not to exceed \$10,000.00' to be added after the wording, 'building using photovoltaic panels.' Mr. Hogan asked who was in favor of and who was opposed to amending this article as stated. Mr. Hogan said the proposed amendment failed. Mr. Hogan asked if there was another proposed amendment?

Mr. Paul Grant wants to propose a change to the explanation listed in the warrant article to clarify it. He said following the wording of the article 'a yes vote allows a full exemption for the value of the panels, a no vote leaves the exemptions at \$10,000.00'.

Mr. Hogan said there was a second as a point of order. Mr. Hogan opened it up for discussion.

Mr. Scanzani of Victoria Circle said a point of order was in line first because there is no change to the warrant article. All he asked for was a change to the explanation, which is under the jurisdiction of the Board of Selectmen and the voter's guide. We don't need to discuss this and thought he did a good job of where he wanted to put the explanation and we should leave it there and vote on the original amendment.

Ms. Corbett said she would be more than happy to include that language in the voter's guide.

Attorney Ratigan agreed that it is not an amendment to the warrant article, that it is an amendment to the Selectmen's voter information sheet. He said there needs to be no vote on that.

Mr. Hogan said that language can be included in the voter's guide according to the chair and it's not amending the article.

Mr. Scanzani made a motion, which was seconded, to Restrict Reconsideration up and through Article 9.

Article 10

Shall the Town vote pursuant to RSA 72:39-a and 72:39-b to modify the current Elderly Exemption and Income limits from property tax in the Town of Pelham for qualified taxpayers as follows:

For persons aged 65 to include 74 years of age: \$114,000

For persons 75 to including 79 years of age: \$ 164,000

For persons 80 years and above: \$ 212,000

In addition, a qualified taxpayer must have an annual net income of not more than \$48,000 if single and not more than a combined net income of \$58,000 if married and own assets (excluding the value of the person's residence) not more than \$250,000. (Recommended by the Selectmen by a vote of 5 to 0)

Article 11

Shall the Town of Pelham vote to modify the current blind exemption per RSA 72:37 from \$15,000 to \$57,800? (Recommended by the Selectmen by a vote of 5 to 0)

Mr. Hogan asked if anyone wished to speak on this article.

Ms. Lori and Ben Safford of 49 Old Gage Hill Road came forward. She said she is grateful the town is increasing the elderly and blind exemptions and thinks that is the right thing to do. She said the town is quadrupling the blind exemption and she has received a small functional obsolesce since 2006, but it hasn't been quadrupled. She asked the town to consider her family with disabilities in this town.

A motion was made by Mr. Ed Gleason to Restrict Reconsideration on Articles 7, 8, 10 and 11.

Article 12

Shall the Town of Pelham re-adopt the Optional Veterans' Tax Credit of \$500 pursuant to RSA 72:28, Il to include individuals who have not yet been discharged from service in the armed forces? (Recommended by Selectmen by a vote of 5 to 0)

Ms. Bressette asked if the town knew how many service members this may affect that live in town?

Ms. Susan Snide, the Assessing Assistant, said she contacted the Veteran Services in Concord and said there was no way to know how many active-duty members we have in town. She said there are approximately 1200 in the State.

Ms. Corbett asked Ms. Snide if this Article and Article 13 are existing tax benefits and are we just looking to keep them at their current rate and if we vote No on them this year, then do they go back to their previous rate, which was \$50.00? Ms. Susan Snide said correct and if we don't vote for the All Veterans' Credit, then they lose their credit altogether and there will be nothing.

Article 13

Shall the Town of Pelham re-adopt the All Veterans' Tax Credit of \$500 pursuant to RSA 72:28-b to include individuals who have not yet been discharged from service in the armed forces? (Recommended by the Selectmen by a vote of 4 to 1)

A motion was made by Mr. Scanzani and seconded by Mr. Gleason to Restrict Reconsideration on Articles 12 and 13.

Article 14

Shall the Town of Pelham vote to adopt the provisions of RSA 72:81 and enable the Town to grant tax exemptions for new construction performed on commercial or industrial uses. The intent of the exemption authority is to provide incentives to businesses to build, rebuild, modernize, or enlarge within the municipality. The exemption shall apply only for municipal and local school property taxes assessed by the municipality. The exemption will not apply to the entirety of the property value, but only to any increase in assessment which results from the new construction. The period of time for which the property is eligible for exemption is ten years.

The percentage of authorized exemption is as follows:

Year 1 to Year 5, 50% of the increased assessment value as described above;

Year 6, 40% of the increased assessment value as described above;

Year 7, 30% of the increased assessment value as described above;

Year 8, 20% of the increased assessment value as described above;

Year 9 and Year 10, 10% of the increased assessment value as described above:

For purposes of this exemption, the term "new construction" shall mean new structures, or additions, renovations, or improvements to existing structures.

For purposes of this exemption, the term "commercial" shall include retail, wholesale, service and similar uses and the term "industrial" shall mean manufacturing and heavy manufacturing, consumable manufactured goods, lumberyard, timber activities, recycling facility (household wastes), veterinary and large veterinary hospital, and warehouse.

If adopted, this Warrant Article will become effective April 1, 2023 and will remain in effect for five (5) years. (Recommended by the Selectmen by a vote of 3 to 2)

Mr. Scanzani of Victoria Circle came forward and said this is called incentive zoning. He said this allows businesses to add on and improve them, receive a small reduction on the taxes and the town still receives additional tax revenue which increases and it goes down every year. He said the Planning Board had looked at the businesses along Rt. 38 and other areas and looked to see where the business district revenue can be increased and in the end, lower the property tax that homeowners are paying and this incentive zoning is a way to do that.

Mr. Hal Lynde of Jeremy Hill Road came forward. He said he is opposed to this article and sees no benefits to the town. He said this doesn't do anything and if a business needs to add on, then they will do that. He said it won't entice anyone to come in. He said he did an analysis years ago on how the taxes are affected by the percentages of businesses in town. He said as the amount of businesses in town increase, so does the tax rate. He showed a graph of his old data. He said there is no benefit to saying we are going to cut your taxes and you are giving away town money because you think this will do something for you and you're not going to get it.

Mr. Paul Gagnon of Dutton Road came forward. He supports what Mr. Lynde said and if by bringing businesses in will lower our tax rate then Salem's tax rate would be lower than ours and so would Hudson's. He said there are a lot of businesses in Salem and Hudson and their tax rates are not lower than ours. He said we won't attract enough businesses on Rt. 38 to affect our tax rate. He said people live here because it's a rural, quiet town and it's not Rt. 28 in Salem. He supports the town we have and if we want to look at towns, we should look at Hollis and not Salem or Hudson.

Ms. Debbie Kruzel of 76 Beacon Hill Road came forward. She said she is in favor of Article 14 and thinks that bringing in some new businesses and having new life along Rt. 38 would be great for our town.

Mr. Jorge Dreusicke of Chagnon Lane came forward. He said he's in favor of Article 14 because if this passes, the town won't lose any tax revenue and the first year we will get 50% of their additions and it will go down over the 5 years. This is a win-win situation and a tax break to get businesses into Pelham and start paying taxes that he doesn't want to pay.

Mr. Jaie Bergeron said he worked on this with Mr. Roark and Representative Abare and the main reason for this was because people are complaining the tax rates are going up. He said they went to other towns to see what they'd done. Those towns said this is one of the easiest things to try to see if it helps to bring businesses to the town where it won't have a massive tax impact. He said he hears people talk about wanting certain businesses in town and he is listening and trying to do this. He said if it doesn't work out, it's only here for five years and we can control the future of this plan if it passes. He hopes it will be supported.

A motion was made by Mr. Scanzani and seconded by Mr. Gleason to Restrict Reconsideration for Article 14.

Article 15

Shall the Town vote to expand the current established Water Utility District from those properties that are adjacent to and within five hundred feet (500') of the following two water main line extensions: 1) an extension of the existing Marsh Road water line beyond Pelham High School along Marsh Road to the Intersection of Mammoth Road; and 2) an extension of the existing Pennichuckwater line beginning at the Nashua Road/Main Street intersection, traveling East along Main Street to the intersection of Bridge Street, and then extending down Bridge Street to the Dracut town line to the entire Town of Pelham, New Hampshire per NH RSA 31:134-149; and further, to authorize the Board of Selectmen to appoint up to two (2) alternate members for a term of two (2) years to the five (5) member Water Commission? (Recommended by the Selectmen by a vote of 5 to 0)

Mr. Ed Martony of Longview Circle came forward. He asked what is the cost of doing this? He said it costs money and said the fire department has to do things.

Ms. Corbett said the water commission was initially formed in 2019 and this was put together via a warrant article. She said the initial purpose of the commission was to look into MBTE issues in the two areas mentioned in the Article. This is proposing their jurisdiction be expanded, so they can address water issues throughout the town as they arise. Our water issues have become more present, not only in the MBTE issues on Bridge Street into Dracut. There are issues on Sherburne Road and wells running dry. The scope of what the water commission needs to cover is beyond what was set forth in 2019. She said because this commission was formed via town warrant in 2019, the only way this can be expanded is to again go to the voters to get permission.

Ms. Kimberly Abare, 39 Parkside Drive came forward. She is in support of Article 15 and thanked Ms. Corbett for explaining what this does. She said currently she is the chair of the water commission and she is getting calls from Pelham residents, where we don't really have jurisdiction to help those residents. An example of that is Wellesley Drive, Ratcliff Drive, Sherburne Road, Slavin, Spaulding Hill, Marie, Nicholas, and Applewood. This will allow the water commission to expand to town limits and help the town residents.

Ms. Corbett said the water commission acts as an advisory board and they do a lot of fact-finding and bring those solutions and suggestions back to the board. Before any money can be expended, it would have to come before the voters.

Mr. Scanzani of Victoria Circle came forward and said the original water commission when it was formed by the Selectmen was for the MBTE issue along Route 38, Jericho Road, and that area. He said we applied to the state because Pelham was where the MBTE issue started. The state turned us down even though we had an engineer do the request for the grant money. At that time, Mr. McCarthy changed the focus from the MBTE issue to dioxin 42. He said another engineering company did the paperwork to ask the state for money, and again Pelham was told we didn't qualify. He said the state has money for these issues and the way the money has been spent was the bring a water line from Manchester to Salem and to put town water and sewerage in North Conway and Berlin NH. He said Pelham gets nothing. One thing on the water commission that we don't know today but are concerned about is PFOA's in the water supply. He said we know there are places where wells have been identified with totals that are dangerous for drinking the water. He said Pelham doesn't have a water issue; we have a distribution problem. He said underneath Pelham, there is the largest aquifer in the southern part of the State of NH. We have water in the aquifer and protecting it is important, but also being able to distribute it to those who need it is something we need to look at. He hopes this Article will be supported so that we can

support the whole town and try and identify areas and solve areas long term that have a distribution problem of clean water and do not have enough water to sustain the household.

Petition Article 16

Shall the Town vote to adopt the following provision pertaining to elections:

Any and all town or school board regular or special election voting shall be by paper ballot only and all ballots shall be hand counted. The use of any and all electronic ballot counting devices shall immediately cease and are prohibited for all voting purposes. This removes any and perceived or actual authority under RSA 656:40 for selectmen or any other governing body of the Town of Pelham, NH to approve on a trial or permanent basis the leasing, use or experimentation of any electronic ballot counting devices. (Not recommended by Selectmen)

Representative Sandra Panek of 25 Misty Lane came forward. She said she submitted some election law bills that won't go through. She said one was denied today, which was the proposal to have a counterfeit-proof ballot. She said she wrote to our Secretary of State two years ago and she asked him about the Accu-vote machines and how Dominion bought EFF. She said he responded that the Accu-vote used in NH has a removable memory card that is programmed prior to each election. He said access to the card is not controlled and can be tampered with. She said there was a documentary showing how the Accu-vote memory card can be hacked. She said they worked with Harry Hurstie, and he did an audit in Windham. She said he also did an audit in Wisconsin, and she said he is in support of doing a hand count ballot. He founded Nordic Innovation Labs to advise governments on elections. He says optical scan machines (which is what we use) can be hacked in a manner that changes election results. This can go undetected during elections. He says the only way to detect hacking is to recount with paper ballots by hand and compare the results to the electronic tallies. She says computers have become part of our infrastructure and that is why the Selectmen are resisting this. She said we are now going with Dominion e-Poll books and eventually will upgrade our voting machines. She said Dominion machines were used to overthrow the Venezuelan government. She said we are on a decline right now.

Mr. Ed Gleason of 12 Basswood Road came forward. He said he has served the town at the voting polls for the last 10-15 years and the integrity of the voting in Pelham is exceptional. We have seen the machines and they are accurate all of the time. People work at night to hand count

the write-ins and are very diligent in applying themselves as volunteers. He is concerned about the integrity getting jeopardized with hand counting ballots because thinking about 15-20 people counting at 3:00 in the morning trying to count ballots. He said they are all counted and are proper. He said he was approached by some people at the last election, that didn't believe the machines and wanted their ballot hand counted. He said this become a problem for the poll workers and he thinks our voting is very adequate and he is strongly opposed to going to hand counting voting in the future. He said our officials in Pelham and our Town Clerk and Moderators are on top of everything. He said the state has come in and monitored us and there have never been any questions raised to his knowledge. He said this is superfluous and unnecessary.

Ms. Debbie Kruzel of Beacon Hill Road came forward. She said she was a poll watcher in 2020 during the September and November elections and she felt the election officials ran the day properly. She was proud that we had a 'hand count' ballot slot and she appreciates our service to the town. She said our election laws are supposed to keep election materials 22 months after an election. She asked about the memory card and said she found we don't keep the memory card or a copy of the data on the card. She said that piece is given to the Secretary of State and perhaps is given back to LHS, and she didn't know where it went to. After the 2020 elections, she said Windham performed an audit and there was a video of the auditor deleting the information on the memory card. She asked if that was what LHS does. She asked where are we holding our election results for those 22 months. She said it's not in Pelham and we can't go back. She thinks it would be worth our extra time to hand count each ballot. She said over 70 people signed this petition.

Mr. Doug Hirsh of Mammoth Road came forward. He is concerned about the election because he had someone that was living there vote from his address and she didn't vote in the 2020 election. He said there are 15,000 affidavits in NH from a canvasing in some towns and 9000 are out of state with a change of address, he said that accounts for 1.8% of the total state votes. He said LHS was founded in 1972, they supply the voting machines to this state. They were registered in 1989 as a foreign-profit corporation in Salem, NH. He said some of those people were convicted of drug and felony charges. He said he is all for hand counting and said there would be a lot of volunteers to help out. He said a great idea would be to have the students count the ballots. He said no one has faith in these machines.

Mr. Jaie Bergeron said there is a slot on the side of the box where you can put a ballot to be hand counted in. He said to take the right of people that want to use the machine away isn't fair. He said we are giving both options here.

Mr. Hal Lynde came forward. He said when he came to Pelham, he helped to hand count ballots and he was falling asleep during it. He said he watches the process every year and sees the diligence of the Clerks that run the election. He said they make sure everything is correct and we have people that have been doing this for 20-30 years and they take pride and are very honest. He supports the way it is being done now.

Mr. Nate Sprague, Sky View Drive came forward. He said to think that hand counting isn't prone to the same shenanigans that a machine would be is preposterous. He said a machine would be more reliable than hand counting. He doesn't know the rules, but a hand count can be requested if an election is close. He said hand counting is a waste of time and the machines should be maintained.

Ms. Bressette said there already is a failsafe in which you can ask for a recount on a certain article. We had done this a few years ago and it took many volunteers and several hours to recount thousands of ballots. It is already in place to ask for that within a certain amount of time of the election.

Mr. Hogan asked if anyone wanted to speak for a '2nd Time' on Article 16.

Representative Sandra Panek came forward for a second time. She said on 10/8/2020 Dominion was purchased by China for 400 million dollars. She said in 2006 Dibold rebranded their election services as Premier Election Solutions. They were purchased in 2009 by Election System and Software. They were sold to Dominion in 2012. Dominion was acquired by Staple Street Capital in 2009. UBS Securities NY is a subsidiary of UBS in Georgia. Another subsidiary of UBS in Georgia is UBS Companies Unlimited, which is in China. USB subsidiaries are connected with the CCP. She said they are tied to the communist military. She said some of the board members in NY are Chinese. She said this should cause everyone concern. She said the plants that produce these machines and e-Poll books are made in China and the Philippines. She said we should have never moved to e-Poll books. She said the e-Poll pads are Dominion machines. She asked if anyone knew New York found over 1 million phantom registrants with fake registration numbers.

Ms. Debbie Kruzel of Beacon Hill came forward for a second time. She said this is a citizen's warrant article and she had over 70 signatures on it. She said the RSA that was referenced in there and was from 1979. She said the Mayor, or Selectmen of any city or town subject to the approval of the ballot law commission may authorize the use of one or more electronic ballot counting devices for the counting of ballots on a trial basis for any regular or special election and pay the expense for such trial. The use of this device shall be valid for all purposes, any town may vote to purchase or lease electronic ballot counting devices for any election held in the town. Any Mayor so acting shall notify the Secretary of State of any action taken in regard to electronic ballot counting devices. After such action, electronic ballot counting devices shall be used in said town with authorization. If a special state election involving a State Representative district occurs in a town that has adopted the provisions of RSA 656:40, the Secretary of State may prepare and issue paper ballots which shall be used.

She said many people ask what problems are we trying to fix using paper ballots. She agrees with the fact that the human beings that work our elections do a good job. She's been voting here for over 20 years and it's always run smoothly. She has no fault at all with the people and the way the election is run. She said we don't know what happens inside the boxes. She said in the RSA, it states these machines may be used on a trial basis. She said trial means an experiment. She asked when our machines were bought and if we had any test data from them. She asked what has been validated in our town for us to continue using this device? She asked if these devices were ever accepted by the town's people for their continued use that is required by the RSA?

Ms. Nicole Gellar from Theodore Avenue came forward. She thanked all of the election workers and volunteers and she wants to speak out against this article. She said Pelham hasn't had any issues with their elections and to have people spend hours counting ballots when we have a system that works is ridiculous. She said that is being inconsiderate to the workers and volunteers that are there doing this for us. She does not think we should vote for this.

A motion was made by Mr. Scanzani and seconded by Mr. Gleason to Restrict Reconsideration through Article 16.

Mr. Hogan wanted to thank the Moderators in attendance tonight and Mr. Phil Currier for assisting with the transition of his role. He thanked Mr. Ed Gleason, Mr. Chris Picnic and Mr. Dave Cate as well which made the process go forward. He thanked everyone for setting up the Town Hall and the Town Clerk/Deputy Clerk and their staff that worked diligently, along with the staff at the Town

Hall, the Town Administrator, the Board, the Budget Committee and Town Council for making sure the meeting went smoothly. He thanked the Checklist Moderators for helping to get everyone signed in tonight and the Police Officers for being here tonight. He thanked Mr. Jim Greenwood and the Cable TV Staff (Rob Saver, Casey Mullin and Colin Dyer).

Mr. Hogan said we will recess our business tonight and we will get together again on March 14th from 7 am and 8 pm for the second session of our meeting.

The meeting was concluded at approximately 8:57 pm.

Respectfully submitted,

Linda Y Newcomb

Town Clerk

TOWN TREASURER

2023 Annual Report

The Treasurer has duties and responsibilities established by both statute and Town investment policy. Elements of this policy require the liquidity and safety of Town funds while maximizing the earnings on Town funds on deposit within the constraints of policy. Safety requires that Town funds are not at risk and liquidity means the Town has sufficient cash on hand to meet its obligations.

I share with you the following information that references part of the State RSA under which Town Treasurers operate. RSA 41:29 provides in part that: "The town treasurer shall have custody of all moneys belonging to the Town and shall pay out the same only upon orders of the Selectmen". However, many of the day-to-day financial dealings of the Town are delegated and handled by the Town Finance Department and the Town Clerk/Tax Collectors office. Nonetheless, the Town Treasurer, a part-time appointed position, has specific tasks and responsibilities not handled by either the Finance Department or the Town Clerk/Tax Collectors office. This is due to both statute and Town practice.

I am pleased to report that the Treasurer's office was able to generate more than \$650,000 of investment returns for the calendar year 2023. We will continue to monitor the federal reserves stance on rate and pursuit investment opportunities following our established three tenets of safety, liquidity, and return. Lastly, I would like to thank Tammy Penny in the Finance Office and Linda Newcomb and her team in the Town Clerk/Tax Collectors office for all their hard work in keeping the day-to-day running smoothly.

Following is a summary of the Towns cash balances as of December 31st, 2023.

Respectfully Submitted,

William T. Hayes, Jr. Treasurer Town of Pelham, NH

INDEPENDENT AUDITORS' REPORT

To the Board of Selectmen
Town of Pelham, New Hampshire

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the major fund, and the aggregate remaining fund information of the Town of Pelham, New Hampshire (the Town), as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, the major fund, and the aggregate remaining fund information of the Town of Pelham, New Hampshire, as of December 31, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Town and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial misstatements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that might raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing
 an opinion on the effectiveness of the Town's internal control. Accordingly, no such opinion
 is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis, the budgetary comparison for the General Fund, and certain pension and OPEB schedules be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of

preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated August 28, 2023 on our consideration of the Town's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town's internal control over financial reporting and compliance.

Merrimack, NH August 28, 2023

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the Town of Pelham, New Hampshire (the Town), we offer readers this narrative overview and analysis of the financial activities of the Town for the year ended December 31, 2022.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the basic financial statements. The basic financial statements are comprised of three components (1) government-wide financial statements, (2) fund financial statements, and (3) notes to basic financial statements. This report also contains required supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of our finances in a manner similar to a private-sector business.

The Statement of Net Position presents information on all assets, liabilities, and deferred outflows and inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position is improving or deteriorating.

The Statement of Activities presents information showing how the Town's net position changed during the most recent year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future periods (e.g., uncollected taxes and earned but unused vacation leave).

The governmental activities include general government, public safety, highways and streets, sanitation, health, welfare, culture and recreation, and conservation.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Fund accounting is used to ensure and demonstrate compliance with finance-related legal requirements. The Town's funds can be divided into two categories: governmental funds and fiduciary funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources

available at the end of the year. Such information may be useful in evaluating the Town's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the Town's near-term financing decisions. Reconciliations are provided to facilitate this comparison between governmental funds and governmental activities.

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the Town. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Town's programs.

Notes to Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Required Supplementary Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information, which is required to be disclosed by accounting principles generally accepted in the United States of America.

Financial Highlights

- As of the close of the current year, net position in governmental activities was \$23,575,717, a change of \$1,023,065, as further discussed in the MD&A.
- As of the close of the current year, governmental funds reported combined ending fund balances of \$12,532,743, a change of \$1,719,758 in comparison to the prior year.
- At the end of the current year, unassigned fund balance for the General Fund was \$6,395,065, a change of \$1,032,318 in comparison to the prior year.

Government-Wide Financial Analysis

The following is a summary of condensed government-wide financial data for the current and prior year.

NET POSITION

| | | Governmental <u>Activities</u> | | |
|--|----------|--------------------------------|----|-------------|
| | | 2022 | | <u>2021</u> |
| Assets | <u>,</u> | 20.040.022 | ć | 27.426.400 |
| Current and other assets Capital assets | \$ | 30,810,832 30,456,460 | ۶ | 31,033,645 |
| Total Assets | | 61,267,292 | | 58,169,843 |
| Deferred Outflows of Resources | | 4,398,476 | | 4,612,705 |
| Liabilities | | | | |
| Other liabilities | | 16,840,345 | | 14,934,444 |
| Long-term liabilities | | 24,078,603 | - | 21,454,698 |
| Total Liabilities | | 40,918,948 | | 36,389,142 |
| Deferred Inflows of Resources | | 1,171,103 | | 3,840,754 |
| Net Position | | | | |
| Net investment in capital assets | | 28,291,149 | | 28,511,887 |
| Restricted | | 2,726,086 | | 2,912,150 |
| Unrestricted | | (7,441,518) | - | (8,871,385) |
| Total Net Position | \$ | 23,575,717 | \$ | 22,552,652 |

As noted earlier, net position may serve over time as a useful indicator of the Town's financial position. At the close of the most recent year, total net position was \$23,575,717, a change of \$1,023,065 in comparison to the prior year.

The largest portion of net position \$28,291,149 reflects our investment in capital assets (e.g., land, construction in progress, buildings and improvements, vehicles, machinery, and equipment, and infrastructure), less any related debt used to acquire those assets that are still outstanding. These capital assets are used to provide services to citizens; consequently, these assets are not available for future spending. Although the investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of net position \$2,726,086, represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position reflects a deficit of \$(7,441,518), primarily resulting from the Town's unfunded net pension and OPEB liabilities.

CHANGE IN NET POSITION

| | | Governmental | | |
|--------------------------------------|----|-------------------|----|------------|
| | | <u>Activities</u> | | |
| | | 2022 | | 2021 |

| restricted to specific programs | | 1,256,523 | | 1,039,147 |
| Investment income (loss) | | (362,792) | | 232,303 |
| Miscellaneous | _ | 234,697 | | 79,934 |
| Total Revenues | | 22,378,232 | | 19,813,122 |
| Expenses | | | | |
| General government | | 9,001,741 | | 7,256,345 |
| Public safety | | 6,411,439 | | 7,178,056 |
| Highways and streets | | 3,026,105 | | 2,404,840 |
| Sanitation | | 1,029,693 | | 1,058,694 |
| Health | | 102,002 | | 109,970 |
| Welfare | | 22,755 | | 27,526 |
| Culture and recreation | | 1,664,409 | | 1,385,486 |
| Conservation | | 34,708 | | 82,471 |
| Interest on long-term debt | _ | 62,315 | | 66,175 |
| Total Expenses | _ | 21,355,167 | | 19,569,563 |
| Change in Net Position | | 1,023,065 | | 243,559 |
| Net Position - Beginning of Year | - | 22,552,652 | | 22,309,093 |
| Net Position - End of Year | \$ | 23,575,717 | \$ | 22,552,652 |

Governmental Activities

Governmental activities for the year resulted in a change in net position of \$1,023,065. Key elements of this change are as follows:

| General Fund operations | \$ | 1,370,953 |
|--|-----|-----------|
| Decrease in OPEB expense from GASB 75 | | (229,460) |
| Decrease in pension expense from GASB 68 | | (310,438) |
| Other | _ | 192,010 |
| Total | \$_ | 1,023,065 |

Financial Analysis of the Town's Funds

As noted earlier, fund accounting is used to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing financing requirements. In particular, unassigned fund balance may serve as a useful measure of the Town's net resources available for spending at the end of the year.

General Fund

The General Fund is the chief operating fund. At the end of the current year, unassigned fund balance of the General Fund was \$6,395,065, while total fund balance was \$9,342,282. Unassigned fund balance increased by \$1,032,318, primarily from favorable budgetary results of \$1,541,461, less \$200,000 that was transferred to the Compensated Absences Trust Fund for the purpose of distributing accrued time to terminating employees. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to General Fund expenditures. Refer to the table below.

| | | | | % of |
|-------------------------|-----------------|-----------------|-----------------|-------------------|
| | | | | General |
| General Fund | 12/31/22 | 12/31/21 | <u>Change</u> | Fund Expenditures |
| Unassigned fund balance | \$ 6,395,065 | \$ 5,362,747 | \$ 1,032,318 | 32.0% |
| Total fund balance | \$ 9,342,282 | \$ 7,971,329 | \$ 1,370,953 | 46.8% |

While unassigned fund balance is not a balance in a bank account, it may serve as a useful measure of the Town's net resources available for spending at year end. At year end, the Town's unassigned fund balance was 11.31% of the total tax effort, including Town \$24,181,467, School \$30,099,393, and County \$2,281,950.

The total fund balance of the General Fund changed by \$1,370,953 during the current year. Key factors in this change are as follows:

| Revenues in excess of budget | \$ | 347,202 |
|---|----|-----------|
| Expenditures less than budget | | 1,194,259 |
| Use of fund balance as a funding source | | (600,000) |
| Change in capital reserves | | 71,776 |
| Other | _ | 357,716 |
| Total | \$ | 1,370,953 |

Included in the total fund balance of the General Fund are the Town's capital reserve accounts with the following balance:

 $\frac{12/31/22}{\text{Capital reserve funds (committed)}} \hspace{0.1cm} \frac{12/31/22}{\text{5664,629}} \hspace{0.1cm} \frac{\text{Change}}{\text{51,776}}$

Nonmajor Governmental Funds

The fund balance of nonmajor governmental funds changed by \$348,805, primarily from timing differences between the receipt and disbursement of grants.

General Fund Budgetary Highlights

The change between the Town's original and final budget in 2022 resulted in an overall increase in appropriations of \$1,967,316. This was funded primarily by reclassifications of revenue estimates and the use of prior year fund balance for capital appropriations. Furthermore, the Town used an additional \$500,000 of fund balance to reduce taxes.

The largest revenue budgetary surplus was charges for services of \$142,361. This was primarily due to an increase in ambulance calls in 2022 compared to prior years, caused by residents no longer deferring or delaying medical care due to the COVID-19 pandemic.

The appropriation turnbacks of \$420,956 for general government were due to several Town employee positions not being filled, causing a surplus. Additionally, the appropriation turnbacks of \$352,803 for public safety were due to several police and fire department vacancies and staffing changes.

Capital Assets and Debt Administration

Capital Assets

Total investment in capital assets for governmental activities at year end amounted to \$30,456,460 (net of accumulated depreciation). This investment in capital assets includes land, construction in progress, buildings and improvements, vehicles, machinery, and equipment, and infrastructure.

Major capital asset events during the current year included the following:

- \$441,847 for conservation land.
- \$835,354 for various vehicles, machinery, and equipment.
- \$(2,037,058) for current year depreciation expense.

Long-Term Debt

At the end of the current year, total loans payable outstanding was \$2,165,311, all of which was backed by the full faith and credit of the Town.

Additional information on capital assets and long-term debt can be found in the Notes to Financial Statements.

Requests for Information

This financial report is designed to provide a general overview of the Town of Pelham's finances for all those with an interest in the Town's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to:

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities For the Year Ended December 31, 2022

| Net Changes in Fund Balances - Total Governmental Funds | \$ | 1,719,758 |
|--|-----|-------------|
| Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense: | | |
| Capital outlay | | 1,479,739 |
| Net effect from disposal of assets | | (19,866) |
| Depreciation | | (2,037,058) |
| The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal portion of long-term debt consumes the financial resources of governmental funds. Neither transaction, however, has any effect on net position: | | |
| Issuance of loans | | (229,265) |
| Repayments of general obligation bonds and loans | | 585,712 |
| Revenues in the Statement of Activities that do not provide current financial resources are fully deferred in the Statement of Revenues, Expenditures, and Changes in Fund Balances. Therefore, the recognition of revenue for certain types of accounts receivable (i.e., property taxes) differ between the two statements. This amount represents the net change in unavailable revenue, net of change in allowance for | | |
| doubtful accounts. | | 28,671 |
| Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds: | | |
| Change in compensated absences liability | | 35,272 |
| Change in pension expense from GASB 68 | | (310,438) |
| Change in OPEB expense from GASB 75 | _ | (229,460) |
| Change in Net Position of Governmental Activities | \$_ | 1,023,065 |

Notes to Financial Statements

1. Summary of Significant Accounting Policies

The accounting policies of the Town of Pelham, New Hampshire (the Town) conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental and financial reporting principles. The following is a summary of the significant policies of the Town:

Reporting Entity

The Town is a municipal corporation governed by an elected Board of Selectmen. As required by GAAP, these financial statements present the Town and applicable component units for which the Town is considered to be financially accountable. In 2022, it was determined that no entities met the component unit requirements of GASB 14 (as amended).

Government-Wide and Fund Financial Statements

Government-Wide Financial Statements

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the nonfiduciary activities of the Town. For the most part, the effect of interfund activity has been removed from these statements.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Fund Financial Statements

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation Government-Wide Financial Statements

The government-wide financial statements are reported using the *economic resources* measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

Amounts reported as *program revenues* include (1) charges to customers or applicants for goods, services, or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes and motor vehicle registration fees.

Fund Financial Statements

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, certain expenditures such as debt service, claims and judgments, compensated absences, OPEB, and pension are recorded only when payment is due.

The Town reports the following major governmental fund:

 The General Fund is the Town's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The fiduciary fund financial statements are reported using the *economic resources* measurement focus and the accrual basis of accounting. Under this method, revenues are recognized when earned and expenses are recorded when liabilities are incurred.

The Town reports the following fiduciary fund:

The Custodial Funds account for fiduciary assets held by the Town in a custodial capacity
as an agent on behalf of others and are not required to be reported elsewhere on the
financial statements. Custodial funds include taxes and fees collected on behalf of
other governments and capital reserve funds held in a trust by the Trustees of Trust
Funds.

Cash and Investments

Cash balances from all funds, except those required to be segregated by law, are combined to form a consolidation of cash. Cash balances are invested to the extent available, and interest earnings are recognized in the General Fund. Certain special revenue and fiduciary funds segregate cash, and investment earnings become a part of those funds.

Deposits with financial institutions consist primarily of demand deposits and savings accounts. Generally, a cash and investment pool is maintained that is available for use by all funds. Each fund's portion of this pool is reflected on the financial statements under the caption "cash and short-term investments".

Where applicable, fair values are based on quotations from national securities exchanges, except for certain investments that required to be presented using net asset value (NAV). The NAV per share is the amount of net assets attributable to each share outstanding at the close of the period. Investments measured using NAV for fair value are not subject to level classification.

The Town invests in the New Hampshire Public Deposit Investment Pool (NHPDIP), an external investment pool managed by the State Banking Commission. The portfolio meets the requirements of GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*, where investments are valued at amortized cost.

Investments are reported at fair value, except certificates of deposit which are reported at cost.

Interfund Receivables and Payables

Transactions between funds that are representative of lending/borrowing arrangements outstanding at the end of the year are referred to as "due from/to other funds" (i.e., the current portion of interfund loans).

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the government-wide financial statements. Capital assets are defined by the Town as assets with an initial individual cost of more than \$25,000 and an estimated useful life in excess of five years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

| <u>Assets</u> | <u>Years</u> |
|------------------------------------|--------------|
| Buildings and improvements | 10 - 40 |
| Vehicles, machinery, and equipment | 5 - 20 |
| Infrastructure | 20 - 50 |

Compensated Absences

It is the Town's policy to permit employees to accumulate earned time, a single benefit that combines absences for vacation, personal days, sick leave, and military leave. All vested earned time is accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of voluntary employee terminations or retirements.

Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities.

Fund Equity

Fund equity at the governmental fund financial reporting level is classified as "fund balance". Fund equity for all other reporting is classified as "net position".

Fund Balance

Generally, fund balance represents the difference between current assets/deferred outflows and current liabilities/deferred inflows. The Town has implemented GASB Statement No. 54 (GASB 54), Fund Balance Reporting and Governmental Fund Type Definitions, which enhances the usefulness of fund balance information by providing clearer fund balance classifications that can be more consistently applied and by clarifying existing governmental fund type definitions, as follows:

- Nonspendable represents amounts that cannot be spent because they are either
 (1) not in spendable form or (2) legally or contractually required to be maintained
 intact. This fund balance classification includes General Fund reserves for fuel inventory
 and nonmajor governmental fund reserves for the principal portion of permanent trust
 funds.
- Restricted represents amounts that are restricted to specific purposes by constraints imposed by creditors, grantors, contributors, or laws or regulations of other governments, or constraints imposed by law through constitutional provisions or enabling

legislation. This fund balance classification includes various special revenue and expendable trust funds and the income portion of permanent trust funds.

- Committed represents amounts that can only be used for specific purposes pursuant
 to constraints imposed by formal action of the Town's highest level of decision-making
 authority. This fund balance classification includes General Fund non-lapsing special
 article appropriations approved at Town Meeting and capital reserve funds set aside
 by Town Meeting vote for future capital acquisitions and improvements.
- Assigned represents amounts that are constrained by the Town's intent to use these
 resources for a specific purpose. This fund balance classification includes General Fund
 encumbrances that have been established by various Town departments for the
 expenditure of current year budgetary financial resources upon vendor performance
 in the subsequent budgetary period.
- Unassigned represents amounts that are available to be spent in future periods and deficit funds. The General Fund is the only fund that reports a positive unassigned fund balance.

Net Position

Net position represents the difference between assets/deferred outflows and liabilities/ deferred inflows. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction, or improvement of those assets. Net position is reported as restricted when there are limitations imposed on use either through enabling legislation adopted by the Town or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The remaining net position is reported as unrestricted.

Use of Estimates

The preparation of basic financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures for contingent assets and liabilities at the date of the basic financial statements, and the reported amounts of revenues and expenditures/expenses during the year. Actual results could vary from estimates that were used.

2. Stewardship, Compliance, and Accountability

Budgetary Information

The Town's budget is originally prepared by the Selectmen's Office with the cooperation of the various department heads. It is then submitted to the Budget Committee, in accordance with the Municipal Budget Law. After reviewing the budget, the Budget Committee holds a public hearing for discussion.

The final version of the budget is then submitted for approval at the annual Town Meeting. The approved budget is subsequently reported to the State of New Hampshire on the statement of appropriation form in order to establish the current property tax rate.

The Board of Selectmen cannot increase the total of the approved budget (i.e., legal level of control); however, they have the power to reclassify its components when necessary.

Departments are limited to the line items as voted. Certain items may exceed the lineitem budget as approved if it is for an emergency and for the safety of the general public. Formal budgetary integration is employed as a management control device during the year for the General Fund. At year-end, appropriation balances lapse, except for certain unexpended capital items and encumbrances, which will be honored during the subsequent year.

Deficit Fund Equity

Certain individual funds reflected deficit balances as of December 31, 2022. It is anticipated that the deficits in these funds will be eliminated through future departmental and grant revenues, bond proceeds, and transfers from other funds.

3. Deposits and Investments

State statutes (RSA 41:29 for towns and 31.25 for trust funds) place certain limitation on the nature of deposits and investments available to the Town. Deposits may be made in the New Hampshire Deposit Investment Pool (NHPDIP), established pursuant to RSA 383:22, in New Hampshire banks, or banks outside the State of New Hampshire if such banks pledge and deliver to a third-party custodial bank with collateralized security.

RSA 35:9 limits the Town's capital reserve funds to investments in federally or state-chartered banks or associations authorized by the State of New Hampshire, in bonds or notes to the State of New Hampshire, in stocks and bonds as are legal for investment by banks and associations chartered by the State of New Hampshire to engage in a banking business, in NHPDIP established pursuant to RSA 383:22, or in obligations with principal and interest fully guaranteed by the United States government.

Deposits

Custodial Credit Risk

Custodial credit risk is the risk that, in the event of a bank failure, the Town's deposits may not be returned. The Town does not have formal deposit policies related to the custodial credit risk of deposits.

As of December 31, 2022, \$261,284 of the Town's bank balance of \$29,780,507 was exposed to custodial credit risk as uninsured and uncollateralized. Additionally, \$227,552 was invested in NHPDIP, which is not subject to this disclosure.

The Town also maintains various trust and fiduciary funds managed by the Trustees of Trust Funds (the Trustees). As of December 31, 2022, none of the Trustees' bank balances were exposed to custodial credit risk as uninsured and uncollateralized.

Investments

The following is a summary of the Town's investments as of December 31, 2022:

| Investment Type | <u>Amount</u> |
|---------------------------------------|---------------|
| Equity mutual funds | \$ 1,136,686 |
| Fixed income mutual funds | 878,353 |
| Market-linked certificates of deposit | 170,340 |
| U.S. Treasury notes | 391,308 |
| Total | \$ 2,576,687 |

Credit Risk - Investment in Debt Securities

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligations. The Town and Trustees do not have formal investment policies related to credit risk.

As of December 31, 2022, the Trustees' investments included equity mutual funds valued at \$1,136,686. These investments are not subject to credit risk rating. Investments in fixed income mutual funds and market linked certificates of deposit valued at \$1,048,693 were unrated as of December 31, 2022.

Custodial Credit Risk

The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, the Town will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The Town and Trustees do not have formal investment policies related to custodial credit risk.

As of December 31, 2022, all investments were subject to custodial credit risk exposure because the related investments were uninsured, unregistered, and held by the Town and Trustees' brokerage firm, which is also the counterparty to these investments.

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributable to the magnitude of investments in a single issuer. The Town and Trustees place no limit on the amount that may be invested in any one issuer. The Town and Trustees do not have formal investment policies related to concentration of credit risk exposure.

Individual investments exceeding 5% of total investments were as follows at December 31, 2022:

| | | | % of Total |
|---|-----|---------------|--------------------|
| Investment Issuer | | <u>Amount</u> | <u>Investments</u> |
| Fidelity 500 Index Fund | \$ | 396,872 | 15% |
| Fidelity Advisor Investment Grade Bond Fund | | 232,000 | 9% |
| T. Rowe Price Large-Cap Growth Fund | | 280,482 | 11% |
| Vanguard Core Bond Fund | | 276,642 | 11% |
| iShares TR Core US Aggregate | _ | 254,502 | 10% |
| Total | \$_ | 1,440,498 | |

Interest Rate Risk – Investments in Debt Securities

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The Town and Trustees do not have formal investment policies limiting investment maturities as a means of managing exposure to fair value losses arising from increasing interest rates.

Information about the sensitivity of the fair values of the Town and Trustees' investments to market interest rate fluctuations was as follows at December 31, 2022:

| | | | Investment Maturities (in Years) | | | | | |
|---------------------------------------|-----|---------------|----------------------------------|---------|-----|------------|----|--------------------|
| | | | | Less | | | | |
| Investment Type | | <u>Amount</u> | | Than 1 | | <u>1-5</u> | | <u>Unavailable</u> |
| Fixed income mutual funds | \$ | 878,353 | \$ | - | \$ | - | \$ | 878,353 |
| Market-linked certificates of deposit | | 170,340 | | 95,661 | | 74,679 | | - |
| U.S. Treasury notes | _ | 391,308 | _ | 391,308 | | | - | |
| Total | \$_ | 1,440,001 | \$_ | 486,969 | \$_ | 74,679 | \$ | 878,353 |

Foreign Currency Risk

Foreign currency risk is the risk that changes in foreign exchange rates will adversely affect the fair value of an investment. The Town and Trustees do not have formal investment policies related to foreign currency risk.

At December 31, 2022, no investments were exposed to foreign currency risk.

Fair Value

The Town and Trustees categorize their fair value measurements within the fair value hierarchy established by Governmental Accounting Standards Board Statement No. 72, Fair Value Measurement and Application (GASB 72).

The hierarchy is based on the valuation inputs used to measure the fair value of an asset or liability and give the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The hierarchy categorizes the inputs to valuation techniques used for fair value measurement into three levels as follows:

- Level 1 inputs that reflect quoted prices (unadjusted) in active markets for identical assets or liabilities that are accessible at the measurement date.
- Level 2 inputs other than quoted prices that are observable for an asset or liability either directly or indirectly, including inputs in markets that are not considered to be active. Because they must often be priced on the basis of transactions involving similar but not identical securities or do not trade with sufficient frequency, certain directly held securities are categorized as Level 2.
- Level 3 unobservable inputs based on the best information available, using assumptions in determining the fair value of investments and derivative instruments.

In instances where inputs used to measure fair value fall into different levels in the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation.

Fair value measurements as of December 31, 2022 were as follows:

| | | Fair Value Measurements Using: | | | | | |
|---|---|---|-------------------------------------|---------------------------------------|--|--|--|
| | | Quoted prices in active markets for identical assets | Significant observable inputs | Significant unobservable inputs | | | |
| Investment Type | <u>Amount</u> | <u>(Level 1)</u> | (Level 2) | (Level 3) | | | |
| Investments by fair value level: | | | | | | | |
| Equity mutual funds Fixed income mutual funds Market-linked certificates of deposit U.S. Treasury notes | \$ 1,136,686 878,353 170,340 391,307 | \$ 1,136,686 - - - 391,307 | \$ - 878,353 170,340 | \$ - - - - | | | |
| Total | \$ 2,576,686 | \$ 1,527,993 | \$ 1,048,693 | \$ | | | |

Equity securities classified in Level 1 are valued using prices quoted in active markets for those securities.

Debt securities classified as Level 2 are valued using either a bid evaluation or a matrix pricing technique. Bid evaluations may include market quotations, yields, maturities, call features, and ratings. Matrix pricing is used to value securities based on the securities' relationship to benchmark quote prices. Level 2 debt securities have non-proprietary

information that is readily available to market participants, from multiple independent sources, which are known to be actively involved in the market.

The net asset value (NAV) per share is the amount of net assets attributable to each share outstanding at the close of the period. Investments measured using NAV for fair value are not subject to level classification.

4. Property Taxes Receivable

The Town bills property taxes semi-annually in May and November. Property tax revenues are recognized in the year for which taxes have been levied. Property taxes are due on July 1 and December 1. Delinquent accounts are charged 8% interest. In March of the next year, a lien is recorded on delinquent property at the Registry of Deeds. The Town purchases all the delinquent accounts by paying the delinquent balances, recording costs, and accrued interest. The accounts that are liened by the Town will be reclassified from property taxes receivable to unredeemed tax liens receivable. After this date, delinquent accounts will be charged interest at a rate of 14%. The Town annually budgets amounts (overlay for abatements) for property tax abatements and refunds.

Property taxes receivable at December 31, 2022 consisted of the following:

| | | Gross | Α | llowance | | | | Long- | |
|----------------------|--------------|-----------|-----------------|----------------|-------------------------------|-----------|----------------|--------|----------------|
| | | Amount | | for Doubtful (| | Current | | Term | |
| | (fund basis) | | <u>Accounts</u> | | (fund basis) Accounts Portion | | <u>Portion</u> | | <u>Portion</u> |
| Property taxes | | | | | | | | | |
| 2022 levy | \$ | 1,176,718 | \$ | (29,419) | \$ | 1,147,299 | \$ | - | |
| Unredeemed tax liens | _ | 243,489 | | (6,087) | _ | 139,525 | _ | 97,877 | |
| Total | \$_ | 1,420,207 | \$_ | (35,506) | \$ | 1,286,824 | \$_ | 97,877 | |

Taxes Collected for Others

The Town collects property taxes for the Pelham School District (the School District) and the County of Hillsborough (the County). Payments are normally made to the School District throughout the year and payment to the County is normally made in December. The ultimate responsibility for the collection of property taxes for both the School District and the County rests with the Town.

5. Interfund Accounts

Receivables/Payables

Although self-balancing funds are maintained, most transactions flow through the General Fund. In order to obtain accountability for each fund, interfund receivable and

payable accounts must be utilized. The composition of interfund balances as of December 31, 2022 was as follows:

| | Due From | Due To | | |
|--------------------------------------|---------------|---------------|--|--|
| <u>Fund</u> | Other Funds | Other Funds | | |
| General Fund | \$ 350,316 | \$ 16,790,180 | | |
| Nonmajor Governmental Funds: | | | | |
| Special Revenue Funds: | | | | |
| Ambulance revolving | 75,000 | - | | |
| PD/FD Special Detail Fund | - | 49,673 | | |
| Park & Recreation Revolving Fund | 152,563 | - | | |
| Firearm License Fees | - | 1,465 | | |
| Drug Forfeiture Fund | - | 7,425 | | |
| Conservation Fund | 168,511 | - | | |
| Village Green Tree Fund | 549 | - | | |
| Cable Equipment Fund | 2,521 | - | | |
| Agriculture Commission Donation | 2,368 | - | | |
| Skate Park | 46,747 | - | | |
| Town Grants | 19,831 | - | | |
| Police Grant | - | 5,094 | | |
| SAFER Firefighter Grant | 237,759 | - | | |
| Sherburne/Mammoth Impact Fees | - | 105,372 | | |
| Senior Center Impact Fees | 4,056 | - | | |
| ARPA Grant | 1,484,437 | - | | |
| Additional Highway Block Aid | 278,766 | - | | |
| Additional Highway Bridge Aid | 249,956 | - | | |
| Capital Project Funds: | | | | |
| Sherburne/Mammoth Project | 764,259 | - | | |
| Old Bridge Street Bridge | | 181,287 | | |
| Subtotal Nonmajor Governmental Funds | 3,487,323 | 350,316 | | |
| Fiduciary Funds: | | | | |
| Custodial Funds | 13,302,857 | | | |
| Total | \$ 17,140,496 | \$ 17,140,496 | | |

Transfers

The Town reports interfund transfers between various funds. Most transfers result from budgetary or statutory actions, whereby funds are moved to accomplish various expenditure purposes. The following is a schedule of major interfund transfers for the year ended December 31, 2022.

| Governmental Funds | <u>Transfers In</u> | | Trar | sfers Out |
|------------------------|---------------------|--------|------|-----------|
| General Fund | \$ | 56,100 | \$ | - |
| Special Revenue Funds: | | | | |
| Expendable Trust Fund | | - | | 56,100 |
| Total | \$ | 56,100 | \$ | 56,100 |

The transfer to the Expendable Trust Fund was for the purpose of forest management, stewardship, security, public education, and other costs associated with the maintenance and care of the Town's forest land.

6. Capital Assets

Capital asset activity for the year ended December 31, 2022 was as follows (in thousands):

| | Beginning | | | | | | Ending | |
|---|-----------|----------------|-----------|----------|-----|-----------------|--------|----------------|
| | | <u>Balance</u> | <u>lı</u> | ncreases | D | <u>ecreases</u> | | <u>Balance</u> |
| Governmental Activities | | | | | | | | |
| Capital Assets, Being Depreciated: | | | | | | | | |
| Buildings and improvements | \$ | 13,039 | \$ | 78 | \$ | - | \$ | 13,117 |
| Vehicles, machinery, and equipment | | 5,549 | | 835 | | (225) | | 6,159 |
| Infrastructure | _ | 65,673 | | | _ | - | - | 65,673 |
| Total Capital Assets, Being Depreciated | | 84,261 | | 913 | | (225) | | 84,949 |
| Less Accumulated Depreciation For: | | | | | | | | |
| Buildings and improvements | | (4,277) | | (373) | | - | | (4,650) |
| Vehicles, machinery, and equipment | | (3,479) | | (521) | | 205 | | (3,795) |
| Infrastructure | _ | (57,179) | | (1,143) | - | | - | (58,322) |
| Total Accumulated Depreciation | _ | (64,935) | | (2,037) | - | 205 | - | (66,767) |
| Capital Assets, Being Depreciated, Net | | 19,326 | | (1,124) | | (20) | | 18,182 |
| Capital Assets, Not Being Depreciated: | | | | | | | | |
| Land | | 11,372 | | 442 | | - | | 11,814 |
| Construction in progress | _ | 336 | | 124 | - | - | - | 460 |
| Total Capital Assets, Not Being Depreciated | _ | 11,708 | | 566 | - | | - | 12,274 |
| Governmental Activities Capital Assets, Net | \$_ | 31,034 | \$ | (558) | \$_ | (20) | \$ | 30,456 |

Depreciation expense was charged to functions of the Town as follows (in thousands):

| Governmental Activities | | |
|-------------------------------|-----|-------|
| General government | \$ | 209 |
| Public safety | | 412 |
| Highways and streets* | | 1,329 |
| Sanitation | | 25 |
| Culture and recreation | | 61 |
| Conservation | _ | 1 |
| Total Governmental Activities | \$_ | 2,037 |

^{*}Note: Highways and streets includes depreciation costs for infrastructure.

7. Deferred Outflows of Resources

Deferred outflows of resources represent the consumption of net assets by the Town that apply to future reporting periods. Deferred outflows of resources have a positive effect on net position, similar to assets. Deferred outflows of resources related to pension and OPEB, in accordance with GASB Statements No. 68 and 75, are more fully discussed in the corresponding pension and OPEB notes.

8. Tax Refunds Payable

This balance consists of an estimate of refunds due to property taxpayers for future abatements. These cases are currently pending with the State of New Hampshire Board of Tax and Land Appeals.

9. Unearned Revenue

Unearned revenue represents grant funds received by the Town from the American Rescue Plan Act (ARPA). These funds will be used for COVID-19 related expenditures or negative economic impacts of COVID-19 over the next several years.

10. Long-Term Debt

Loans

The Town issues direct borrowings to provide funds for the acquisition and construction of major capital facilities and conservation land. Direct borrowings outstanding were as follows at December 31, 2022:

| | | | | | Amount |
|----------------------------------|---------------|----------------|-----------|-----|------------|
| | | Serial | | 0 | utstanding |
| | Original | Maturities | Interest | | as of |
| <u>Loans - Direct Borrowings</u> | <u>Issue</u> | <u>Through</u> | Rate(s) % | | 12/31/22 |
| Conservation land | \$ 600,000 | 10/20/23 | 2.99% | \$ | 60,000 |
| Conservation land | 750,000 | 07/20/26 | 2.65% | | 300,000 |
| Conservation land | 1,315,000 | 04/30/32 | 2.65% | | 1,249,250 |
| Fire Truck & 2014 Ford Focus | 635,220 | 07/25/23 | 3.53% | | 69,658 |
| 2018 Energy Project | 400,000 | 09/14/28 | 3.69% | | 257,138 |
| 8 Police Cruisers | 229,265 | 06/15/24 | 3.94% | _ | 229,265 |
| Total | | | | \$_ | 2,165,311 |

Future Debt Service

The annual payments to retire all loans outstanding as of December 31, 2022 were as follows:

| | Loar | Loans - Direct Borrowings | | | | | | |
|-------------|------------------|---------------------------|--------------|--|--|--|--|--|
| <u>Year</u> | <u>Principal</u> | <u>Interest</u> | <u>Total</u> | | | | | |
| 2023 | \$ 488,335 | \$ 59,886 | \$ 548,221 | | | | | |
| 2024 | 363,170 | 46,114 | 409,284 | | | | | |
| 2025 | 248,506 | 34,403 | 282,909 | | | | | |
| 2026 | 250,056 | 27,304 | 277,360 | | | | | |
| 2027 | 176,664 | 20,654 | 197,318 | | | | | |
| 2028 | 178,330 | 15,493 | 193,823 | | | | | |
| 2029 | 131,500 | 10,193 | 141,693 | | | | | |
| 2030 | 131,500 | 6,660 | 138,160 | | | | | |
| 2031 | 131,500 | 3,127 | 134,627 | | | | | |
| 2032 | 65,750 | 242 | 65,992 | | | | | |
| Total | \$ 2,165,311 | \$ 224,076 | \$ 2,389,387 | | | | | |

Changes in Long-Term Liabilities

During the year ended December 31, 2022, the following changes occurred in long-term liabilities (in thousands):

| | | | | Less | Equals |
|-----------------------------------|----------------|---------------------|----------------|----------------|----------------|
| | Beginning | | Ending | Current | Long-Term |
| | <u>Balance</u> | Additions Reduction | <u>Balance</u> | <u>Portion</u> | <u>Portion</u> |
| Bonds payable: | | | | | |
| Public offerings | \$ 280 | \$ - \$ (280) | \$ - | \$ - | \$ - |
| Loans payable (direct borrowings) | 2,242 | 229 (306) | 2,165 | (488) | 1,677 |
| Subtotal | 2,522 | 229 (586) | 2,165 | (488) | 1,677 |
| Compensated absences liability | 750 | 24 (59) | 715 | - | 715 |
| Net pension liability | 13,038 | 3,974 - | 17,012 | - | 17,012 |
| Net OPEB liability | 5,145 | (958) | 4,187 | | 4,187 |
| Total | \$ 21,455 | \$ 4,227 \$ (1,603) | \$ 24,079 | \$_(488) | \$ 23,591 |

Long-Term Debt Supporting Governmental Activities

Loans issued by the Town for various municipal projects are approved by Town Meeting and repaid with revenues recorded in the General Fund. All other long-term debt is repaid from the funds that the cost relates to, primarily the General Fund.

11. Deferred Inflows of Resources

Deferred inflows of resources represent the acquisition of net assets by the Town that apply to future reporting periods. Deferred inflows of resources have a negative effect on net position, similar to liabilities. Deferred inflows of resources related to pension and OPEB, in accordance with GASB Statements No. 69 and 75, will be recognized as expense in future years and are more fully described in the corresponding pension and OPEB notes. *Unavailable revenues* are reported in the governmental funds Balance Sheet in connection with receivables for which revenues are not considered available to liquidate liabilities of the current year.

12. Governmental Funds – Fund Balances

The Town's fund balances at December 31, 2022 were comprised of the following:

| Nonspendable | | General <u>Fund</u> | G | Nonmajor overnmental <u>Funds</u> | G | Total Sovernmental <u>Funds</u> |
|--|-----|------------------------|----|---|----|---------------------------------------|

13. New Hampshire Retirement System

The Town follows the provisions of GASB Statement No. 68, Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27, with respect to the State of New Hampshire Retirement System (NHRS).

Plan Description

Full-time employees participate in the New Hampshire Retirement System (NHRS), a cost-sharing, multiple-employer defined benefit contributory pension plan and trust established in 1967 by RSA 100-A:2 and qualified as a tax-exempt organization under Sections 401(a) and 501(a) of the Internal Revenue Code. NHRS provides service, disability, death, and vested retirement benefits to members and their beneficiaries. Substantially all full-time state employees, public school teachers and administrators, permanent firefighters, and permanent police officers within the State of New Hampshire are eligible and required to participate in the NHRS. Full-time employees of political subdivisions, including counties, municipalities, and school districts, are also eligible to participate as a group if the governing body of the political subdivision has elected participation.

The New Hampshire Retirement System, a Public Employees Retirement System (PERS), is divided into two membership groups. State or local employees and teachers belong to *Group II*. Police officers and firefighters belong to *Group II*. All assets are held in a single trust and are available to each group. Additional information is disclosed in the NHRS annual report publicly available from the New Hampshire Retirement System located at 54 Regional Drive, Concord, New Hampshire 03301-8507.

Benefits Provided

Group I benefits are provided based on creditable service and average final salary for the highest of either three or five years, depending on when service commenced.

Group II benefits are provided based on age, years of creditable service, and a benefit multiplier depending on vesting status as of January 1, 2012. The maximum retirement allowance for Group II members vested by January 1, 2012 (45 years of age with 20 years of service or age 60 regardless of years of creditable service) is the average final compensation multiplied by 2.5% multiplied by creditable service. For Group II members not vested by January 1, 2012, the benefit is calculated the same way but the multiplier used in the calculation will change depending on age and years of creditable service, as follows:

| Years of creditable service as of | Minimum | Minimum | Benefit |
|-----------------------------------|----------------|------------|-------------------|
| <u>January 1, 2012</u> | <u>Service</u> | <u>Age</u> | <u>Multiplier</u> |
| At least 3 but less than 10 years | 21 | 46 | 2.4% |
| At least 6 but less than 8 years | 22 | 47 | 2.3% |
| At least 4 but less than 6 years | 23 | 48 | 2.2% |
| Less than 4 years | 24 | 49 | 2.1% |

Contributions

Plan members are required to contribute a percentage of their earnable compensation to the pension plan. Rates are 7% for employees, 11.55% for police, and 11.80% for fire. The Town makes annual contributions to the pension plan equal to the amount required by Revised Statutes Annotated 100-A:16, which is 13.75% for employees, 30.67% for police, and 29.78% for fire. The Town's contribution to NHRS for the year ended December 31, 2022 was \$1,746,814, which was equal to its annual required contribution.

Summary of Significant Accounting Policies

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pension, and pension expense, information about the fiduciary net position of the NHRS and additions to/deductions from NHRS' fiduciary net position have been determined on the same basis as they are reported by NHRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pension

At December 31, 2022, the Town reported a liability of \$17,011,665 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2021. The Town's proportion of the net pension liability was based on a projection of the Town's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At the most recent measurement date of June 30, 2022, the Town's proportion was 0.29657034%, which was an increase of 0.00238759% from its previous year proportion.

For the year ended December 31, 2022, the Town recognized pension expense of \$2,074,496. In addition, the Town reported deferred outflows of resources and deferred inflows of resources related to pension from the following sources:

| | Deferred | | | eferred |
|--|-----------|------------|-----------|-----------------|
| | O | utflows of | Ir | flows of |
| | Resources | | <u>Re</u> | <u>esources</u> |
| Differences between expected and actual experience | \$ | 319,279 | \$ | 65,305 |
| Differences between projected and actual earnings | | | | |
| on pension plan investments | | 644,720 | | - |
| Changes in assumptions | | 904,885 | | - |
| Changes in proportion | | 669,181 | | - |
| Contributions subsequent to the measurement date | _ | 925,005 | | - |
| Total | \$_ | 3,463,070 | \$_ | 65,305 |

The amounts reported as deferred outflows of resources related to pension resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized as an increase (decrease) in pension expense as follows:

| Year Ended Decem | ber 31: | |
|------------------|---------|-----------|
| 2023 | \$ | 962,469 |
| 2024 | | 773,316 |
| 2025 | | (172,294) |
| 2026 | | 909,269 |
| Total | \$_ | 2,472,760 |

Actuarial Assumptions

The total pension liability in the June 30, 2021 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

| Price inflation | 2.00% per year |
|------------------|------------------------|
| Wage inflation | 2.75% per year |
| Salary increases | 5.40% average, include |

Salary increases 5.40% average, including inflation Investment rate of return 6.75%, net of pension plan investment

expense, including inflation

Mortality rates were based on the Pub-2010 Healthy Retiree Mortality Tables with credibility adjustments for each group (police and fire combined) and projected fully generational mortality improvements using scale MP-2019.

The actuarial assumptions used in the June 30, 2021 valuation were based on the results of the most recent actuarial experience study, which was for the period of July 1, 2015 – June 30, 2019.

Target Allocations

The long-term expected rate of return on pension plan investments was selected from a best estimate range determined using the building block approach. Under this method, an expected future real return range is calculated separately for each asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return net of investment expenses by the target asset allocation percentage and by adding expected inflation.

The following is a table presenting target allocations and geometric real rates of return for each asset class:

| | Weighted |
|-------------------|---|
| | Average Long- |
| • | Term Expected |
| | Real Rate of |
| <u>Percentage</u> | Return |
| 30.00 % | 7.60% |
| 20.00 | 7.90% |
| 50.00 | |
| 10.00 | 6.60% |
| 10.00 | 8.85% |
| 20.00 | |
| 5.00 | 7.25% |
| 5.00 | |
| 25.00_ | 3.60% |
| 25.00 | |
| | 2.25% |
| 100.00 % | |
| | 20.00 50.00 10.00 10.00 20.00 5.00 5.00 25.00 25.00 |

Discount Rate

The discount rate used to measure the total pension liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that the plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. For purposes of the projection, member contributions and employer service cost contributions are projected based on the expected payroll of current members only. Employer contributions are determined based on the pension plan's actuarial funding policy and as required by RSA 100-A:16. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the Town's proportionate share of the net pension liability calculated using the discount rate of 6.75%, as well as what the Town's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage-point lower or one percentage-point higher than the current rate:

| | Current | |
|----------------|----------------|----------------|
| 1% | Discount | 1% |
| Decrease | Rate | Increase |
| <u>(5.75%)</u> | <u>(6.75%)</u> | <u>(7.75%)</u> |
| \$22,825,365 | \$17,011,665 | \$12,178,111 |

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued NHRS financial report.

14. Other Post-Employment Benefits (GASB 75)

GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions (GASB 75), replaces the requirements of GASB Statement No. 45, Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions. This statement establishes standards for recognizing and measuring liabilities, deferred outflows of resources, deferred inflows of resources, and expense/expenditures. This statement identifies the methods and assumptions that are required to be used to project benefit payments, discounted projected benefit payments to their actuarial present value, and attribute that present value to periods of employee service.

Town OPEB Plan

All the following OPEB disclosures for the Town OPEB Plan are based on a measurement date of June 30, 2022.

General Information About the OPEB Plan

Plan Description

The Town indirectly provides post-employment healthcare for retired employees through an implicit rate covered by current employees. Retirees of the Town who participate in this single-employer plan pay 100% of the healthcare premiums to participate in the Town's healthcare program. Since they are included in the same pool as active employees, the insurance rates are implicitly higher for current employees due to the age consideration. This increased rate is an implicit subsidy the Town pays for the retirees.

The Town's OPEB plan is not administered through a trust that meets the criteria in paragraph 4 of GASB 75.

Benefits Provided

The Town provides medical and prescription drug insurance to retirees and their covered dependents. All active employees who retire from the Town and meet the eligibility criteria will receive these benefits.

Plan Membership

At June 30, 2022, the following employees were covered by the benefit terms:

| Inactive employees or beneficiaries | |
|--------------------------------------|-----|
| currently receiving benefit payments | 18 |
| Active employees | 95 |
| Total | 113 |

Funding Policy

The Town's funding policy includes financing the implicit subsidy on a pay-as-you-go basis, as required by statute.

Actuarial Assumptions and Other Inputs

The total OPEB liability was determined by an actuarial valuation as of June 30, 2021, using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

| Inflation | 2 500/ |
|-----------|--------|
| Inflation | 2.50% |

Salary increases 3.00% annually

4.31%, net of OPEB plan investment expense, including inflation, previously

Discount rate 2.25%.

Healthcare cost trend rates 4.50% for 2022

100% of medical and dental insurance

Retirees' share of benefit-related costs premiums

Mortality rates were based on:

- Pre-Retirement Mortality: RP-2014 Mortality Table for Blue Collar employees projected generationally with scale MP-2016 for males and females, set forward 1 year for females.
- Post-Retirement Mortality: RP-2014 Mortality Table for Blue Collar Healthy Annuitants projected generationally with scale MP-2016 for males and females, set forward 1 year for females.
- Disabled Mortality: RP-2014 Mortality Table for Blue Collar Healthy Annuitants projected generationally with scale MP-2016 for males and females, set forward 1 year.

The actuarial assumptions used in the valuation reflect the latest experience studies published by the SOA.

Discount Rate

The discount rate used to measure the total OPEB liability was 4.31% and was based on the S&P Municipal Bond 20-Year High Grade Index at December 31, 2022. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate.

Total OPEB Liability

The Town's total OPEB liability of \$2,882,040 was measured as of December 31, 2022, and was determined by an actuarial valuation as of January 1, 2021.

Changes in the Total OPEB Liability

The following summarizes the changes to the total OPEB liability for the past year:

| | Total OPEB <u>Liability</u> |
|----------------------------|--------------------------------|
| Balance, beginning of year | \$ 3,829,869 |
| Changes for the year: | |
| Service cost | 232,550 |
| Interest | 90,893 |
| Changes in assumptions | |
| or other inputs | (1,225,578) |
| Benefit payments | (45,694) |
| Net Changes | (947,829) |
| Balance, end of year | \$ 2,882,040 |
| | |

Changes of assumptions and other inputs reflect a change in the discount rate from 2.25% in 2021 to 4.31% in 2022.

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following presents the total OPEB liability, as well as what the total OPEB liability would be if it were calculated using a discount rate that is one percentage-point lower or one percentage-point higher than the current discount rate:

| | Current | |
|-------------|----------------|-------------|
| 1% | Discount | 1% |
| Decrease | Rate | Increase |
| (3.31%) | <u>(4.31%)</u> | (5.31%) |
| \$3.540.927 | \$ 2.882.040 | \$2.386.911 |

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates

The following presents the total OPEB liability, as well as what the total OPEB liability would be if it were calculated using healthcare cost trend rates that are one percentage-point lower or one percentage-point higher than the current healthcare cost trend rates:

| | Current | |
|----------------|----------------|----------------|
| | Healthcare | |
| 1% | Cost Trend | 1% |
| Decrease | Rates | Increase |
| <u>(3.50%)</u> | <u>(4.50%)</u> | <u>(5.50%)</u> |
| \$2,312,348 | \$2,882,040 | \$3,665,623 |

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended December 31, 2022, the Town recognized an OPEB expense of \$310,480. At December 31, 2022, the Town reported deferred outflows and inflows of resources related to OPEB from the following sources:

| | Deferred | | | Deferred | |
|---------------------------------|-------------|---------|------------------|-----------|--|
| | Outflows of | | Inflows of | | |
| | Resources | | <u>Resources</u> | | |
| Difference between expected and | | | | | |

New Hampshire Retirement System Medical Subsidy Plan Description

General Information About the OPEB Plan

Plan Description

In addition to the OPEB plan discussed above, the Town participates in the New Hampshire Retirement System (NHRS) Medical Subsidy. The NHRS administers a cost-sharing, multiple-employer other post-employment benefit plan (OPEB Plan) for retiree health insurance subsidies. Benefit amounts and eligibility requirements are set by state law, and members are designated by type. The four membership types are Group II Police Officer and Firefighters, Group I Teachers, Group I Political Subdivision Employees, and Group I State Employees. Collectively, they are referred to as the OPEB Plan.

NHRS issues publicly available financial reports that can be obtained by writing to them at 54 Regional Drive, Concord, New Hampshire 03301-8507 or from their website at http://www.nhrs.org.

Benefits Provided

The OPEB Plan provides a medical insurance subsidy to qualified retired members. The medical subsidy is a payment made by NHRS to the former employer or their insurance administrator toward the cost of health insurance for a qualified retiree, his/her qualified spouse, and his/her certifiably dependent children with a disability who are living in the household and being cared for by the retiree. Under specific conditions, the qualified beneficiaries of members who die while in service may also be eligible for the medical subsidy. The eligibility requirements for receiving OPEB Plan benefits differ for Group I and Group II members. The OPEB plan is closed to new entrants. The monthly Medical Subsidy rates are:

1 Person - \$375.56 2 Person - \$751.12 1 Person Medicare Supplement - \$236.84 2 person Medicare Supplement - \$473.68

Contributions

Pursuant to RSA 100-A:16, III, and the biennial actuarial valuation, funding for the Medical Subsidy payment is via the employer contributions rates set forth by NHRS. Employer contributions required to cover that amount of cost not met by the members' contributions are determined by a biennial actuarial valuation by the NHRS actuary using the entry age normal funding method and are expressed as a percentage of earnable compensation. The Town contributed 0.31% of gross payroll for Group I employees and 3.21% and 3.21% of gross payroll for Group II fire and police department members, respectively. Employees are not required to contribute. The State Legislature has the authority to establish, amend, and discontinue the contribution requirements of the Medical Subsidy plan.

Actuarial Assumptions and Other Inputs

Actuarial assumptions are the same as the Retirement System footnote.

Net OPEB Liability, Expense, and Deferred Outflows and Inflows

The Town's proportionate share of the net NHRS Medical Subsidy (net OPEB liability) as of the measurement date of June 30, 2022 was \$1,304,905, representing 0.345315690%.

For the year ended December 31, 2022, the Town recognized an OPEB expense related to the NHRS Medical Subsidy of \$115,294. At December 31, 2022, the Town reported deferred outflows and inflows of resources related to OPEB from the following sources:

| | Deferred | | Deferred | |
|--|-------------|--------|------------------|---|
| | Outflows of | | Inflows of | |
| | Resources | | <u>Resources</u> | |
| Contributions subsequent to the measurement date | \$ | 90,541 | \$ | - |
| Net difference between projected and actual OPEB investment earnings | _ | 3,566 | | |
| Total | \$_ | 94,107 | \$_ | - |

The amount reported as deferred outflows of resources related to OPEB resulting from contributions subsequent to the measurement date and before the end of the fiscal year will be included as a reduction of the net OPEB liability in the year ending December 31, 2023.

Other amounts reported as deferred outflows and inflows of resources related to OPEB will be recognized as increases (decreases) in OPEB expense as follows:

| Year Ended December 31: | | |
|-------------------------|-----|---------|
| 2023 | \$ | 593 |
| 2024 | | 154 |
| 2025 | | (1,403) |
| 2026 | | 4,222 |
| Total | \$_ | 3,566 |

Sensitivity of the Net NHRS Medical Subsidy OPEB Liability to Changes in the Discount Rate

The following presents the net OPEB liability, as well as what the total OPEB liability would be if it were calculated using a discount rate that is one percentage-point lower or one percentage-point higher than the current discount rate:

| | Current | |
|----------------|----------------|----------------|
| 1% | Discount | 1% |
| Decrease | Rate | Increase |
| <u>(5.75%)</u> | <u>(6.75%)</u> | <u>(7.75%)</u> |
| \$1,416,697 | \$1,304,905 | \$1,207,543 |

Healthcare Cost Trend Rate

Healthcare cost trend rates are not applicable given that the benefits are fixed stipends.

Consolidation of Total/Net OPEB Liabilities and Related Deferred Outflows and Inflows The following consolidates the Town's total OPEB liability and related deferred outflows/inflows, and the Town's proportionate share of the NHRS Medical Subsidy net OPEB liability and related deferred outflows/inflows at December 31, 2022:

| | Total/Net OPEB <u>Liability</u> | Total Deferred Outflows of Resources | Total Deferred Inflows of Resources | Total OPEB <u>Expense</u> |
|---|---------------------------------------|--------------------------------------|--|---------------------------------|
| Town OPEB Plan | \$ 2,882,040 | \$ 841,299 | \$ 1,081,199 | \$ 310,480 |
| Proportionate share of NHRS Medical Subsidy Plan | 1,304,905 | 94,107 | | 115,294 |
| Total | \$_4,186,945 | \$935,406_ | \$_1,081,199 | \$ 425,774 |

15. Beginning Fund Balance Reclassification

The beginning (January 1, 2022) fund balance of the Town has been reclassified as follows:

Fund Basis Financial Statements:

| | | | | Nonmajor |
|---------------------------------|-----|-------------|--------------|--------------|
| | | General | Governmental | |
| | | <u>Fund</u> | | <u>Funds</u> |
| As previously reported | \$ | 7,387,145 | \$ | 3,425,840 |
| Reclassification of Compensated | | | | |
| Absences Fund | _ | 584,184 | | (584,184) |
| As reclassified | \$_ | 7,971,329 | \$ | 2,841,656 |

16. Subsequent Events

Management has evaluated subsequent events through August 28, 2023, which is the date the financial statements were available to be issued.

17. Commitments and Contingencies

Outstanding Legal Issues

On an ongoing basis, there are typically pending legal issues in which the Town is involved. The Town's management is of the opinion that the potential future settlement of these issues would not materially affect its financial statements taken as a whole.

Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount of expenditures which may be disallowed by the grantor cannot be determined at this time, although the Town expects such amounts, if any, to be immaterial.

Encumbrances

At year-end, the Town's General Fund had \$795,711 in encumbrances that will be honored in the next year.

18. New Pronouncements

The Governmental Accounting Standards Board (GASB) has issued GASB Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements* (P3s and APAs), and GASB Statement No. 96, *Subscription-Based Information Technology Arrangements* (SBITAS), effective for the Town on December 31, 2023. These statements establish new reporting and disclosure requirements for P3s, APAs, and SBITAs. Management is currently evaluating the impact of implementing these GASB pronouncements.

Notes to the Required Supplementary Information for General Fund Budget

Budgetary Basis

The General Fund final appropriation appearing on the previous page represents the final amended budget after all reserve fund transfers and supplemental appropriations.

Budget/GAAP Reconciliation

The budgetary data for the General Fund is based upon accounting principles that differ from GAAP. Therefore, in addition to the GAAP basis financial statements, the results of operations of the General Fund are presented in accordance with budgetary accounting principles to provide a meaningful comparison to budgetary data.

The following is a summary of adjustments made to the actual revenues, expenditures, and other financing sources (uses), to conform to the budgetary basis of accounting.

| | | | Other Financing |
|---|--------------|------------------------|--------------------|
| General Fund | Revenues | <u>Expenditures</u> | Sources (Uses) |
| GAAP Basis | \$ 21,043,95 | 5 \$ 19,958,367 | \$ 285,365 |
| Recognize use of fund balance as funding source | - | - | 600,000 |
| Reverse beginning of year appropriation carryforwards from expenditures | - | - | 1,940,481 |

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

INDEPENDENT AUDITORS' REPORT

To the Board of Selectmen
Town of Pelham, New Hampshire

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the major fund, and the aggregate remaining fund information of the Town of Pelham, New Hampshire (the Town), as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements, and have issued our report thereon dated August 28, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Town's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Town's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

As part of obtaining reasonable assurance about whether the Town's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

| Requirements for Semi-Annual Bi | lling | |

Pursuant to RSA 76:15-a

76:15-a Semi-Annual Collection of Taxes in Certain Towns and Cities - I. Taxes shall be collected in the following manner in towns and cities which adopt the provisions of this section in the manner set out in RSA 76:15-b. A partial payment of the taxes assessed on April 1 in any tax year shall be computed by taking the prior year's assessed valuation times 1/2 of the previous year's tax rate; provided, however, that whenever it shall appear to the selectmen or assessors that certain individual properties have physically changed in valuation, they may use the current year's appraisal times 1/2 the previous year's tax rate to compute the partial payment.

Fund Balance Retention

Enterprise Funds and Current Year Bonds General Fund Operating Expenses

\$0

\$56,448,930

\$25,784

DRA has provided a reference range of fund balance retention amounts below. Please utilize these ranges in the determination of the adequacy of your municipality's unrestricted fund balance, as currently defined in GASB Statement 54. Retention amounts, as part of the municipality's stabilization fund policy [1], should be assessed dependent upon your governments own long-term forecasts and special circumstances. Please note that current best practices published by GFOA recommend, at a minimum, that "...general purpose governments, regardless of size, maintain unrestricted fund balance in their general fund of no less than two months of regular general fund operating revenues or regular general fund operating expenditures." [2],[3]

[1] The National Advisory Council on State and Local Budgeting (NACSLB), (1998), Framework for Improved State and Local Government Budgeting: Recommended Budget Practices (4.1), pg. 17.

[2] Government Finance Officers Association (GFOA), (2009), Best Practice: Determining the Appropriate Level of Unrestricted Fund Balance in the General Fund.
[3] Government Finance Officers Association (GFOA), (2011), Best Practice: Replenishing General Fund Balance.

| 2023 Fund Balance Retention Guidelines: Pelham | | |
|--|-------------|--|
| Description | Amount | |
| Current Amount Retained (13.41%) | \$7,568,313 | |
| 17% Retained (Maximum Recommended) | \$9,596,318 | |
| 10% Retained | \$5,644,893 | |
| 8% Retained | \$4,515,914 | |
| 5% Retained (Minimum Recommended) | \$2,822,447 | |

TRUSTEES OF THE TRUST FUNDS

2023 Annual Report

In February 2023 all necessary reports were electronically filed with the NH Department of Justice, Charitable Trust Division and have been subsequently approved. Our Investment Policy was also updated and submitted to the Attorney General's Office in compliance with State requirements. These documents continue to be available for review on the Town website.

In accordance with Town policy, the yearly audit of all our holdings was performed with no indicated adverse findings. Likewise, in July a separate yearly audit of all school accounts was performed with no adverse findings indicated. In both instances all required audit data was transmitted electronically, which significantly reduced administrative time and costs of duplication. Our thanks To Enterprise Wealth Management for providing and coordinating the transfers of files.

The Trustees have been advised that effective 2024 the Department of Justice, Charitable Trust Division, will allow submittal of the Town's 1008 individual Perpetual Care Trusts to be submitted on an Excel Spread Sheet rather than individually up-loaded onto their site. This change will significantly reduce our up-load time. The Trustees are working with Enterprise Wealth Management to modify their reporting to the town to be consistent with the new DOJ allowed change.

As of November 30, 2023, a total of \$2,765,465 is currently held by the Trustees in various trust and Capital Reserve Funds. Of this total, \$2,382,943 is deposited in an Investment Portfolio which consists of funds contained in Expendable Trust Funds, some with restricted principal and others completely expendable.

As reported by our Investment Advisor, Enterprise Wealth Management, "Year to Date performance of this investment portfolio is up approximately 10% in a market that has seen recovery across many asset classes as the Fed's actions have curbed the risks of rising inflation and lessened fears of a recession. There are still geopolitical tensions across the globe, but the economy and market remain resilient. The US economy has shown signs of strength and stability with strong earnings, balance sheets and positive outlooks. We continue to maintain a small bias towards domestic large cap growth companies but have brought the overall portfolio back towards a neutral overall position relative to the Trust Funds Investment Policy Statement and guidelines. On the fixed income side of the portfolio, we remain neutral in terms of maturity and favor core bonds that should benefit from a more normal rate environment. We do expect yields to come in as the Fed takes action in mid to late 2024. We do not expect rates to get back near that zero percent environment we were at for so long but rather normalized towards long term averages with inflation hovering near 2% and rates in the 3-4% range for the short to medium term.

The balance of \$382,523 is deposited in Certificates of Deposits, Treasury Securities and Money Market Accounts and consists of Capital Reserve Funds which, by state regulations, must be invested separately. Year to Date performance results for this portfolio's holdings are at a positive 3.4% as the market has moved away from the zero percent rate scenarios that we operated in for more than 10 years to an environment where short-term yields hover close to 5%. As legacy maturities happen, we are able to take advantage of these elevated yields without extending out too far on the yield curve. The portfolio remains highly liquid for potential needs for these funds by the town."

A formal detailed, unaudited report of all existing funds is summarized on a November 2023 version of State Forms MS-9 and MS-10 elsewhere in this Town Report. A breakdown of those funds, by category, is summarized as follows:

Breakdown of Trust Funds:

| Restricted Principal Trust Funds | \$ 1,174,725 |
|----------------------------------|--------------|
| Expendable Trust Funds | \$ 1,208,218 |
| Total | \$ 2,382,943 |
| | |

Breakdown of Capital Reserve Funds:

| Capital Reserve Accounts | \$ | 363,,638 |
|---|-----|----------|
| Non-Capital Reserve Funds (Per DRA reported under Capital Reserves) | \$_ | 18,885 |
| Total | \$ | 382,523 |

The Trustees of the Trust Funds would like to express our gratitude to the Selectmen's Office for its continued administrative support in serving our needs during this past year.

The Trustees cordially invite all citizens to contact any one of the Trustees for any questions you may have.

Sincerely,

Ed Gleason Chairman

Demetra Bergeron Secretary

Cindy Ronning Trustee

ASSESSING DEPARTMENT

2023 Annual Report

The Assessing Department manages the fair, accurate listing, and assessment, of all real property in Pelham. To that end we continue the 4-year cycled inspection program started in 2006, where one fourth of the Town is measured & listed each year. In the fifth year, our certification year, we review all credits & exemptions.

We conduct inspections of all building permits for an April 1 deadline and sales throughout the year. We maintain the assessment database and make recommendations to the Board of Assessors (Board of Selectmen) for all abatements, tax credit & exemptions.

We had success in March 2023 passing a 100% exemption for solar energy systems per RSA 72:62, increasing the blind exemption to \$57,800, increasing the eligibility criteria and exempted amount for the elderly exemption and readopting the veterans' credits to include active duty personnel.

For the 2023 tax year Pelham had 5830 properties of which 5611 are taxable. In 2023 assessed values remained the same as for 2022, with exceptions for new construction or additions. When the 2021 revaluation was completed our equalization, rate was 101.4%. Since then, the residential market has remained aggressive and assessed values continued to drop to below **84.3**% of the fair market by the **lien date of April 1, 2023.**

Once assessments are outside of 10% of the fair market, we must decide, using statistical analysis, whether to adjust values closer to fair market. That is not as simple as pressing a button and adjusting all values. There is detailed data collection and statistical analysis involved.

209 Total Qualified sales from October 1, 2022, through September 30, 2023.

| Property | # of | Median Size | Median Sale Price | Median 2023 |
|---------------|-------|-------------|-------------------|-------------|
| Туре | Sales | | | Ratio |
| Single Family | 172 | 2114 | \$615,000 | 84.6% |
| Condominium | 16 | 1591 | \$469,933 | 87.1% |

The following is the official 2023 summary of taxable inventory for Pelham as reported on our MS1:

| Residential Land | \$ 809,621,234 |
|-----------------------------------|-------------------|
| Commercial/Industrial Land | \$ 42,487,980 |
| Current Use Land | \$ 406,640 |
| Total of Taxable Land | \$ 852,515,854 |
| Residential Buildings | \$ 1,723,094,698 |
| Commercial/Industrial Buildings | \$ 96,845,674 |
| Total of Taxable Buildings | \$ 1,819,940,184 |
| Public Utilities | \$ 79,131,109 |
| Total Public Utilities | \$ 79,131,109 |
| Total Valuation before exemptions | \$ 2,751,587,147 |
| Total Optional Exemptions | \$ 11,082,800 |
| Modified Assessed Valuation | \$ 2,737,437,647. |

The modified assessed valuation is used in calculating our tax rate; and the modified assessed valuation minus utilities will be used to calculate our portion of the state education tax in 2025.

When the overall town assessment increases the tax rate typically decreases. However, in 2023 it increased to \$18.19 from

\$17.42 in 2022. Our assessed values modestly increased by 1.014%. The current rate is broken down into local school at **\$10.40**, County at **\$0.97**, Municipal at **\$5.43** and State Education rate at **\$1.39**.

Tax rates and equalization values per year since 2000.

| Year | Ratio | Town | County | School | State | Total | Full Value Tax Rate |
|--------|---------|------|--------|--------|-------|-------|------------------------|
| 2000 | 72.00% | 3.96 | 2.14 | 9.01 | 6.89 | 22.0 | 15.84 |

| 2023 | 84.3 | 5.43 | .97 | 10.40 | 1.39 | 18.19 | 15.00 |

^{*}Revaluation Year ** Statistical Update

The 2023 equalization ratio is estimated to be 84.3%.

Property owners are eligible to seek abatement after the final tax bill has been issued. It is the responsibility of the property owner to prove their assessment is disproportionate to comparable properties or that the value varies greater than 10% from the current year fair market value, or there is some material data error which affects the assessed value or there is financial hardship.

The office is open Monday through Friday 8am to 4pm. Persons wishing to apply for an elderly exemption, veteran's credit, wood burning exemption, solar heat exemption and/or abatement can review information and applications on line at www.pelhamweb.com, 'Assessing Department' or stop by the office to pick up applications and information. Applications are due no later than **15 April for exemptions and credits** and **March 1**st **for Abatements**.

Respectfully, Susan Snide

PELHAM COMMUNITY TELEVISION

2023 Annual Report

PTV and its production team continue to provide Cable Coverage of all Town, and School District governmental meetings (except for sub-committees), Town Meeting Voting results, School Graduations, Academic Award Ceremonies, School Concerts, Memorial Day, Fourth of July, Old Home Day, Horrible's Parade, Festival of Trees, Yuletide, and much more. We also accept, schedule, and playback several productions and shows that are produced outside of PTV but Sponsored or submitted by Pelham residents. We also continue to provide equipment, materials, and expertise for the technical part of several theatre productions each year including lighting, microphones, speakers, video projection, and special effects.

In 2023 PTV continued to upgrade equipment, during the summer I began to build a new broadcast system for the new Town Meeting room. We also work in conjunction with IT Director, Brian Demers, who provides Facebook coverage of Government meetings on the Town's Facebook Page.

As always, PTV equipment, e.g., digital camcorders, tripods, microphones, and live equipment are available for all Pelham residents to use for live shows and/ or the taping of and playing back of any other shows scheduled on PTV. If you are interested in learning more about producing your own show, please contact Jim Greenwood or Linda Doherty at (603)635-8645.

PTV also provides a community TV Bulletin Board for The Town, Schools, and Pelham residents to post non-commercial announcements of upcoming events, contact Linda Doherty at ptv@pelhamweb.com for information on file formats and sizes accepted.

The 2023 Town of Pelham Cable Department operating Budget was \$153,731.00. The funding for PTV and PEG access is funded entirely by receiving approx. 60% revenues from franchise fees the Town receives as outlined in the Franchise Agreement between the Town of Pelham, NH and Comcast, the Town is currently negotiating a new agreement with Comcast which should be completed in early 2023.

CEMETERY TRUSTEES

2023 Annual Report

To the Honorable Board of Selectman and Residents of the Town of Pelham, As year 2023 is in the books, the Cemetery Board of Trustees would like to proudly say that the Board of Trustees and department employees continue to make great strides within the department. The Cemetery employees consist of Sean Cunningham the Cemetery Caretaker Foreman and three part time employees Glen Andreson, Jim Gray and Callen Aubrey. We would like to sincerely thank them for all their dedication throughout the year. Without these men the Towns SIX Cemeteries would not be in the great condition that they are. The six cemeteries in the Town of Pelham are Lyons Cemetery Pulpit Rock Rd, Atwood Cemetery Peacefull Way, Gumpas Cemetery Mammoth Rd, Center Cemetery Old Bridge St, North Pelham Cemetery Keys Hill Rd, and Gibson Cemetery on Marsh Rd.

Our main goal of this department is to operate daily in a positive direction and to accommodate family's needs, and to assist monument companies and funeral staff efficiently. We are proud to announce that after a tremendous amount of planning the Cemetery Department took shipment of the columbarium units in November. The completion goal for the new columbarium section in Gibson Cemetery is scheduled to be completed by Summer of 2024. Spring 2024 cleanup day is April 15, 2024. We ask that you clean off your loved one's graves prior to that date of any seasonal items.

FIRE DEPARTMENT

2023 Annual Report

To the Honorable Board of Selectmen and the Citizens of the Town of Pelham:

As we close out 2023, we honor Fire Chief James Midgley as his career with the Pelham Fire Department has concluded. Chief Midgley's public safety career spans nearly 40 years; of which 23 were spent providing public safety, innovation, and modernization to our organization. He has made tremendous contributions to our fire department as well as the citizens of our community. During his tenure he secured federal grant funding totaling over 1.55 million dollars; these grants lessened the impact on our citizen's tax bills and helped the fire department provide the very best services to our community. Countless other accomplishments were achieved during Chief Midgley's tenure which set our organization up for success. We thank him for his commitment and dedication to our fire department and community. We wish him the best as he begins the next chapter of his life.

As we move forward in the post covid world we continue to adapt to the challenges we face providing fire and medical services to our community. Supply chain issues and rising costs continue to affect nearly every aspect of our profession. Durable medical supplies, medications, and fire related equipment are frequently unavailable, on backorder or have extended lead times. Fire apparatus and ambulances have projected build times of two to three years once the order is placed. Rest assured your fire department has met these challenges with resilience and adapted to the hurdles we've encountered. Long-term planning will be vital as we move forward providing public safety to our community.

Staffing in the fire service continues to be a concern of many organizations. We must recognize the competitive landscape within our profession for recruiting and retaining firefighters. We need to actively engage to develop recruitment and retention strategies and recognize the critical importance of sustaining public safety resources. Despite these challenges, we continue to seek out the very best people to be a part of our team as we know our community deserves only the very best services. We are in constant contact with regional and state partners to stay abreast of the recruitment and retention challenges we face. Our number one priority has and will always be ensuring our citizens are protected.

Your fire department is in a constant state of readiness for our community. A large part of maintaining readiness is training. Fire department members continuously train on fire, medical, hazardous materials, and specialized rescue topics. This training helps develop our members and ensure they are ready to help our citizens in their time of need. This year our members completed nearly 6000 hours of training both locally and regionally. Our continued commitment to training enhances the services we provide to our community and prepares us for the myriad of emergencies we may respond to.

We frequently have citizens tell us they were hesitant or embarrassed to call us. Your fire department is truly an "all hazards" organization. We are committed to helping our citizens and community in any way we can; if we cannot directly fix the issue, we can typically offer advice to ensure your problems get resolved. Please do not ever hesitate to contact us in your time of need or for assistance.

Call volume saw a slight decrease in 2023, but we witnessed an increase in acuity level; meaning we more frequently treated sicker patients. While we cannot identify the exact cause for this statistic a fair assumption may be a fear people have of going to the hospital; a lasting effect of the covid pandemic. As mentioned above please do not hesitate to call upon your fire department if needed.

Simultaneous calls continue to be a factor which affects our services due to resources being committed at other emergencies. This occurs roughly 30% of the time and is consistent year to year. We run a tiered response model which allows us to keep resources available for multiple emergencies in our community, but serious calls require more resources which commit all on duty staffing. We have mutual aid agreements in place to assist when we are committed to other emergencies, so if you see a neighboring community's fire apparatus or ambulance in town this may likely be the reason. These are "mutual" agreements, so we provide the same services to our neighboring communities in their time of need.

On a somber note, we bid farewell to a few of our retired Pelham Fire Department members. Deputy Chief George Garland, Deputy Chief Charles Hobbs III, Firefighter Stephen Straughan, and Firefighter David Avery all passed away this year. Their

Town of Pelham, NH 2023 Annual Town Report – Department Head Reports

commitment to our community does not go unrecognized and our thoughts and prayers are with their families.

As we close out 2023, I want to assure the citizens that the state of your fire department is strong. We continue to adapt to the challenges we face post covid and in this ever-changing world. As always, we greatly appreciate the support we receive from our community; without you we could not provide the services at the level we do and have such a positive impact on our community.

Respectfully submitted,
John Ignatowicz, Acting Fire Chief

Report of Forest Fire Warden and State Forest Ranger

This past year we observed wet weather in late spring and throughout the summer. This led to reduced wildfire activity throughout the state and allowed many of our state firefighting resources to respond to Nova Scotia and Quebec to assist our Canadian neighbors with their record wildfire season. We were also able team up with local fire departments and provide many wildfire trainings throughout the state.

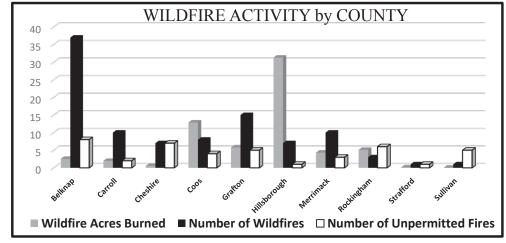

This time of year, we see fires caused by the careless disposal of woodstove ashes. Before dumping your woodstove ashes, you should place them in a covered metal container until they are out cold. Many homes in New Hampshire are located in the wildland urban interface, which is the area where homes and flammable wildland fuels intermix. Every year New Hampshire sees fires which threaten or destroy structures, a constant reminder that wildfires burn more than just trees. Even with the lower wildfire threat in New Hampshire in 2023, properties within the Wildland Urban Interface were still impacted, with 8 structures threatened and 3 destroyed by wildfires. Homeowners should take measures to prevent a wildfire from spreading to their home. Precautions include keeping your roof and gutters clear of leaves and pine needles and maintaining adequate green space around your home free of flammable materials. Additional information and homeowner recommendations are available at www.firewise.org. Please help Smokey Bear, your local fire department, and the state's Forest Rangers by being fire wise and fire safe! We ask everyone to remember Smokey's message about personal responsibility and follow his ABC's: Always Be Careful with fire. If you start a fire, put it out when you are done. "Remember, Only You Can Prevent Wildfires!"

As we prepare for the 2024 fire season, please remember to contact your local Forest Fire Warden or Fire Department to determine if a fire permit is required before doing <u>ANY</u> outside burning. Under State law (RSA 227-L:17) a fire permit is required for all outside burning unless the ground is completely covered with snow. Fire permits are also available online in most

towns and may be obtained by visiting www.NHfirepermit.com. The burning of household waste is prohibited by the Air Resources Division of the Department of Environmental Services. You are encouraged to contact the local fire department for more information. Safe open burning requires your diligence and responsibility. Thank you for helping us to protect New Hampshire's forest resources. For more information, please contact the Division of Forests & Lands at (603) 271-2214, or online at www.nh.gov/nhdfl/. For up-to-date information, follow us on X and Instagram: @NHForestRangers

2023 Annual Report of the Southeastern New Hampshire Hazardous Materials Mutual Aid District

Bruce Breton Selectman, Windham Chairman, Board of Directors

Chief Thomas McPherson, Jr. Windham Fire Department Chairman, Operations Committee

About the District:

The Southeastern New Hampshire Hazardous Materials Mutual Aid District's membership is comprised of 15 communities, covering approximately 360 square miles with a population of over 195,000 people. The district was formed in 1993 to develop a regional approach for dealing with the increasing amounts of hazardous materials being used and transported within these communities.

The district draws its funding from an annual assessment from each community as well as from grants and donations. The FY 2023 operating budget for the district was \$163,900.00. Additionally, in 2023 the district applied for and received federal and other grants for equipment, training, and operational expenses totaling \$170,699.00. These grant awards included funding for equipment maintenance plans, replacement of the Technician trailer, new downrange radios and accessories, new spill control equipment, electric ventilation fans, sampling kit enhancements and a new gas analyzer instrument. This District was able to also sponsor a grant to train HazMat technicians for air monitoring as well as numerous other training programs for team members. The Fire Chiefs from each member community make up the Operations Committee of the District. The Operations Committee is overseen by a Board of Directors consisting of elected representatives from each community. It is the Board of Directors who approves the budget and any changes to the bylaws of the district. The Executive Board of the Operations Committee, which consists of the Chairman, Vice-Chairman, Treasurer, Technical Team Liaison, and one Member-at-Large, manages the operations of the district within the approved budget.

District Facility

The district maintains a facility in Windham that provides space to house several of its response vehicles and trailers, as well as provide office and meeting space for the District Administrator. In addition, the district is able to utilize the facility for monthly training for the Emergency Response Team as well as meeting throughout fire departments within the district.

The Emergency Response Team:

The district operates a Technical Emergency Response Team. This Response Team is overseen by one of the member communities Chief fire officers who serves in the Technical Team Liaison position. The Team maintains a three-level readiness response posture to permit it to immediately deploy an appropriate response to a District community's request for help involving an unplanned release of potentially dangerous chemicals within their jurisdiction. While the Team primarily prepares for response to unplanned accidental chemical releases it is also equipped and trained to deal with a variety of Weapons of Mass Destruction (WMD) scenarios. The team maintains a host of specialized response equipment to deal with chemical and environmental emergencies.

The Emergency Response Team is made up of 30 members drawn from the ranks of the fire departments within the district. The Team consists of six Technician Team Leaders, 21 Hazardous Materials Technicians, and 3 Communication Specialists. In addition to these personnel, the team also includes an industrial chemist from a local industry.

District Resources

The district's response resources include HazMat 1 which is the primary response vehicle and carries chemical detection and identification instruments, containment supplies, plugging, patching and intervention supplies, communication equipment, computer-based and other chemical reference guides as well as chemical protective equipment. The Team's other vehicles consist of a Command Support Unit (CSU), Rehab Truck, two Spill Trailers, a Technician Trailer, an Operations/Spill Trailer, a Firefighting Foam Trailer, an offroad UTV for downrange and remote deployment, an Air Supply/Lighting Trailer, and an SUV command vehicle.

The CSU, HazMat 1 along with the Technician Trailer, the UTV and SUV are housed in our Windham facility, while spill trailers are in Derry and Sandown allowing for rapid deployment of spill control materials throughout the district. The Foam Trailer is housed by Salem Fire, the Operations Trailer is housed by Hooksett Fire and the Air Supply trailer is housed at Chester Fire. Activation of the team is made at the request of the local Incident Commander through the Derry Fire Department Dispatch Center.

The Rehab truck which serves as a firefighter rehabilitation unit is also housed at our Windham facility. This unit is available to our member departments and is equipped with refrigerated cases of water and sports drinks and can serve hot beverages. The truck is also equipped with a heated inflatable shelter to provide first responders with a place to get out of the weather. To remove carcinogens from firefighters as soon as possible, this truck is also equipped with garden hoses, soap, and brushes to assist with the decontamination of firefighters at the scene of a fire or other incident. Staffing of this vehicle is done with a team of dedicated volunteers recruited from some of the district's fire departments along with the Derry Community Emergency Response Team (CERT).

Response Team Training

The Emergency Response Team members have completed 861 hours of training this calendar year. This training consisted of in-person training programs covering hazardous materials incident review, fire foam properties techniques and applications, Palmtop Emergency Action for Chemicals (PEAC) review, hazardous materials simulation equipment, chemical protective clothing, sampling methodologies and decontamination, waterway protection and booming, evidence collection, New Hampshire State Police Bomb Squad overview, radiological monitoring, suspicious package protocols, community target hazard site visits, electric vehicle and lithium battery incident management, leak control techniques, as well full-scale response drills with confined space rescue and hazard monitoring. Team leaders attended the International Association of Fire Chiefs HazMat conference in Baltimore, MD. In addition, through grant funding, the district was able to host approximately 20 hazmat technicians from its member communities in an "Air Monitoring" HazMat training class covering meters, chemical identification and limitations for Haz-Mat incidents. The annual New Hampshire HazMat Conference, sponsored by the New Hampshire Hazardous Materials Collaboration Council provided 21 Team members with nationally recognized speakers and subject matter experts discussing topics such as EV battery incidents and mitigation among others.

Emergency Responses

In 2023 to date, the Hazardous Materials Team responded to 30 incidents. These included an explosion at a business which required firefighting foam protection, a clandestine laboratory mixing toxic chemicals and spill trailer responses for hydrocarbon fuel spills petroleum station incidents, from motor vehicle crashes and home heating oil tank leaks. Other responses included propane emergencies, identifying unknown substances, as well as requests for technical assistance for member departments where a Response Team Leader provided consultation to the fire departments on the handling of an incident. The REHAB team responded to 19 incidents including fire scenes and large-scale training events.

For further information about the Southeastern New Hampshire Hazardous Materials Mutual Aid District, please visit our website at www.senhhazmat.org.

Health Officer

Department Head: Chris Hopkinson, Health Officer

Paul Zarnowski, Deputy Health Officer

> 6 Village Green Pelham, NH 03076

Phone: (603) 635-8233 Fax: (603) 635 8274

Website: www.pelhamweb.com/ health-department

Important Information:

Contact the Health Officer or Deputy Health Officer at (603) 635-7811 directly for questions or information on the following:

- Health ordinances
- Witnessing of soil testing
- Sewage disposal system design, installation, and applications
- Daycare and Foster home inspections (by appointment only)

HEALTH DEPARTMENT

2023 Annual Report

The Health Department consists of the Health Officer and Deputy Health Officer. Their roles involve enforcing public health laws, local ordinances and being a contact for local area concerns. They field local complaints, conduct field investigations for public health nuisances and act as a liaison between the NH DHHS and local Town leadership. They monitor emerging trends and provide the community with health-based education and guidance.

They conducted inspections and generated reports for the licensing requirements of daycares and foster homes. They inspected the community schools to ensure that they were free of any pertinent public health concerns. They fielded calls and complaints related to any possible public health nuisance. When it was felt appropriate, inspections were performed, and situations were remediated. They monitored reports from the Towns vector control contractor to monitor for any increased risk of vector borne illnesses in the area and dispersed education to the public when necessary.

The Health Officer worked with NHDES to monitor the water quality in our lakes and ponds to ensure there were no public health concerns with their use.

They inspected each of the schools to ensure that there were no identifiable health related concerns present that could impact the town's children or employees. They investigated complaints related to sanitation, food service, water quality, etc.

The Health Officer stays current with the latest laws, protocols, ordinances, recent health literature and best practices. They monitor pertinent reports, results, and numbers to help identify any trends. Their goal is to promote a safe and healthy environment for our community to live and thrive in.

Respectfully,

Chris Hopkinson

HIGHWAY DEPARTMENT

2023 Annual Report

To the Board of Selectmen and Residents of Pelham:

The Highway Department plows, sands and salts approximately 113 miles of Town owned roads. In addition, we are also responsible for plowing, sanding, and salting the Town parks, Town building parking lots, and the general maintenance of all Town roads. The Highway Department does sand and salt the Fire Department and the Transfer Station/Recycling Center's lots.

Roads Paved in 2023:

Colonial Drive, Millstone Road, Independence Drive, Skyview Drive, Hinds Lane "Partial", Stevens Road, Bowman Lane, Mayflower Lane, all where shim/Overlaid by Continental Paving, out of Londonderry, NH received the paving bid. Pennichuck Water worked with the Town on reclaiming and paving Wellesley, Vassar, and Radcliff Road.

Roads Crack Sealed in 2023:

Brookview Road, Hearthstone Drive, Homestead Road, Heritage Road, Madison Avenue, Washington Street, Lincoln Street and Jefferson Avenue. Superior Sealcoat, out of Wilmington, Mass received the crack seal bid.

Roads Swept in April/May of 2023: Immaculate Power Sweeping, Pelham, NH.

We received our new catch basin truck and started cleaning our basins ourselves.

We cleaned over 1,600 catch basins in 2023. This truck is a great piece of equipment and will be very helpful in years to come.

Roads Accepted in 2023: Chardonnay Road

Wildwood Road

We would like to welcome Robert Lundy, of Pelham, NH to our team. He started in November 2023.

The New Hampshire Department of Transportation (NHDOT) is responsible for the maintenance, plowing, sanding, and salting of the following roads in the Town of Pelham, NH.

Sherburne Road Route 38 Windham Road

Mammoth Road Keyes Hill Road Old Gage Hill Road

Main Street (from Windham Road to Bridge Street)

If there are any concerns about these State-maintained roads, please call the NHDOT District 5 at 603-666-3336 or 603-271-6862.

November/December 2023: Hall's excavation replaced a culvert on Bush Hill Road, that had failed, they also, installed drainage on Webster Ave.

In closing, I would like to thank all my staff for their outstanding and devoted work during the exceptionally long hours during the winter months this year. The demand of maintaining safe roads for the public is a tall order, but they all do a phenomenal job!

Respectfully submitted,

James Hoffman Highway Director

Important Information:

To sign up for programs or apply for any of our part-time seasonal positions, please see the link to our webpage above.

Four Pickleball courts were added to the Hobbs Community Center campus along with the beautiful Celebrations Garden that surround the courts. The Council on

Aging raised all of the funds needed for this project and it was completed without the use of any tax dollars.

Two new wells were added to parks in 2023. The first well was added to George M Muldoon Park. We had a new well in the plans for Muldoon Park as the existing well was running 23 hours a day to try and keep up with the existing fields at the park. The addition of the T-Ball fields at Muldoon Park made it necessary to add the new well. The second well was added at Dennis P Lyons Park. The well was added to expand the irrigation system to cover the entire park instead of just the multi-use field.

Our website, www.pelhamweb.com/recreation, continues to be the best source for information on all our programs, as well as photos and videos. As noted, we do our best to keep it up-to-date and informative. We have online software (Rec Desk) that any participant may use to register for our programs. Hobbs Community Center offers a bi-monthly newsletter as well as a calendar of events that is published in the Evergreen monthly newspaper. We are pleased to have anyone stop by the

PARKS AND RECREATION / HOBBS COMMUNITY CENTER

2023 Annual Report

This Year's Highlights

- · Parks and Recreation merges with Hobbs Community Center
- · Kathy Carr retires from Parks and Recreation
- · Janine Cabral and Bonnie Caggianelli
- · Pickleball Courts at Hobbs Community Center
- · New wells added to parks

This past year saw some big changes with Parks and Recreation and the Hobbs Community Center. Hobbs Community Center Director, Sara Landry, resigned from her position. She will be missed by co-workers and the many seniors whose lives she touched over the years. The Board of Selectmen made the decision to merge the center with Parks and Recreation, with both departments falling under the direction of Brian Johnson. Long time recreation icon, Kathy Carr, retired. Kathy has been a staple at Parks and Recreation for the past 28 years. She has been a big reason for the success of the department. She will also be missed by co-workers and residents of the Town of Pelham. Janine Cabral was promoted from her part time position to full time. Her experience and dedication to the residents of Pelham will help the department continue its mission of getting Pelham up and playing. Parks and Recreation welcomes new part time employee, Bonnie Caggianelli. Bonnie has deep roots in Pelham and has been involved with many volunteer organizations in town, most notably Pelham Razorback Football and Cheer.

2023 Park Improvements

office with inquiries or discussions and to accept calls or emails. Parks and Recreation office hours are Monday-Friday, 8 am to 4 pm, in the Pelham Municipal Building. Hobbs Community Center is located at 8 Nashua Rd and is open Mon-Fri 8-4PM.

Much appreciation and gratitude to all our many volunteers and our paid staff who made 2023 a wonderful successful year for Pelham Parks and Recreation and the Hobbs Community Center. Many of our programs are dependent on these efforts and goodwill of volunteers, and they are always immensely appreciated. Our plans are to continue to look forward to adding more diversified programming and upgrading facilities in the coming year. We look forward to another terrific year in 2024.

Our best wishes to all our families!

Nashua Regional Planning Commission (NRPC) www.nashuarpc.org

PLANNING DEPARTMENT

2023 Annual Report

The Planning Department's primary function is to aid and provide direction to property owners, residents, elected or appointed officials, developers, etc. regarding the development and use of land. We assist in the creation and amendments of Zoning and Land Use Regulations which are then enforced through this department. We receive a variety of questions through calls and visits regarding existing zoning regulations, potential new developments, and code requirements.

The organization of the Planning Department continues to evolve as we have been busy implementing a new computer software program that includes Permitting, Planning & Zoning, and Code Enforcement modules. It is our goal of this system to provide many of our services online and help streamline the permitting process. This system will give the public the ability to follow their applications throughout each step of the review process. We are hopeful to have the online portion of this system available to the public in early 2024.

Cassidy Pollard served as our Office Manager throughout 2023 until she welcomed the birth of her daughter Maeve in October. Cassidy has been a huge part of the integration of the new system and earned certification through the International Code Council as our first Certified Permit Technician. Cassidy has made the difficult decision not to return to her position at this time so she can concentrate on being a new mom to her baby girl. Cassidy will be missed in our office as she was an excellent addition although we are happy that she has chosen to stay on as the Zoning Board Recording Secretary. I thank you for all her hard work and wish her the best in her new role. In her absence, we have been lucky to have Heidi Zagorski and Jordyn Isabelle filling in to keep the department running smoothly. In addition, Kerry Karalekas and Jeannette Midgley continue to provide a high level of service to the public in a courteous and professional manner.

Roland Soucy, Building / Plumbing Inspector and Tim Zelonis, Electrical Inspector both make themselves available each morning in the office to provide the public access to their expertise and advice. You can typically find them here from 8:00am – 10:00am.

John Lozowski, our Code Compliance Official, oversees compliance with the town's Zoning Ordinance and assists with ensuring new developments and site plans comply with our Land Use Regulations and conditions imposed by the Boards and Commissions.

Dena Hoffman is our Environmental Regulations Compliance Specialist. Her primary responsibility is to keep the Town in good standing with the EPA for stormwater planning, management, permitting, and reporting of the Municipal Separate Storm Sewer Systems (MS4) Federal mandate. This past year, she has also earned her certificate in Soil Science and is continuing to expand her professional development with various training to broaden her abilities to assist the town in more environmental capacities.

This year, the Master Plan Subcommittee wrapped up the nearly 2-year process of the development of the new Master Plan entitled "Our Pelham / Our Plan". It is a result of many hours of work from our subcommittee, our consultants, Resilience Land Use & Design, LLC, and community participation. A Master Plan, authorized by NHRSA 674:2, provides the legal basis for zoning and other land use regulations and provides a vision of where Pelham is today, where we want it to be in the future, along with a road map of how to get there. You can find the draft of this document on the Pelham Website at https://www.pelhamweb.com/master-plan-subcommittee. The Planning Board will hold a public hearing in early 2024 where our consultants will present this plan.

As always, it is a pleasure to work for the Town of Pelham. I would like to thank the Planning Board, Zoning Board, Town Administrator Joe Roark, the Board of Selectmen, and the Budget Committee for their continued support. I wish everyone a safe, healthy, and happy 2024!

Respectfully submitted,

Jenn Beauregard Planning Director

Nashua Regional Planning Commission

2023 Annual Report - Town of Pelham, NH

The Nashua Regional Planning Commission (NRPC) serves thirteen communities in southern New Hampshire including Amherst, Brookline, Hollis, Hudson, Litchfield, Lyndeborough, Mason, Merrimack, Milford, Mont Vernon, Nashua, Pelham, and Wilton. NRPC provides its member communities with comprehensive planning services addressing transportation, environmental, land use, and regional planning issues as well as offering mapping and data services that utilize the latest technologies.

Highlights of key 2023 regional initiatives of benefit to all NRPC communities are summarized below.

Regional Housing Needs Assessment:

In March of 2023, NRPC completed the Regional Housing Needs Assessment (RHNA). The RHNA is intended to assess "[] the regional need for housing for persons and families of all levels of income" as required under RSA 36:47, II. In addition to meeting statutory obligations, the RHNA is meant to aid communities in developing their master plans while providing actionable, realistic solutions for municipalities, businesses, developers, and others on ways to help meet the housing needs of their communities. See the report at nashuarpc.org/land_use/housing.php

Brownfields Assessment Program: NRPC's Brownfields Assessment program provides funding to conduct environmental assessments on sites with known or suspected contamination to

| FY23 NRPC Revenue Sources | |
|----------------------------------|------|
| Special Services & Misc. Revenue | .4% |
| Local Contracts | 9% |
| State of NH Grants | 2% |
| Local Dues | 8% |
| Federal Grants | 9% |
| HHW Program Support | 11% |
| Federal Transportation Funds | 60% |
| | 100% |

safeguard public health and encourage the redevelopment of sites into economically viable uses. Through funding from the EPA, NRPC can cover 100% of the cost of conducting environmental assessments, testing, and reuse planning on qualifying sites. Since the initiation of the current funding round in October of 2022, assessment work has been conducted on several properties including sites in Merrimack, Milford, and Nashua.

Community Transportation Service Provider Lookup: NRPC developed a comprehensive dashboard that enables users to find transportation options in their locality using an interactive map and connect with service providers directly. View the interactive dashboard at Gallery (arcgis.com)

Complete Streets: NRPC collaborates with communities throughout the region that are working to develop local bicycle and pedestrian infrastructure, complete streets, and multi-use trail projects. Activities in 2023 included helping communities pursue grant funding and the bicycle and pedestrian counting program.

Greater Nashua Regional Coordination Council for Community Transportation (RCC7):

The Greater Nashua Regional Coordination Council for Community Transportation (RCC7) works to leverage the efforts and resources of many organizations and individuals to work collaboratively on coordinated strategies to improve community transportation services for all residents in need of assistance. Some RCC7 activities in 2023 included continued collaboration with the Statewide Coordination Council (SCC) and continued support of the regional transportation providers. Since the start of Mobility Management at NRPC, 215 requests for transportation assistance have been processed and 154 outreach events have occurred. For more information, please contact Donna Marceau at donnam@nashuarpc.org or call (603)417-6571.

Household Hazardous Waste (HHW) Collection: On behalf of the Nashua Region Solid Waste Management District (NR-SWMD), NRPC held six HHW Collection events in 2023: 5 in Nashua and one in Pelham. The events are held for residents to properly dispose of hazardous household products such as oil-based paints, solvents, auto products, antifreeze, pesticides, and cleaners. In 2023, the district collected 158,598 pounds of waste from over 1,700 households.

MPO Project Mapper: In support of the Long Range Transportation Plan, NPRC updated the MPO Project Mapper and offered the public an opportunity to provide feedback on transportation issues facing the region using a map-based survey. These GIS applications and others can be viewed at Gallery (arcgis.com).

Nashua MPO Transportation Project Planning Process: As the transportation policy-making organization for the region, the MPO administers the federal transportation process to acquire and spend federal money on transportation improvements in the NRPC region. In 2023, NRPC assisted several communities in identifying and refining bicycle, pedestrian, transit,

Town of Pelham, NH 2023 Annual Town Report – Department Head Reports

bridge, and highway improvement projects for funding through the state's Ten-Year Transportation Improvement Program. The MPO also adopted the FY2023-26 Transportation Improvement Program (TIP) and the FY2023-50 Metropolitan (long-range) Transportation Plan (MTP) in 2023. The TIP and the MTP are the primary transportation planning documents that are required by the Federal Highway Administration (FHWA) and the Federal Transit Administration (FTA). *The TIP* is a four-year work program that lists all regionally significant and federally funded projects, as required by federal transportation legislation. The TIP contains an agreed-upon list of specific transportation improvement projects and associated financial information for the Nashua Regional Planning Commission (NRPC) Metropolitan Planning Organization (MPO). *The MTP* is a comprehensive, multimodal "blueprint" for transportation systems and services aimed at both meeting mobility needs and improving the overall quality of life of residents in the region through the next 25+ years.

NH Lower Merrimack Valley Stormwater Coalition: NRPC continues to serve as the fiscal agent of the Coalition's municipal pooled funds, as well as the physical and virtual meeting host for the Coalition's monthly meetings.

In addition to regional initiatives, NRPC provides comprehensive transportation, land use, environmental, and economic development planning services and delivers extensive mapping and data assistance. As an NRPC member, the Town of Pelham accessed a wide range of benefits in 2023. Some of these are highlighted below.

Conservation Plan: In the spring of 2023, NRPC began working with the Conservation Commission on the development of a Conservation Plan as a follow-up to the town's 2022 Natural Resources Inventory. The plan is anticipated to be completed by the end of 2023.

Discounted New Hampshire Planning and Land Use Regulation Books: In conjunction with the NH Office of Strategic Initiatives, NRPC offers the annual New Hampshire Planning and Land Use Regulation Book to communities at a sizable discount over the retail price.

Pelham's Total Cost Savings in 2023: \$2,183.70

GIS Assistance: NRPC updated prime wetlands mapping for Pelham and completed a proximity analysis of residences within the Little Island Pond watershed. NRPC provided a custom street address map to support the Town's first responders and updated stormwater asset mapping to support the Town's MS4 permit requirements.

Hazard Mitigation Planning: NRPC worked with Pelham's Hazard Mitigation team to complete an update to the Town's Hazard Mitigation Plan. The Federal Emergency Management Agency (FEMA) requires that municipalities update their hazard mitigation plans every 5 years to maintain eligibility for federal mitigation grants. The 2023 update identified critical facilities and areas of concern throughout Pelham, analyzed potential natural hazards and risks to these facilities, and prioritized mitigation measures to address the hazards.

Household Hazardous Waste (HHW) Collection: nashuarpc.org/hhw

NRPC held six HHW Collection events in 2023 for residents to properly dispose of hazardous household products such as oil-based paints, solvents, auto products, antifreeze, pesticides, and cleaners. **178 Pelham households** participated in these events in 2023.

Online GIS and Tax Mapping: nrpcnh.mapgeo.io,nashuarpc.org/PelTaxMap

MapGeo, NRPC's Live Maps App, is the Town's public GIS property viewer. NRPC also maintains Pelham's legally required tax maps.

Pelham Capital Improvement Program (CIP): Annually, NRPC reviews the Pelham Capital Improvement Plan and incorporates new projects and funding recommendations provided by the Town for review and finalization by the CIP Committee.

Trail Mapping: NRPC completed new kiosk maps and trail brochures for Veterans Memorial Park and Merriam Farm.

Transportation & Mobility Guide: NRPC and the Regional Coordination Council for Community Transportation of Greater Nashua produced a brochure that highlights some of the transportation services that are available to Pelham residents. In addition to other transportation services, the Guide lists the Community Volunteer Transportation Company, CVTC, (877)428-2882 which provides extensive volunteer driving services including ADA transport. For a copy of this brochure, please contact the RCC7 Mobility Manager, Donna Marceau at (603)417-6571 or donnam@nashuarpc.org.

NPRC extends heartfelt thanks to citizens and staff who support regional planning, including:

POLICE DEPARTMENT

2023 Annual Report

To the Honorable Select Board and Citizens of Pelham,

I would like to start off the 2023 annual report by thanking the citizens of Pelham for your ongoing partnership with the police department. Your support and collaboration with members of the police department are what continue to make this community one of the best towns in New Hampshire. Our relationships have opened lines of communication that combat crime and address community caretaking issues. The use of our social media and Tip411 has allowed alternative options to forward concerns and support. Our ability to communicate with one another has made this community much stronger.

Community relations remain a top priority as we continue to build trust with the people we serve. Over the past year, we introduced a few new community programs such as Coffee with a Captain, PPD's Tour of Pelham Golden Egg Hunt, One Tow and Free to Go, Pelham Baseball trading card competition and pizza party, and National Night Out. These are a few of the programs that are publicized and involve citizens of all ages. We do not however publicly share information about the supportive relationships and bonds made with citizens suffering from mental illness and/or addiction. We continue to assign one detective as a Drug Treatment and Prevention Officer. That Detective

is available 24/7 to assist and support individuals that are fighting addiction and maintaining recovery. He is also actively involved in Drug Court at the Nashua Superior Court in addition to teaching DARE to the 5th and 7th students in Pelham. Drug awareness will remain a top focus because the State of New Hampshire continues to see an increase in overdose deaths, reaching the highest number we have seen since 2018.

The mental health crisis continues to rise and is often found directly related to drug related calls. As a result, we continue to educate our officers on mental illness. We are working hard to have every officer trained as a member of the Crisis Intervention Team, CIT through the New Hampshire Police Standards and

Training. CIT members go through a weeklong training to better educate officers on the best practices and approach when dealing with people in crisis due to mental illness. We are also regularly accessing outside resources such as the Center of Life Management and RAPID 911 to respond an assist with such calls.

As I mentioned last year and will continue to echo for the years to come, the success of this agency depends on the men and women who show up to work and serve this community every day. They continue to wear their uniform with pride and work hard to resolve community issues or crimes and embrace community-oriented policing. Without their commitment, empathy, compassion, and knowledge, we would not be where we are today. This year I would like to highlight a few of those employees.

First, we would like to honor and recognize Brenda Rizzo for her 35 years of service to the town of Pelham and this police department. Brenda served as the Pelham Police Record Coordinator for the past 35 years. We wish her a happy retirement and thank her for her dedicated service.

Brenda Rizzo

(continued)

Town of Pelham, NH 2023 Annual Town Report - Department Head Reports

I would also like to recognize two employees that many of you see daily throughout the school year while you travel on Marsh Road. Our crossing guards are the unsung heroes of our agency. They work hard and with little recognition to their contribution. They keep morning and afternoon traffic moving so the buses and students can get in and out of school, and they take great pride in their job. We thank Joan Davis and Lois Estell for continuing to come out and keep our students safe, regardless of the weather.

Joan Davis, Left, Lois Estell, Right

Our outlook for the future is bright. We could not be more grateful to the Board of Selectman for their support in awarding some of the American Rescue Plan Act, "ARPA" funding for a new Animal Control Shelter. In the Spring of 2024, a prefabbed animal shelter will arrive and be located directly behind the police department. The ARPA money is federal funding provided to the town as a part of the COVID-19 Stimulus Package that allocated funding to state and local governments. This funding has no impact on the taxpayers, and we are grateful to put it to use to shelter animals that may be lost, stolen, or held pending court-related matters.

Our agency moved into the current police station in July of 2003. In 2003 it was forecasted that we would outgrow our facility in approximately 20 years. True to the forecast, we have outgrown certain areas. Two years ago, we proposed and requested an expansion project through the capital improvements committee. As a Chief who is always looking to open an opportunity for our officers to train and increase officer safety, we decided to renovate some of that space ourselves over the past year. The police station is in the old Sherburne School. In the unfinished preexisting space, there was an old classroom that had chalkboards and shelving on the walls, and old carpet on the floor. A group of members from the police department took down the shelving and chalkboards and refinished the entire room. The goal was to create a space that officers could do defensive tactics and train onsite. We had the flooring donated and we sanded and painted the entire room ourselves. Today we are now proud to say we have a state-of-the-art tactical room. Having this space available also opened the opportunity

for us to host more trainings at our department. The host training facility gets a minimum of two free seats in the designated training class. To date, we held an instructor law enforcement Jiu Jitsu Certification class and certified two officers, we have held Taser Instructor Class and have hosted a RAD self-defense class for women from the community. This year we are grateful that the Board of Selectmen has authorized the use of ARPA funding to finish this expansion project. We will use existing space and finish it to increase the size of the men's locker room, evidence, and records management storage.

Recruitment and Retention

Across the nation, recruitment and retention continue to be a problem for law enforcement. Our agency is no different. This past year we lost one police officer who left policing to enter a full-time job in the private sector and two dispatchers who moved on to other opportunities. The recruitment pool continues to decrease and finding good employees is harder than ever. Our expectations and hiring standards have not and will not be minimized to fill a vacancy. Our background process forces only the best recruits to fill a vacancy. We were very luck to find a replacement for the patrol vacancy. Dakota Clark was officially hired in November of 2023 as our 25th full time police officer, bringing us up to full staffing in patrol. He will attend the full-time police academy in January of 2024. Dakota graduated from the University of Massachusetts Lowell where he was a Division 1 Lacrosse Player. Our dispatch vacancies led us to find two highly qualified residents from the town of Pelham. We have welcomed Madison Monette and Emily Paquette to our team in late 2023.

I would like to conclude by thanking the community, the Board of Selectmen and the men and women of the Pelham Police Department for their continued support and collaboration. We will continue to police fair and impartially and only through the best practices. Your voice matters and we will strive to make this the best community together.

Respectfully,

Anne T. Perriello Chief of Police

PUBLIC LIBRARY

2023 Annual Report

As we enter our 131st year of service, the Pelham Public Library continues to be a valuable resource open to all residents in Pelham by providing free access to information and technology, programs to entertain and inform, and a community center for residents to meet and build experiences together.

In January, the Library began work on the ceiling enclosure of the Earnest J. Law Reading Room. This enclosure provided an additional 550 square feet of gathering space for the Teen Area above and allowed us to increase the amount of provided materials for the growing number of students that visit the library every school day of the year. The work was done beautifully and maintained the lines of the lovely vaulted ceiling that was originally present.

In 2023, the Library saw a 35% increase in circulation of physical materials. We added two new collections based on patron interest and feedback: Video Games and Library of Things. Circulating video games allowed many people to try games before buying them and to experience a wider variety of games than they could purchase on their own. We also established a Library of Things, which contains many items that households may need or wish to use but do not wish to purchase. Examples of 'things' we have for checkout: metal detector, tool set (including a stud detector), laminator, document scanner, EMF meter, knitting needles, 100 foot outdoor extension cord, trail camera, microscope,

pressure washer, two telescopes, and so much more! In the spring, we hope to add gardening tools for borrowing as well.

Digital materials such as downloadable eBooks and eAudiobooks increased 14% in 2023 with over 14,600 titles downloaded. The Library participates in the digital service shared by libraries in NH and run by the NH State library. We are excited to test a new downloadable audiobook service in 2024 that will serve only Pelham cardholders and supplement the shared statewide collection.

The Library sought outreach opportunities to promote library and community services and materials. This year we visited the Middle and High School, attended Police Movie Night, Pelham Old Homes Day, National Night Out, Farmer's Markets, and the Pelham Community Spirit Concerts on the Green. The Friends of the Library in Pelham (FLIP) helped us give back to the community by donating a tree for the Community Spirit Festival of Trees. Our Adopt-A-Planter program is new this year, allowing community members and organizations to adopt the planters in front of the Library to help beautify the front of the building. We've been so pleased that so many have signed up and have created such beautiful planters. Many of the librarians are avid plant lovers, and they started a propagation station for community members to drop off and/or take starter plants, such as spider plants, inch plants, snake plants, and more!

Technology programming at the Library expanded this year to include in-house Tech Talks and hands-on workshops. Al was a hot topic this year, and our *Basics of Al* presentation was well attended both at the library and at the Senior Center. We were also able to integrate some Al tools into our workflows, using them to assist with our social media and marketing. This was also the first full year we were able to offer 3D printing services using our own 3D printer instead of one borrowed from the State Library. The service has been extremely popular, and the new machine has allowed us to increase the speed and quality of our printing. We were able to complete over 500 prints this year at an average cost of about \$1 per print.

The Adult Services department held 67 adult programs including 2 bird walks at Gumpas Pond, lectures from NH Fish and Game on local wildlife, craft and paint nights, and a thriving embroidery club. Adult Services librarian, Julie, assisted with the newly started teen embroidery program. We won two grants through NH Humanities, totaling \$600 to bring programs to the library. Julie also visited the Hobbs Senior Center with our Assistant Director, Danny, monthly to check out items, sign patrons up for library cards or programs, and to offer technology help.

The Teen Department hosted its first *Teen After Dark* event which allowed teens to come into the library after closing from 7pm-midnight for fun and activities to celebrate the beginning of summer. The Teen Department also ran over 400 programs with over 3,000 teen participants. Some programs of note were a newly established embroidery club, bingo, adulting classes, book clubs, and RPG gaming. After the success of our first welcome week in August of 2022, the library hosts two 'welcome weeks' for teens, one at the start of the school year and again after the winter break. These welcome weeks are meant to

help teens feel welcome in the library and to go over guidelines for behavior. Teen Services librarian, Krista, developed more options for students to complete their community service hours, adding virtual volunteer hours for those who cannot attend the Library's other options.

The Children's Department had one of the busiest years in the history of the Library! There were 299 in-person programs held, including story times, after school activities, and scavenger hunts. Over 8,600 people participated. We circulated 23,416 books, DVDs, CDs, and magazines in the Children's Department alone, which is an increase of nearly 14% over circulation in 2022. The literacy program 'Read to a Dog' with Blondie the dog continues to grow in popularity. Blondie's patience and charm create a relaxed atmosphere for children to gain confidence while reading.

Many of the programs hosted by the Library are only possible through the generosity of our Friends of the Library in Pelham (FLIP). FLIP provides museum passes to many local and Boston museums that can be picked up at the library. Over 200 passes were reserved this year, saving residents hundreds in admission fees. FLIP also runs two book sales per year, which allow residents to donate books to be sold and to purchase new materials!

It has been a wonderful and encouraging year to see such growth and participation in the Library. We look forward to the adventure of the new year and seek to continue to provide excellent materials and services to the town of Pelham.

Most popular adult book: Lessons in Chemistry by Bonnie Garmus

Most popular adult DVD: Plane, starring Gerard Butler

Most popular children's book: Don't let the Pigeon Stay Up Late! by Mo Williems

Most popular children's DVD: Paw Patrol the Movie

Most popular YA book: Spy x Family Volume 1 by Tatsuya Endo

TRANSFER STATION AND RECYCLING CENTER

2023 Annual Report

We would like to welcome Billy Lynch, of Pelham, NH, to our staff.

In the year 2023, the Pelham Transfer Station and Recycling Center handled 2,826.24 tons of solid waste (MSW). In the year 2022, we handled 3,139.07 tons of solid waste (MSW). Which is a decrease of 312.83 tons of solid waste (MSW).

We handled 517.24 tons of SSR (mixed paper, plastics, and cardboard). We handled 755.94 tons in 2022. Which is a decrease of 238.70 tons. This is from removing glass, tin and aluminum.

We received \$6,566.70 in revenue for our aluminum cans. This is the first year we started separating the can tonnage from regular revenue.

The Transfer Station has received \$24,130.79, which is for LT Iron, and we received \$1,064.79 for just Irony Alum. In the year 2022, the Pelham Transfer Station and Recycling Center has brought in \$23,234.77 for a combination of Lt Iron and Irony Alum in revenue. Which is an increase of \$1,960.81, in 2023. Our revenue will fluctuate for the price of LT Iron, Irony Alum, due to the market.

Revenue for the clothing was \$3,715.00. In 2022, we received \$1,950.00. Which is an increase in revenue of \$1,765.00.

We recycled 227 mattresses from residents. This is the first year we are sending them to be recycled. In 2023, revenue we received \$11,095.00.

We have received 196 tires from residents in 2023. Revenue for tires is \$1,701.55.

We received 498 freon units from residents. Revenue in 2023 is \$9,924.00.

The grand total of revenue is \$83,054.10, which is an increase from 2022 of \$6,323.58.

In the year 2023, we collected 8,585 gallons of used oil, to recycle.

Pelham hosted our Household Hazardous Waste Event (HHW), on Saturday August 26, 2023, from 8:00am to noon, at the Highway Department. We had 220 cars, out of those 220 cars 132 were Pelham residents.

On December 1, 2023, we started compositing with a company named "Vanguard Renewables". We are hoping this will also alleviate the tonnage in our solid waste (MSW) hauls.

Our 22-year-old compactor was replaced on the MSW (trash) building.

R&D Paving paved a small area of the road in the Transfer Station.

Transfer is always looking for ways to reduce costs while producing more revenue for our taxpayers. Our staff of Bob Long, Ralph Barrett III, Doug Christian, Andrew McNiff, Billy Lynch, and Rhonda Whittier, would like to take this opportunity to personally thank the residents of Pelham, NH who utilize this facility. Your kindness and generosity throughout the year is greatly appreciated.

Respectfully submitted, Robert Long Superintendent

Zoning Board of Adjustment

or visit the Planning Department during regular business hours.

ZONING BOARD OF ADJUSTMENT

2023 Annual Report

The Pelham Zoning Board concluded its 2022-2023 term in April. Long-time Member Jim Bergeron elected not to seek an additional term. Member Jeff Ciara resigned as he and his family were relocating. Alternate Jason Goucher elected not to seek an additional term. Lastly, long-time Member Dave Hennessey resigned in August. Dave served the Town of Pelham for 25 years in multiple capacities. Dave's service was recognized by the Board of Selectmen with a Service Award on December 5th. We extend a heartfelt thanks to Jim, Jeff, Jason and Dave for their insight and their service to the Town of Pelham. With that, the Board welcomed Danielle Masse Quinn, Ken Stanvick and Matt Welch as new Members and Nicole Pigeon as a new Alternate. Danielle is also a Member of the Planning Board; and Ken is also a Member of the Conservation Commission. We look forward to the insight and perspective they will share.

Below is a Table of Cases brought before the ZBA in 2023. Additionally, there are a number of Cases pending before the Housing Appeals Board and/or the Superior Court. The Board continues to adjust to the deliberation format modified by the State Legislature last year; and updated by the Housing Appeals Board this year. Given the number of new Members and Alternates over the last 2 years, the Board has sought additional training and consultation with our Town Attorney on the deliberation format; and on Land Use Ordinances in general.

In addition to the responsibility of reviewing Variance Requests, the Board is charged with granting Equitable Waivers, granting Special Exceptions, and reviewing Appeals of Administrative Decisions. Discussions and deliberations are done in a professional and respectful atmosphere. The Board treats its Members and Alternates, all Applicants, their Supporters, and their Detractors equally and respectfully. We extend our thanks to any and all who have participated in a Hearing this past year.

The Board would like to continue to thank Planning Director Jenn Beauregard, Assistant Planning Director Kerry Karalekas, Recording Secretary Cassidy Pollard, and the entire staff of the Planning Department for their assistance, their counsel, and their professional conduct.

Additionally, the Board would like to thank Jim Greenwood for continued dedication to handling cable coverage and taping our meetings; and to Pelham Community Television for providing televised access to Pelham residents.

The following cases have been heard in 2023 (thru December):

| Applications for Variance | |
|--|--|
| Applications for Special Exception1 Applications Approved | |
| Requests for Rehearing7Requests Granted2Requests Denied/Withdrawn5 | |

| Appeals of Administrative Decision | 4 |
|------------------------------------|---|
| Requests Granted | 0 |
| Requests Denied/Withdrawn | |
| Application for Equitable Waiver | 0 |
| Court Ordered Remand | 0 |
| Board Reconsideration of Decision | 0 |
| Approved | 0 |
| Extension of Approved Variance | n |

The Zoning Board of Adjustment meets on the second Monday of each month at 7:00 P.M. Any resident wishing to bring a matter before the Board should fill out an application at the Planning Department. Information may also be obtained at the Planning Department's Web Site www.pelhamweb.com/planning/_

Respectfully, David Wing Chair

The 1st Thursday of each month at 6:30PM

Location:

Pelham Police Department Community Room 14 Village Green Pelham, NH 03076

AGRICULTURAL COMMISSION

2023 Annual Report

The Agricultural Commission was formed in March of 2020 after being voted in at the March Elections.

The Commission is an advisory role to the Town, and it will recognize, educate, promote, protect agriculture, and encourage agricultural resources with-in the community.

The Commission consists of five full time members and five alternate members appointed by the Board of Selectmen. Initial terms will be appointed for 1, 2, and 3 years and shall thereafter be appointed to a 3-year term.

This year management:

- · Involved and completion of detailed sections in the Master Plan
- Continue to work with other Town boards in our community such as Board of Selectmen and Forestry
- Another great involvement with Festival of the Trees, decorated a tree and bake sale
- · 3rd year of Pelham Farmers Market
- · Composting project
- · Old Home Day Parade

Continued Goals:

- · Community outreach programs
- Fundraising
- · Applying for grants available to Agricultural activities
- · Community garden
- · Livestock meet and greets
- · Help maintain the rural character within our Town

Respectfully submitted,

Pelham Agricultural Commission

Jenny Larson, Chair Danielle Masse-Quinn, Vice Chair Laura Spottiswood, Secretary Steve Doherty, Treasurer Michelle Cooke, Member James Fisher, Alternate Charlene Takesian, BOS Representative

Introduction

The preparation and adoption of a Capital Improvements Plan (CIP) is an important part of Pelham's planning process. A CIP aims to identify and resolve deficiencies in existing public facilities and to anticipate and meet future demand for capital facilities based on current and expected population increases and the citizen's use of public services. A CIP is a multi-year schedule that programs a series of municipal projects and their associated costs. Over the seven-year period considered by the CIP, the plan shows how the Town should maintain, expand, and renovate facilities and services as needed to meet the growing demands of existing as well as new residents and businesses.

A CIP is an advisory document that can serve several purposes, among them:

- To provide the Town of Pelham with a guide to be used by the Budget Committee, Board of Selectman, and School Board for their annual budgeting process (RSA 674:5-8).
- To provide a forward-looking planning tool for the purpose of contributing to the creation of a stable real property tax rate.
- To aid the Town's elected officials, appointed committees, and department heads in the prioritization, coordination, and sequencing of various municipal and school improvements.
- To inform residents, business owners and developers of needed and planned improvements.
- To provide a necessary legal basis for the development and proper administration of the Town's impact fee system (RSA 674:21.V.(b)).

The US Census estimated population of Pelham in 2020 was 14,222, a figure significantly higher than NRPC's prior projection of 13,905 and an increase of 1,357 from the 2010 Census population estimate of 12,897 (Tables 1-2, Figure 1). US Census figures show that Pelham's population experienced rapid growth between 1960 (pop. 2,605) and 1980 (pop. 8,090). From 1980 to 2000, the rate of growth abated slightly with a notable decrease in the growth rate since 2000. The population projections released by the New Hampshire Office of Planning and Development (NHOPD) for 2020 forecast a significantly slower growth rate than in previous decades. The projections show that Pelham continues to grow, with a projected population of 15,754 persons by 2050. This is an average of 51 persons per year over the 30-year projection period, or an annualized growth rate of 0.3 percent.

The NRPC "Region-Wide Buildout Impact Analysis," October 2005, estimates a population at buildout of 24,185 based on zoning current at that time.

Table 1: Historical Population by Decade

Year **Population Annual GR** 1900 875 1910 826 -0.6% 1920 974 1.7% 1930 814 -1.8% 1940 979 1.9% 1950 1,317 3.0% 1960 2,605 7.1% 1970 5,408 7.6% 1980 8,090 4.1% 1990 9,408 1.5% 2000 10,914 1.5% 2010 1.7% 12,897 2020 14,222 1.0%

^{*}Annual GR: Annualized Growth Rate

The Pelham Capital Improvements Plan Committee (the Committee) has prepared this report under the authority of the Planning Board and RSA 674:5-8 (Appendix C). It is the Committee's intention that this report reflects the capital needs of the Town of Pelham for the years 2024 to 2030 and offers critical guidance and practical recommendations to the Board of Selectmen, Budget Committee, School Board, Department Heads, and residents of the Town as an integral part of the annual budgeting process.

Information was submitted to the Committee from all Town Departments, Boards and Committees, which helped form the basis of this document. Although this CIP spans a seven (7) year period, the CIP should be updated every year to reflect changing demands, new needs, and routine assessment of priorities and costs. This document contains those elements required by law to be included in a Capital Improvements Plan.

As indicated, the adoption of a CIP by the Planning Board is a statutory prerequisite to the application of impact fees. The adoption of an impact fee ordinance occurred in 1999, when in October of that year an impact fee schedule was approved to fund a portion of the cost to construct a new elementary school. In late 2005 the Pelham Planning Board rewrote the Impact Fee Ordinance to take advantage of the updates recently done by the Legislature regarding impact fees. The voters adopted the Town's new impact fee ordinance in March of 2006.

Impact fees, however, have significant limitations. They can only be used to offset the proportion of capital expenses attributed to new development. They may not be used to meet existing capital deficiencies. In addition, impact fees collected must be properly used within six (6) years, or the Town must refund unused funds and accrued interest to the developer(s) who paid them.

For the purposes of this document, a capital improvement is defined by its cost and its useful life. Items included have a cost of at least \$75,000 and generally have a useful life of at least three years.

Eligible items include new buildings or additions, land purchases, some studies, substantial road improvements and purchases of major vehicles and equipment. The CIP Committee feels items less than \$75,000 should be placed in the operating budget to focus on the more critical needs identified as community development goals. Operating expenditures for personnel and other general costs are not capital items and therefore are not included in this plan. Expenditures for maintenance or repair are generally not included unless the cost or scope of a project is substantial enough to increase the capacity of a facility, or an improvement is a major long-term repair that maintains the useful life a capital facility.

A brief description of each project prioritized by the CIP Committee and included in the 2024 to 2030 CIP schedule is provided below. Starting dates are not necessarily provided for deferred projects or those categorized as needing research. Typically, deferred projects are not placed on the seven (7) year schedule because of the following:

- There is insufficient information to determine the relative need for a capital improvement and additional research may be required before the Committee would consider allocating the project within the CIP schedule; or
- 2. Based on information available, the Committee has determined there is not a demonstrated need for a project in the next seven years.

The CIP Plan is required by state statute to identify the needs, costs, and scheduling of capital projects, in the most efficient way possible, for the stakeholders in Pelham's future - the taxpayers and citizens of the community.

Financing Methods

In the project summaries below, there are several different local financing methods referenced. Four of these methods require appropriations, either as part of the Town's annual operating budget or as independent warrant articles at Town Meeting. The **1-Year Appropriation** is most common and refers to those proposed projects that are to be funded by real property tax revenues within a single fiscal year. The **Capital Reserve** method requires appropriations over more than one year, with the actual project being accomplished only when the total appropriations meet the project cost. The **Lease/Purchase** method has been used by the fire and highway department for vehicle purchases. **Bonds** are generally limited to the most expensive capital projects, such as major renovations, additions, or new construction of buildings or infrastructure, and allow capital facilities requests to be met immediately while spreading out the cost over many years in the future. A more detailed description of each financing method is provided below.

The **1-Year Appropriation** is most common and refers to those projects with proposed funding from real property tax revenues within a single fiscal year. The CIP committee recommends this approach for irregular Capital needs that do not exceed \$100,000.

The *Capital Reserve method* requires appropriations over more than one year, with the actual project being accomplished only when the total appropriations meet the project cost. The CIP committee recommends this approach for expenditures over \$100,000 and less than \$1,000,000 and for projects or Capital Assets having a known fixed life such as vehicle replacement, building maintenance and road repair. In conjunction with the Capital reserve method of financing, there may be State or Federal monies available to pay for portions of the project, which require the Town to raise their percentage of matching funds prior to receiving these Federal or State dollars. An example is State bridge aid where the town needs to raise their 20% matching share prior to applying for the State 80% share. Identification of these needs early is critical to starting a Capital Reserve in time to fund projects when needed.

The Lease/ Purchase method has been used in the past for the purchase of Fire trucks and Highway department vehicles. Although this is a valid financing method, the CIP would like to recommend that we

get away from this method of payment and stop paying high interest lease payments and start funding vehicle replacement through Capital reserves where the Town pays itself the interest on Capital balances rather than a financing company for the purchase of needed vehicles. The CIP committee feels this would be a substantial tax savings for Pelham residents based on the number of current vehicles and equipment owned by the town along with additional vehicles that will be needed in the future. The annual interest earned or saved on a properly funded vehicle replacement Capital reserve would pay for the cost of certain vehicle replacements when needed.

The Bond or Bank Note method of payment is recommended for Capital Expenditure needs of \$1,000,000 or more. Typically, the most expensive projects such as renovations, additions, or new construction of buildings or infrastructure that allow for capital facilities requests to be met immediately while spreading out the cost over several years in the future. We highly recommend this method of payment on all Capital projects scheduled in the CIP costing over \$1,000,000 and obviously based on our review of historical spending patterns in the town, the year we propose it to you.

Impact fees are also a viable financing method for some portion of future capital improvement needs if they are placed in a fund until they are either expended within 6 years as part of a project financing or returned to the party from which they were collected. The town has adopted an impact fee ordinance.

Other financing methods available to us for funding projects include gifts, grants, and matching funds from any source. All of these can be used to offset the cost of Capital Improvement projects. The CIP recommends that all Department Heads, the School Board, and the Board of Selectmen research and use these methods whenever available to lessen the burden on taxpayers as much as possible even though they will play a less important role in the overall funding of needed projects.

In addition, if there are instances where fiscal resources from outside the community have been committed to help finance a local capital project, the offsetting revenues are shown in association with the proposed capital project. Typical examples are grants, such as for new education buildings or State Transportation Improvement Plan (TIP) matches.

Identification of Department Capital Requests

The Pelham CIP Committee uses worksheet forms that are completed annually and submitted by department heads and committee chairs, to identify and explain project requests. Forms are tailored by the CIP Committee and the Planning Department to prompt information that defines the relative need and urgency for projects, and which enables long-term monitoring of the useful life and value to the community for these projects. The CIP worksheet includes a project description; the departmental priority if more than one project is submitted; the facility service area; the rationale for a project; a cost estimate; and potential sources of funding. The form is included in Appendix B. Following submission of written worksheets and supporting documentation for proposed capital projects, department heads or committee chairs are occasionally asked to come before the CIP Committee to answer questions and

provide any additional information necessary to explain their capital requests and priority ranking. This "one-on-one" discussion provides an opportunity to explain how capital requests meet community development goals. It also provides department heads, committee chairs and the CIP Committee an opportunity to look at alternative approaches available to fund or meet capital needs that will maximize the value of the Town's expenditures for capital improvements while maintaining as level a tax rate as possible over the seven (7) year CIP period.

Priority System

The Committee established a system to assess the relative priority of projects requested by the various departments, boards, and committees. Each project proposed is considered individually by the Committee and assessed a priority rank based on the descriptions below:

| "U"Urgent | Cannot be delayed. Needed for health or safety. |
|-----------------|---|
| "C"Committed | Part of an existing contractual agreement or otherwise legally required. |
| "N"Necessary | Needed to maintain existing level and quality of community services. |
| "D"Desirable | Needed to improve quality or level of services. |
| "F"Deferrable | Can be placed on hold until after 7-year period but supports community development goals. |
| "R"Research | Pending results of ongoing research, planning, and coordination. The project may be important, but the CIP Committee lacks all the information to make a definitive decision. |
| "I"Inconsistent | Conflicts with an alternative project/solution recommended by the CIP. The project is contrary to land use planning or established community development goals. |

Table 4 contains the projects classified by town specific departments as well as the School Department, considered by the Committee in 2023. The information in Table 4 represents all requests for capital projects submitted by each municipal division to the CIP Committee in 2023. The "CIP Committee Priority Recommendations" in the column to the far right describes the rank assigned by the CIP Committee within the seven categories of relative project priority.

NOTES:

- * This project is being funded with ARPA monies, not from tax revenue
- ** The CIP Committee recommends that a Capital Reserve Fund be established
- *** The CIP Committee recommends that \$10,000 be added to the 2024 Fire Department budget to cover the cost of Architectural plans
- ^ A Capital Reserve Fund will be established once there is a quote
- ^^ 50% of the funding for this project is potentially grant monies

Listing and Discussion of Projects by Recommended Priority

"U" -- Urgent: Cannot be delayed. Needed for health or safety.

- II. A. Animal Control Shelter 2024. The current animal control facility is over 40 years old. Due to its age, some of the building systems are old, energy inefficient, and on the brink of failure. Some systems of concern include the HVAC, roofing, fencing, wood portions of the structure, electrical, and water. The current facility does not have any bathroom facilities for the staff or volunteers let alone the citizens. Furthermore, the shelter does not meet the contemporary standards or sizes for properly sheltering, separating, and quarantining animals. The plan calls for an approximately 2000 square foot building that would meet acceptable standards for care, would be ADA compliant, and have a unisex bathroom as well as the other needed improvements and amenities. The Board of Selectman has tentatively agreed to locate the shelter on town land between the Police Station and the Library. This would greatly improve the usability, efficiency, and convenience of the shelter. Placing the shelter on town property would also eliminate the tax exemptions that Pelham Fish & Game is receiving for allowing the shelter on their property.
- II. C. Police Department Records Management System (RMS) 2025-2027. The current Records Management System is nearing the end of its life. IMC, Pelham Police Department's current RMS platform, announced last year that within the next five years, they will no longer be updating or providing support for the existing platform. The Pelham Police Department is currently looking into one replacement platform from Central Square. Central Square provides additional security by moving the server to be based in the cloud rather than having the server physically at the department. The RMS system contains highly sensitive information, including the personal demographics of anyone the department has ever encountered, investigated, stopped, or arrested. Pelham Police is also mandated by law to hold accident reports, incident reports, and arrests for a specific timeline, so having a Records Management System is imperative.
- VI. A **Muldoon Park Playground Renovation 2024.** Muldoon playground was built in 1997. Many of the structures are still in decent shape but a few items need to be addressed due to age and vandalism. The parks and Recreation Department is seeking to replace the existing swings and swing bays, add a shade structure, and replace the existing slide structure. The swing upgrade would replace the existing swings and swing bays with updated swings and the addition of more inclusive swings. The

Town of Pelham Page 12 August 7, 2023

existing swings are starting to show their age and has was noted in the 2022 annual playground audit by the insurance provider as an item to monitor. The Parks and Recreation Department would also like to add a 20'x24' shade structure to the playground, as patrons do not visit in the summer as much because there is currently no shade. Picnic tables will be added under the structure as well. Lastly, the existing slide structure is in need of replacement. The Parks and Recreation Department repaired rotting wood posts by cutting the bottom rotted portions off, pouring new concrete footings, and reattaching the posts. Although the concrete footings are covered with playground chips, they are routinely exposed causing a fall hazard to children. Vandals have also burnt off some of the rubber coating on the stairs and bridge exposing small areas.

X. A. MS4 Structural BMP – 2024. As a requirement of the MS4 (Municipal Separate Storm Sewer System) Permit (EPA Mandated), Pelham needs to install by June 30th, 2024, a structural BMP to help mitigate phosphorus from entering an impaired water body. It was determined that Pelham Veterans Memorial Park (PVMP) would be the most logical location due to the proximity of the bathhouse to the pond. In early July, KNA, Inc. was hired to survey the lot and to provide a plan. That was paid for from last year's MS4 budget. The town does not have the final plan yet, but as of right now was told to put a \$100,000 place holder in the budget (and in the CIP). This project was ranked as Urgent, but also has a CIP Committee Priority Ranking of C, because it is legally required.

"C" --Committed: Part of an existing contractual agreement or otherwise legally required.

- I. A. Main Street Sidewalk Expansion 2024. The NH Department of Transportation (NHDOT) is replacing the Main Street/Gionet Bridge. The Board of Selectmen is requesting the NHDOT to include a sidewalk on the replacement bridge. For that to happen, the Town must do its share by planning for, funding, and constructing a sidewalk to that bridge's sidewalk from both approaches. This project specifically includes engineering, Right of Way acquisition and construction of a sidewalk from the VFW building to the new bridge and from the new bridge to Route 38.
- III. B. Replace Ambulance 2 2025. Ambulance 2 is a 2013 International ambulance on a GMC Chassis. The fire department has changed their ambulance specification to Ford F550 which is slightly smaller and less cost. The department currently operates 3 ambulances with a 12-year cycle. The new vehicle operates for four years as primary response vehicle and then moves to second position where the two older vehicles

rotate to distribute usage. The build time for a new vehicle is 9-18 months. The ambulances currently raise revenue of approx. \$340,000 per year. Ambulance revenues have historically increased over the years along with the EMS call volume. The majority of calls that are handled by the department are EMS at 85%. This project would be a zero-tax impact on the tax rate since the money would be withdrawn from the Ambulance Capital Reserve fund that can only be spent for the purchase of an ambulance.

- XI. A. **Pelham High School Addition 2015.** In March of 2014 Pelham voters approved a new high school addition and renovation of existing space at the current High School location. The total project cost of \$22,654,000 is contractually obligated utilizing a 20-year bond for financing.
- XI. B. **Bond Bank Note 2022-2041**. Memorial School Upgrade/Renovation. Upgrades needed include modern student and staff restrooms, modern locker rooms, science laboratories, staff work rooms, appropriate special education tutoring/testing/classrooms/offices, an upgraded gymnasium, an upgraded cafeteria/kitchen, and an appropriate located/lit/outfitted art room. New space needs include: a music room, band/drama performance space, maker space, main building library/media space, adequate storage space, adequate conference/meeting rooms, and public restrooms. Air quality throughout the building needs to be addressed as well because it would rate extremely poor.

"N" --Necessary: Needed to maintain basic level and quality of community services.

- II. B. **Police Department Remodel/Expansion 2024.** The current police department was constructed in 2003 with the expectation that the agency would outgrow the current finished space in approximately 20 years. The town growth over the past 20 years has caused us to exceed our capacity for custodial evidence, locker room space (we currently do not have enough lockers for the male officers), and our fitness facility is not designated for contemporary police use of force training and fitness training.
- III. C Replace Engine 3 2026. The fire department will be seeking to replace Engine-3 which will be 22 years old when it gets replaced since the vehicle build-time is 18-24 months. This vehicle was purchased without stainless steel body which has caused significant corrosion issues. This vehicle has been out for corrosion issues and repainting, and it will again need corrosion repair and painting before it is replaced, costing approximately \$7,000. This vehicle has served the department well and seen significant use during its time in service. It has been moved to third due because of its age and need for ongoing maintenance.

Town of Pelham Page 14 August 7, 2023

- IV. A. **Replace 2010 Dump Truck 2024.** The truck currently being used by the Highway Department is 13 years old and has been housed outside for 11 years. This vehicle has significant rust on the hydraulic connections and extensive repair bills. The Highway department already has a sander that will fit the replacement truck that should last another 20+ years if taken care of properly.
- IV. B. **Replace 2012 Backhoe 2025.** Necessary replacement of an existing Highway Department vehicle.
- V. A. **F-600 Dump Truck 2024.** Acquiring this vehicle will alleviate hauling fees. The department will be able to separate and deliver valuable metals independently.
- V. B. **Skid Steer 2025.** A new skid steer would replace the existing 2017 JCB. The Highway Department has been spending excessive funds on repairing the existing piece of equipment, with repairs in the last three years totaling approximately \$12,000.
- V. C. **Establish Capital Reserve Fund for 75-Yard Trailer 2030.** The Highway Department is seeking to put aside \$20,000 annually to fund the replacement of the existing 75-yard trailer. Existing Trailer #474 is from 2001 and was rebuilt in 2018/19 for \$40,000. By 2030 the department will need to replace this trailer.
- V. D. Establish Capital Reserve Fund for 100-Yard Trailer 2025. The Highway Department is seeking to put aside \$20,000 annually to fund the replacement of the existing 100yard trailer. Existing Trailer #475 is from 2008 and will be near the end of its life by approximately 2025.
- IX. A. Replace Community Center Bus 2026. The existing bus was purchased in 2016 and is starting to show wear and tear that will require body work to prolong its life. In 2026 this bus will be ten years old and will likely reach end of life.
- XI. C. PES Asphalt Parking Lot & Roadways 2024. Cold planning, clean tack coating, and overlay asphalt parking lot and roadways at Pelham Elementary School. The Pelham Elementary Parking lot is continuing to show wear and damage from constant use by both the schools and the community. Most of the parking lot and roadway is original to the school building from 2002 and will be 22 years old when this area is expected to be repaired. Parking lots are recommended by the state to be replaced or repaired in the interval of every 15-20 years, depending on their condition. Currently, there is no substrate damage to the asphalt. The planned overlay maintenance process will protect the asphalt from becoming more porous, which would result in substrate damage and a much more costly repair.

XI. F. **Replacement of the PHS Student Parking Lot – 2027.** This project proposes to replace the existing porous asphalt student parking lot at Pelham High School that was installed in 2014. Porous pavement can drain water directly through it and eliminates the need for multiple drains. The life expectancy is ten years, and in 2024 the condition of the existing porous pavement will need to be monitored to ensure it is functioning as required. When the lot fails to drain water, it will become unsafe (ice) and need to be replaced.

"D" --Desirable: Needed to improve quality or level of services.

- III. A. Fire Department 4-Bay Garage 2025. The Fire Department is seeking to construct a colonial style 4-bay garage with dormers off the building roof to maximize usable space. The garage would be used for storage that is lacking in the fire station and will be heated with a gas-fired heater and will have electricity. The building would be stick-built construction (with colonial design to meet covenant requirements), have 10'x10' doors, and have a foundation consisting of a four-foot frost wall with a concrete floor. Because the department utilized impact fees for the construction of the statement, there is a requirement that no less than 15% of the programmed space be available for the future. As the fire department grows, there is more need for additional space to meet this requirement. This project was ranked as desirable, but also has a CIP Committee Priority Ranking of R, as additional research must be completed to fully address this need.
- VI. B. Restrooms/Storage/Snack Shack at Raymond Athletic Fields 2024. The Parks and Recreation Department proposes to construct a new building at the Raymond Athletic Fields to include restrooms, storage and a "snack shack". Currently, the site relies on portable toilets. The improvements are proposed to enhance the user experience. Concession sales from the snack shack would be used to support programming.
- VIII. A. **Columbarium 2024.** With the steady increase of cremation burials over the past several years, the Town of Pelham Cemetery Board of Trustees are proposing to develop a columbarium area not only to accommodate the cremation burials but also to preserve the existing Gibson Cemetery for traditional full burials. The columbarium structures will accommodate a total of 288 niches for cremation burials.
- IX. B. Community Center Expansion and Garden/Park 2025-2027. The coronavirus pandemic has caused an epidemic of loneliness and social isolation among older adults, carrying health and emotional risks. Because of this, in 2020 the Pelham NH Council on Aging rented and erected a large outdoor tent on the property behind the

Town of Pelham Page 16 August 7, 2023

Hobbs Community Center to provide safe, outdoor activities for seniors during the COVID pandemic. The tent was well received and there was a waiting list for activities throughout the summer months, as many seniors in the Pelham community live in apartments and do not have access to safe outdoor space. Since then, tent rental prices have increased significantly and the Community Center's participation has drastically increased and is higher than pre-pandemic numbers. This prompted the need to update the existing Community Center and the need for more staff. With donations from community members and businesses, the Community Center was able to erect a shade pavilion, create an outdoor recreation area, and construct two pickleball courts. To finish the remaining updates, the Community Center is seeking funding. The proposed project includes an approximate 1,000 square foot addition to the existing Community Center and the completion of the garden/park space surrounding the pickleball courts. The addition will include a designated reception area, two additional staff offices and a large storage area for program equipment. The garden/park space plan includes greenery, ADA accessible pathways, benches, kiosks, bluebird boxes and bag dispensers for dog waste. This project was ranked as desirable, but also has a CIP Committee Priority Ranking of R, as additional research must be completed to fully address this need.

- XI. D. **PES Air Conditioning System Phase II 2024.** This project proposes to design, build, and install an air conditioning system at Pelham Elementary School including all first-floor classrooms. Phase I was completed in the summer of 2022, including all second-floor classrooms, cafeteria, and kitchen spaces. This project proposes to continue moving forward with the project to design, build, and install an air conditioning system at the Pelham Elementary School. The Pelham School Board will continue to access any available federal funds to support as much of this project as possible to limit the impact on taxpayers.
- XI. E. PES Air Conditioning System Phase III 2025. This project proposes to design, build, and install air conditioning at the Pelham Elementary School including the gymnasium and all other occupied spaces of the building. This phase will complete the project plan to fully air condition the Pelham Elementary School. Phase I was completed in the summer of 2022, including all second-floor classrooms, cafeteria, and kitchen spaces. Phase II is planned for the summer of 2025 and will include all first-floor classrooms. This project proposes to continue moving forward with the project to design, build, and install an air conditioning system at the Pelham Elementary School, and complete the project by air conditioning the gymnasium and all other occupied areas in the building. The Pelham School Board will continue to access any available federal funds to support as much of this project as possible to limit the impact on taxpayers.

"F" --Deferrable: Can be placed on hold until after 7-year period but supports community development goals.

No projects were listed as Deferrable in the 2024 – 2030 CIP.

"R" -- Research: Pending results of ongoing research, planning, and coordination.

Some projects listed as Desirable will also require additional research. These include:

- III. A. Fire Department 4-Bay Garage
- IX. B. Community Center Expansion and Garden/Park

"I" --Inconsistent: Conflicts with an alternative project/solution scheduled by the CIP. Contrary to land use planning or community development goals.

No projects were ranked as Inconsistent in the 2024 – 2030 CIP.

Conclusions

The Program of Capital Expenditures herein provides a guide for budgeting and development of Pelham public facilities. The Planning Board will review and update the CIP each year prior to budget deliberations. The CIP may be modified each year based on changes in needs and priorities.

The CIP Committee is striving to improve the effectiveness of the capital facilities programming process, to have a greater impact on the current year's budget cycle. In the future, the CIP Committee will initiate the CIP planning process earlier in the calendar year. This will enable individual departments to use this information to prepare preliminary budgets for submission to the Town.

The CIP Committee seeks to accurately evaluate the fiscal impacts of projects and return on investment of public funds in capital facilities replacement and development. One piece of information the Committee seeks to understand is how a project's funding is proposed and whether specific funding sources have been identified. This data is presented in the Cost Estimate section of the Project Worksheet. The Impacts on Operating & Maintenance section of the Project Worksheet is also important in assessing the cost/benefit of one solution versus another to meet a department's needs.

There also may be merit in attempting to track the performance of investments in facilities renovation or upgrades and monitoring and forecasting when future replacements or upgrades may be necessary. One recent external development that could affect the municipality is the Government Accounting Standards Board (GASB) adoption of Statement 34 protocols for reporting infrastructure assets. The program's objective is to promote consistent evaluations of municipal financial conditions by providing more detailed and relevant information on the characteristics and conditions of capital equipment. The CIP planning process may provide a forum for encouraging the development of capital asset inventories, accounting for the value of these assets and tracking the useful life and depreciation of municipal equipment and infrastructure. The CIP recommends that all Town and School assets be tracked for life expectancy so that future capital needs may be better anticipated and planned. Updated information regarding the age of existing Town road surfaces will help with that planning in the highway department. Consideration should also be given to expanding the use of Capital reserve Funds for reoccurring capital purchases.

2021 N.H. REVISED STATUTES ANNOTATED

Chapters 674:5 through 674:8

Capital Improvements Program

And

Chapter 674: 21

Innovative Land Use Controls

TITLE LXIV PLANNING AND ZONING

CHAPTER 674 LOCAL LAND USE PLANNING AND REGULATORY POWERS Capital Improvements Program

Section 674:5

674:5 Authorization. – In a municipality where the planning board has adopted a master plan, the local legislative body may authorize the planning board to prepare and amend a recommended program of municipal capital improvement projects projected over a period of at least 6 years. As an alternative, the legislative body may authorize the governing body of a municipality to appoint a capital improvement program committee, which shall include at least one member of the planning board and may include but not be limited to other members of the planning board, the budget committee, or the town or city governing body, to prepare and amend a recommended program of municipal capital improvement projects projected over a period of at least years. The capital improvements program may encompass major projects being currently undertaken or future projects to be undertaken with federal, state, county and other public funds. The sole purpose and effect of the capital improvements program shall be to aid the mayor or selectmen and the budget committee in their consideration of the annual budget.

Source. 1983, 447:1, eff. Jan. 1, 1984. 2002, 90:1, eff. July 2, 2002.

Section 674:6

674:6 Purpose and Description. – The capital improvements program shall classify projects according to the urgency and need for realization and shall recommend a time sequence for their implementation. The program may also contain the estimated cost of each project and indicate probable operating and maintenance costs and probable revenues, if any, as well as existing sources of funds or the need for additional sources of funds for the implementation and operation of each project. The program shall be based on information submitted by the departments and agencies of the municipality and shall consider public facility needs indicated by the prospective development shown in the master plan of the municipality or as permitted by other municipal land use controls.

Source. 1983, 447:1, EFF. Jan. 1, 1984.

Section 674:7

674:7 Preparation. -

- I. In preparing the capital improvements program, the planning board or the capital improvement program committee shall confer, in a manner deemed appropriate by the board or the committee, with the mayor or the board of selectmen, or the chief fiscal officer, the budget committee, other municipal officials and agencies, the school board or boards, and shall review the recommendations of the master plan in relation to the proposed capital improvements program.
- II. Whenever the planning board or the capital improvement program committee is authorized and directed to prepare a capital improvements program, every municipal department, authority or agency, and every affected school district board, department or agency, shall, upon request of the planning board or the capital improvement program committee, transmit to the board or committee a statement of all capital projects it proposes to undertake during the term of the program. The planning board or the capital improvement program committee shall study each proposed capital project, and shall advise and make recommendations to the department, authority, agency, or school district board, department or agency, concerning the relation of its project to the capital improvements program being prepared.

SOURCE. 1983, 447:1. 1995, 43:1, EFF. JULY 2, 1995. 2002, 90:2, EFF. JULY 2, 2002.

Section 674:8

674:8 Consideration by Mayor and Budget Committee. – Whenever the planning board or the capital improvement program committee has prepared a capital improvements program under RSA 674:7, it shall submit its recommendations for the current year to the mayor or selectmen and the budget committee, if one exists, for consideration as part of the annual budget.

SOURCE. 1983, 447:1, EFF. JAN. 1, 1984. 2002, 90:3, EFF. JULY 2, 2002.

TITLE LXIV PLANNING AND ZONING

CHAPTER 674 LOCAL LAND USE PLANNING AND REGULATORY POWERS Zoning

Section 674:21

674:21 Innovative Land Use Controls. -

- I. Innovative land use controls may include, but are not limited to:
 - (a) Timing incentives.
 - (b) Phased development.
 - (c) Intensity and use incentive.
 - (d) Transfer of density and development rights.
 - (e) Planned unit development.
 - (f) Cluster development.
 - (g) Impact zoning.
 - (h) Performance standards.
 - (i) Flexible and discretionary zoning.
 - (j) Environmental characteristics zoning.
 - (k) Inclusionary zoning.
 - (I) Impact fees.
 - (m) Village plan alternative subdivision.
 - (n) Integrated land development permit option.
- II. An innovative land use control adopted under RSA 674:16 may be required when supported by the master plan and shall contain within it the standards which shall guide the person or board which administers the ordinance. An innovative land use control ordinance may provide for administration, including the granting of conditional or special use permits, by the planning board, board of selectmen, zoning board of adjustment, or such other person or board as the ordinance may designate. If the administration of the innovative provisions of the ordinance is not vested in the planning board, any proposal submitted under this section shall be reviewed by the planning board prior to final consideration by the administrator. In such a case, the planning board shall set forth its comments on the proposal in writing and the administrator shall, to the extent that the planning board's comments are not directly incorporated into its decision, set forth its findings and decisions on the planning board's comments.
- III. Innovative land use controls must be adopted in accordance with RSA 675:1, II.
- IV. As used in this section:

- (a) "Inclusionary zoning" means land use control regulations which provide a voluntary incentive or benefit to a property owner in order to induce the property owner to produce housing units which are affordable to persons or families of low and moderate income. Inclusionary zoning includes, but is not limited to, density bonuses, growth control exemptions, and a streamlined application process.

 (b) "Phased development" means a development, usually for large-scale projects, in which construction of public or private improvements proceeds in stages on a schedule over a period of years established in the subdivision or site plan approved by the planning board. In a phased development, the issuance of building permits in each phase is solely dependent on the completion of the prior phase and satisfaction of other conditions on the schedule approved by the planning board. Phased development does not include a general limit on the issuance of building permits or the granting of subdivision or site plan approval in the municipality, which may be accomplished only by a growth management ordinance under RSA 674:22 or a temporary moratorium or limitation under RSA 674:23.
- V. As used in this section "impact fee" means a fee or assessment imposed upon development, including subdivision, building construction, or other land use change, in order to help meet the needs occasioned by that development for the construction or improvement of capital facilities owned or operated by the municipality, including and limited to water treatment and distribution facilities; wastewater treatment and disposal facilities; sanitary sewers; storm water, drainage and flood control facilities; municipal road systems and rights-of-way; municipal office facilities; public school facilities; the municipality's proportional share of capital facilities of a cooperative or regional school district of which the municipality is a member; public safety facilities; solid waste collection, transfer, recycling, processing, and disposal facilities; public library facilities; and public recreational facilities not including public open space. No later than July 1, 1993, all impact fee ordinances shall be subject to the following:
 - (a) The amount of any such fee shall be a proportional share of municipal capital improvement costs which is reasonably related to the capital needs created by the development, and to the benefits accruing to the development from the capital improvements financed by the fee. Upgrading of existing facilities and infrastructures, the need for which is not created by new development, shall not be paid for by impact fees.
 - (b) In order for a municipality to adopt an impact fee ordinance, it must have enacted a capital improvements program pursuant to RSA 674:5-7.
 - (c) Any impact fee shall be accounted for separately, shall be segregated from the municipality's general fund, may be spent upon order of the municipal governing body, shall be exempt from all provisions of RSA 32 relative to limitation and expenditure of town moneys, and shall be used solely for the capital improvements for which it was collected, or to recoup the cost of capital improvements made in anticipation of the needs which the fee was collected to meet.

- (d) All impact fees imposed pursuant to this section shall be assessed at the time of planning board approval of a subdivision plat or site plan. When no planning board approval is required or has been made prior to the adoption or amendment of the impact fee ordinance, impact fees shall be assessed prior to, or as a condition for, the issuance of a building permit or other appropriate permission to proceed with development. Impact fees shall be intended to reflect the effect of development upon municipal facilities at the time of the issuance of the building permit. Impact fees shall be collected at the time a certificate of occupancy is issued. If no certificate of occupancy is required, impact fees shall be collected when the development is ready for its intended use. Nothing in this subparagraph shall prevent the municipality and the assessed party from establishing an alternate, mutually acceptable schedule of payment of impact fees in effect at the time of subdivision plat or site plan approval by the planning board. If an alternate schedule of payment is established, municipalities may require developers to post bonds, issue letters of credit, accept liens, or otherwise provide suitable measures of security to guarantee future payment of the assessed impact fees.
- (e) The ordinance shall establish reasonable times after which any portion of an impact fee which has not become encumbered or otherwise legally bound to be spent for the purpose for which it was collected shall be refunded, with any accrued interest. Whenever the calculation of an impact fee has been predicated upon some portion of capital improvement costs being borne by the municipality, a refund shall be made upon the failure of the legislative body to appropriate the municipality's share of the capital improvement costs within a reasonable time. The maximum time which shall be considered reasonable hereunder shall be 6 years.
- (f) Unless otherwise specified in the ordinance, any decision under an impact fee ordinance may be appealed in the same manner provided by statute for appeals from the officer or board making that decision, as set forth in RSA 676:5, RSA 677:2-14, or RSA 677:15, respectively.
- (g) The ordinance may also provide for a waiver process, including the criteria for the granting of such a waiver.
- (h) The adoption of a growth management limitation or moratorium by a municipality shall not affect any development with respect to which an impact fee has been paid or assessed as part of the approval for that development.
- (i) Neither the adoption of an impact fee ordinance, nor the failure to adopt such an ordinance, shall be deemed to affect existing authority of a planning board over subdivision or site plan review, except to the extent expressly stated in such an ordinance.
- (j) The failure to adopt an impact fee ordinance shall not preclude a municipality from requiring developers to pay an exaction for the cost of off-site improvement needs determined by the planning board to be necessary for the occupancy of any portion of a development. For the purposes of this subparagraph, "off-site improvements" means those improvements that are necessitated by a

Town of Pelham Page 30 August 7, 2023

development, but which are located outside the boundaries of the property that is subject to a subdivision plat or site plan approval by the planning board. Such offsite improvements shall be limited to any necessary highway, drainage, and sewer and water upgrades pertinent to that development. The amount of any such exaction shall be a proportional share of municipal improvement costs not previously assessed against other developments, which is necessitated by the development, and which is reasonably related to the benefits accruing to the development from the improvements financed by the exaction. As an alternative to paying an exaction, the developer may elect to construct the necessary improvements, subject to bonding and timing conditions as may be reasonably required by the planning board. Any exaction imposed pursuant to this section shall be assessed at the time of planning board approval of the development necessitating an off-site improvement. Whenever the calculation of an exaction for an off-site improvement has been predicated upon some portion of the cost of that improvement being borne by the municipality, a refund of any collected exaction shall be made to the payor or payor's successor in interest upon the failure of the local legislative body to appropriate the municipality's share of that cost within 6 years from the date of collection. For the purposes of this subparagraph, failure of local legislative body to appropriate such funding or to construct any necessary offsite improvement shall not operate to prohibit an otherwise approved development. (k) Revenue from impact fees imposed upon development and collected by a municipality under RSA 674:21, V for construction of or improvement to municipal road systems may be expended upon state highways within the municipality only for improvement costs that are related to the capital needs created by the development. Such improvements may include items such as, but not limited to, traffic signals and signage, turning lanes, additional travel lanes, and guard rails. No such improvements shall be constructed or installed without approval of the state department of transportation. In no event shall impact fees be used for any improvements to roads, bridges, or interchanges that are part of the interstate highway system. Nothing in RSA 674:21, V shall be construed as allowing or authorizing additional impact fees merely by virtue of having approved the expenditure of collected fee revenue for construction of or improvement of state highways, nor shall it be construed as allowing the adoption of new impact fees devoted to assessing impacts to state highways.

(I) No later than 60 days following the end of the fiscal year, any municipality having adopted an impact fee ordinance shall prepare a report listing all expenditures of impact fee revenue for the prior fiscal year, identifying the capital improvement project for which the fees were assessed and stating the dates upon which the fees were assessed and collected. The annual report shall enable the public to track the payment, expenditure, and status of the individually collected fees to determine whether said fees were expended, retained, or refunded.

- (a) In this section, "village plan alternative" means an optional land use control and VI. subdivision regulation to provide a means of promoting a more efficient and costeffective method of land development. The village plan alternative's purpose is to encourage the preservation of open space wherever possible. The village plan alternative subdivision is meant to encourage beneficial consolidation of land development to permit the efficient layout of less costly to maintain roads, utilities, and other public and private infrastructures; to improve the ability of political subdivisions to provide more rapid and efficient delivery of public safety and school transportation services as community growth occurs; and finally, to provide owners of private property with a method for realizing the inherent development value of their real property in a manner conducive to the creation of substantial benefit to the environment and to the political subdivision's property tax base. (b) An owner of record wishing to utilize the village plan alternative in the subdivision and development of a parcel of land, by locating the entire density permitted by the existing land use regulations of the political subdivision within which the property is located, on 20 percent or less of the entire parcel available for development, shall grant to the municipality within which the property is located, as a condition of approval, a recorded easement reserving the remaining land area of the entire, original lot, solely for agriculture, forestry, and conservation, or for public recreation. The recorded easement shall limit any new construction on the remainder lot to structures associated with farming operations, forest management operations, and conservation uses, and shall specify that the restrictions contained in the easement are enforceable by the municipality. Public recreational uses shall
 - (c) The submission and approval procedure for a village plan alternative subdivision shall be the same as that for a conventional subdivision. Existing zoning and subdivision regulations relating to emergency access, fire prevention, and public health and safety concerns including any setback requirement for wells, septic systems, or wetland requirement imposed by the department of environmental services shall apply to the developed portion of a village plan alternative subdivision, but lot size regulations and dimensional requirements having to do with frontage and setbacks measured from all new property lot lines, and lot size regulations, as well as density regulations, shall not apply.

be subject to the written approval of those abutters whose property lies within the village plan alternative subdivision portion of the project at the time when such a

public use is proposed.

(1) The total density of development within a village plan alternate subdivision shall not exceed the total potential development density permitted a conventional subdivision of the entire original lot unless provisions contained within the political subdivision's land use regulations provide a basis for increasing the permitted density of development within a village plan alternative subdivision.

Town of Pelham Page 32 August 7, 2023

- (2) In no case shall a political subdivision impose lesser density requirements upon a village plan alternative subdivision than the density requirements imposed on a conventional subdivision.
- (d) If the total area of a proposed village plan alternative subdivision including all roadways and improvements does not exceed 20 percent of the total land area of the undeveloped lot, and if the proposed subdivision incorporates the total sum of all proposed development as permitted by local regulation on the undeveloped lot, all existing and future dimensional requirements imposed by local regulation, including lot size, shall not apply to the proposed village plan alternative subdivision.
- (e) The approving authority may increase, at existing property lines, the setback to new construction within a village plan alternative subdivision by up to 2 times the distance required by current zoning or subdivision regulations, subject to the provisions of subparagraph (c).
- (f) Within a village plan alternative subdivision, the exterior wall construction of buildings shall meet or exceed the requirements for fire-rated construction described by the fire prevention and building codes being enforced by the state of New Hampshire at the date and time the property owner of record files a formal application for subdivision approval with the political subdivision having jurisdiction of the project. Exterior walls and openings of new buildings shall also conform to fire protective provisions of all other building codes in force in the political subdivision. Wherever building code or fire prevention code requirements for exterior wall construction appear to be in conflict, the more stringent building or fire prevention code requirements shall apply.
- VI. In this section, "integrated land development permit option" means an optional land use control to allow a project to proceed, in whole or in part, as permitted by the department of environmental services under RSA 489.

COMMUNITY POWER COMMITTEE 2023 Annual Report

To All Our Friends and Neighbors, the Residents of Pelham,

It is with great enthusiasm that we submit this inaugural annual report for the Pelham Community Power Committee, as the Board of Selectmen approved the formation of our Committee in May of this year. We are excited about the hard work and results this Committee has produced to date. Before we get into all that, however, we'll start with a brief background.

Community Power Aggregation has been available in New Hampshire since 1996; however, impediments to its successful implementation existed until legislative changes occurred in 2019. The updates to RSA 53-E allowed Community Power Aggregation programs to be established on an "opt-out" basis. This allows communities to reach the critical mass needed to negotiate electric supply contracts and means that Community Power can now be the default energy source for customers unless they choose otherwise.

The mission of Pelham Community Power is to bring new electricity supply choices for Pelham residents and businesses, with a primary goal of achieving cost savings when compared to the utility default rate. As a matter of fact, the Program, if approved by voters on March 12, 2024, would not go "live" unless

such savings can be achieved. As consumer choice is an essential part of the Program, additional renewable energy options would also be provided at customers' election.

Since our first meeting in June, we have developed an implementation timeline; partnered with community power consultant, Standard Power; held two public hearings; published, and received and analyzed approximately 200 responses to a community power survey; and submitted our Committee's recommended Community Power Plan to the Board of Selectmen for their approval. Once approved by the Board of Selectmen, we will submit to the Public Utilities Commission as one additional (and required) layer of review to confirm its adherence to statutory requirements.

Public input is such an important part of this process, and we were thrilled with the level of interest and response to the survey and during public hearings. Not only did a vast majority of survey respondents indicate cost savings as their number one priority (we wholeheartedly agree!), well over half noted a willingness to incorporate additional renewable energy sources into their supply if it was comparable to or only slightly more than the default energy supply rate.

We will ask for your support to achieve these energy savings for residents and businesses on the March 12, 2024 ballot. With your approval, we would join several other New Hampshire Towns and Cities in offering our residents additional energy options and savings. For more information and updates from our Committee, please visit us at our Facebook Page at #Pel-hamNHCommunityPower or on our Town webpage at www.pelhamweb.com/pelham-community-power-committee.com.

In closing, we are honored and energized to be leading this important initiative that will have a long-term positive financial impact for residents and businesses in Pelham.

Respectfully submitted,

Pelham Community Power Committee Brett Gagnon, Chair Matthew Rice, Vice Chair Troy Bressette, Secretary Sharon Jozokos, Member

Conservation Commission

Conservation Commission Meets:

The 2nd Wednesday of each month at 7:00PM

Location:

Sherburne Hall Town Municipal Building 6 Village Green

2023 Annual Report

We had 8 meetings during the year 2023. Meetings in February, June, July and August were canceled due to lack of hearing requests. However it has been a busy year for me as the Chair of the Conservation Commission. I continue to have a lot of things that I am still learning as well as many items to get up to speed.

However during the past 12 months we have heard 9 cases involving a dredge and fill permit to install an ultrasonic device in Long Pond to control Cyanobacteria, a Conser-

vation Subdivision on Spaulding Hill Road, Single family house to be built in Mixed use zone, Removing trees in a WCD, a 65 unit multi-family structure driveway in a WCD, a dumpster in the WCD and a Public Hearing on a proposed purchase of land.

We were also involved on site walks with the Zoning Board of Appeals during the year and rendered our recommendations where asked. We have worked closely with the Forestry Committee and Agricultural Commission and the Parks and Recreational Department to improve transparency and communications. Additionally, I have worked with the Planning Department to create the new Master Plan for Pelham.

We have also worked with several people and Pelham's Environmental Specialist to develop a conference to increase awareness of the steps needed to have healthy water bodies in Pelham, namely Long Pond, Gumpus Pond and Little Island Pond.

We have also worked with other citizens to conserve land by purchase or easement to continue expanding Pelham's Open Spaces and Trail Systems attempting to meet our Master Plan objective to make 25% of Pelham Open Space maintaining our rural charm and beauty.

Please find the list of members below. If you wish to communicate with any one of us, please go to the Town website at www.pelhamweb.com and under Boards click on Conservation Commission and at the bottom of our webpage you will see the list below. Click on the name of any member and an email form will pop up with which you can send a message and attach files up to 2 MB.

| Name | Title | Term Exp. |
|----------------------|------------------|-----------|
| Nathaniel Al Steward | Chair | 2024 |
| Mike Gendreau | Vice-Chair | 2025 |
| Paul Gagnon | Member | 2024 |
| Kelvin Webster | Member | 2026 |
| Karen MacKay | Member/Secretary | 2024 |
| Ken Stanvick | Member | 2025 |
| David Abare | Member | 2026 |
| Kara Kubit | Alternate | 2025 |
| Scott Bowden | Alternate | 2024 |
| Jesse Vaughan | Alternate | 2026 |

I would also like to note that the Conservation Commission has a member on the Zoning Board of Adjustment to improve interdepartmental communications. Other Major tasks we completed was the 2023 Conservation Plan which is the baseline for developing and scheduling tasks to meet its goals for the next ten years.

Also, we have and will continue to update the Conservation Commission's web pages.

We are fortunate to have members that continue to update the Facebook page for the Pelham Conservation Commission.

I would like to especially thank the citizens of Pelham this year for continuing to support Conservation in Pelham. Respectfully submitted,

N. Al Steward

ECONOMIC DEVELOPMENT COMMITTEE

2023 Annual Report

Economic Development Updates:

The Economic Development Committee was re-established in August 2023. We have a Pelham Economic Development page on the Town's Website: With the perfect blend of affordable, available land, robust infrastructure and easy access to major highways and urban centers, Pelham NH offers unparalleled opportunities for growth and development. NH's low tax rate and lack of sales tax combined with an educated workforce and affluent consumers make our town the obvious choice for opening or expanding your business.

Mission:

The Mission is to bring business to Pelham that will alleviate the tax burden on residents and add to the community.

Conclusion:

The Pelham Economic Development Committee is working to attract new businesses and boost the local economy. We are taking action on a number of fronts, including creating a welcome website page for potential businesses, developing

an economic development package for interested parties, contacting grocery stores, cleaning up old accounts, updating bylaws, and exploring mixed-use zoning options. The committee also plans to join the Regional Economic Development Center. We are committed to working with the community to create a thriving and prosperous Pelham.

Respectfully submitted,

Kimberly Abare, Chair 2026 John Jeanson, Vice Chair 2026 Jaie Bergeron, Board of Selectmen Representative

FORESTRY COMMITTEE

2023 Annual Report

"STEWARDS OF OUR TOWN FORESTS AND CONSERVATION LANDS" It's now been over 4 decades (1980) since our Town Forestry Committee has been one of the many cogs that have worked with countless volunteers with a common goal of planning, preserving, and protecting forested Town owned lands. Between forests, parks, open space, wetlands, wildlife habitats, scenic venues, and many other forested natural resources. We take pride working together with the Town's other boards like the Agricultural Commission, Conservation Commission, Planning Board, Board of Selectmen and the Parks and Recreation Department. We strive to make sure that all citizens of Pelham have access to and can enjoy their Town land in many ways, while making sure our first responders can easily and safely make their way through our close to 3,000 acres of protected land.

As the freshman chair, it's been eye-opening to the number of people who share so much enthusiasm in enjoying and assisting with maintaining the land we manage. The suspicions I always had about how the pulse of Pelham thrives to maintain its rural appeal, have come to fruition with the conversations I have on a daily basis. Our plan for the next year will be to continue to listen, develop and work on ways to continue to make improvements. The following are some spotlights our committee would like to share:

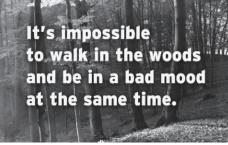

- The continued success of Linda's hike challenge has us just under 50 people.
- The Blue Bird Society has been a huge success and would love to expand.
- The Agriculture Commission has laid out an idea of a community garden and continues to consider land under management from Forestry.
- Our trail adopter and trail maintenance crew has grown to just under 70 people!
- We are working on a program to help educate people in town about invasive plant species and how to manage them.
- Timber harvests are completed in multiple areas to promote regeneration, lower risk for fires, trail planning along with many other benefits.
- · Updated kiosks maps.
- Worked with Police and Fire to remove all boulders and obstructions to make access much easier for emergency use.

As we move into another year, we have some new and exciting ideas to expand on for more people (and pets) to enjoy. I am so lucky to have such an amazing group of members who can work together for the same common goal.

Thanks to everyone involved!

Mike Gendreau – Chair 2025 Ray Brunelle – Vice Chair 2026 Linda Irish-Simpson – Member 2024 Paul Gagnon – Member 2025 Bob Lamoureux – Member 2024

Planning Board Meets:

The 1st and 3rd Monday of the month at 7:00PM

Location:

Sherburne Hall Town Municipal Building 6 Village Green

PLANNING BOARD

2023 Annual Report

This year the Planning Board had only one major change to its membership. The Selectmen replaced Kevin Cote and appointed Charlene Takesian to be the Planning Board's Selectmen representative. Charlene Takesian wasted no time digging in and doing the necessary research to be a valuable member participating in all meetings and several committees.

The elections resulted in James Bergeron and Joe Passamonte each receiving three (3) more years of voluntary service to our Town.

The Planning Board reappointed Danielle Masse Quinn as Secretary, James Bergeron as Vice Chairman and Timothy Doherty as Chairman.

Danielle Masse Quinn has replaced James Bergeron as the crossover member to the Zoning Board of Adjustment.

After eighteen (18) months of hard work and dedication, the Pelham Master Plan Subcommittee and Resilience Planning & Design, LLC completed the new 2023 "Our Pelham Our Plan" Master Plan.

We would like to thank the members below for volunteering their time on the Pelham Master Plan Subcommittee:

Samuel Thomas, Chair and Planning Board Member
Danielle Masse Quinn, Vice Chair, Secretary, Planning Board Member
and Agricultural Commission Member
Jaie Bergeron, Selectmen's Representative
Jennifer Beauregard, Planning Director
James Bergeron, Planning Board Member
Roger Montbleau, Planning Board Member
John Spottiswood, Planning Board Member and Agricultural

Commission Member

Dave Hennessey, Board of Adjustment Member

Bob Sherman, Budget Committee Member

Bob Lamoureax, Forestry Commission Member

Al Steward, Conservation Commission Member

Darlene Greenwood, Pelham Public School System Member

Yvonne La-Garde, Counseling of Aging Member

Jeff Gowan, Retired Pelham Planning Director Member

Cyndi Fournier, Hobbs Community Center Member

Donald Smith, Member

Sahil Parikh, Member

Darby Wilson, Student Intern Member

The Planning Board would like to extend our gratitude to Resilience Planning and Design, LLC members Steve Whitman, Liz Kelly, and Crystal Kydd for creating an impressive Master Plan for our Town.

The Planning Board would also like to thank the Pelham residents for their feedback and input and for being a huge part of the creation of the new 2023 Pelham Master Plan.

The Planning Board has been dedicated and continues addressing the concerns of water quality, natural resources, public health, and safety and will continue its efforts to find the balance with this year and into the next.

The Planning Board has seen an increase in applicants applying for Accessory Dwelling Units (ADU's) and have been favorable to approve to assist in the affordability of housing while keeping generations of families together.

Town of Pelham, NH 2023 Annual Town Report - Boards, Commissions, & Committee Reports

The Town's Recording Secretary position has been filled full-time by Heidi Zagorski who is doing an amazing job. The Planning Board appreciates her and thanks her for her dedication to the Board.

The Planning Board would like to thank our Planning Director Jennifer Beauregard for her continued professionalism. Jennifer Beauregard also participates on several sub-committees for the Board and continues to be a valuable member when doing so.

As stated in the 2023 Pelham Master Plan:

"Pelham strives to maintain its small-town heritage and rural character by balancing the need to plan for changing housing and economic realities with the protection of its historic charm, natural resources, and rural neighborhoods..."

The Planning Board will continue to strive to keep the future development in line with the rural character of our Town.

Respectfully submitted,

Timothy Doherty, Chairman, Pelham Planning Board Danielle Masse Quinn, Secretary, Pelham Planning Board

Water Commission

Committee Chair: Kimberly Abare

Selectmen's Office 6 Village Green Pelham, NH 03076

Phone: (603) 635-8233 Fax: (603) 635-6954

Website: www.pelhamweb.com/ water-commission

WATER COMMISSION

2023 Annual Report

Grants:

In 2023, the Pelham Water Commission received two grants totaling \$150,000 to advance the town's water supply plan. The grants were awarded by the New Hampshire Department of Environmental Services and the MtBE Bureau.

The Strategic Planning Grant will be used to conduct a groundwater study and to review potential water sources, including the development of the town's aquifer, potential sources from Hudson, and potential sources from Salem, or the new waterline potentially coming down from Londonderry. The MtBE Bureau grant will be used to map out pipeline routes throughout the town, addressing both quantity and quality of water issues.

The grants are a significant investment in the town's water supply, and they will help to ensure that Pelham residents have a reliable and sustainable water supply for many years to come.

Pennichuck Restructuring:

Pennichuck, the water utility that serves Pelham, is restructuring its corporate structure to be one entity instead of three. This consolidation is expected to re-

sult in lower rates for customers. The Public Utilities Commission will hold a hearing on the Consolidated Rate Case shortly. Pennichuck will be releasing a notice to all customers at that time, along with a list of Frequently Asked Questions.

Other Updates:

In addition to the grants and Pennichuck restructuring, the Pelham Water Commission also made the following updates in 2023:

- The Commission met on August 3, 2023, and authorized Town Administrator Roark to submit grant paperwork to the Department of Environmental Services.
- The Commission is awaiting a project completion date from its engineers, Weston and Sampson, due in June 2024. This report will allow us to apply for a large grant from the State to lay water pipes.
- The Commission is also waiting on Massachusetts State Representative Colleen Garry from Dracut to file a
 Home Rule Petition with the Massachusetts legislature for the 134,000 gallons/day from Dracut.

Recommendations:

The Pelham Water Commission recommends that all Pelham residents participate in water testing to ensure the safety and quality of their water supply. Residents can contact New England Radon for special water testing rates.

Conclusion:

The Pelham Water Commission is committed to providing Pelham residents with a reliable and sustainable water supply. The Commission is making significant progress on the town's water supply plan, and the two grants awarded by the New Hampshire Department of Environmental Services will help to ensure that the plan is successful.

The Commission also appreciates the patience and understanding of Pelham residents as they work to develop a plan for the future. The Commission will continue to provide updates on the water supply plan as it progresses.

Town of Pelham State of New Hampshire 2024 Town Meeting

To the inhabitants of the Town of Pelham, in the County of Hillsborough and the State of New Hampshire, qualified to vote in Town affairs, you are hereby notified of the following annual Town Meeting Schedule.

First Session of Annual Meeting (Deliberative Session)

You are hereby notified to meet at the Sherburne Hall, 6 Village Green, Pelham, New Hampshire on Tuesday, February 6, 2024, at 7:00pm. This session shall consist of explanation, discussion, and debate of warrant articles numbered 2-14. Warrant articles may be amended subject to the following limitations: (a) warrant articles, the wording of which, is prescribed by law shall not be amended and (b) warrant articles that are amended shall be placed on the official ballot for a final vote on the main motion, as amended.

Second Session of Annual Town Meeting (Official Ballot Voting)

You are hereby notified to meet again at the Pelham High School, 85 Marsh Road, Pelham, New Hampshire on Tuesday, March 12, 2024, between the hours of 7:00am and 8:00pm to vote by official ballot in choosing all necessary Town officials for the ensuing year and to vote on warrant articles numbered 1-14.

To see what action the Town will take in the election of the following Officers: One (1) Selectman for a the term of three (3) years; One (1) Town Moderator for the term of two (2) years; One (1) Budget Committee member for the term of one (1) year; Three (3) Budget Committee members for the term of three (3) years; Two (2) Cemetery Trustees for the term of three (3) years; One (1) Library Trustee for the term of three (3) years; Two (2) Planning Board members for the term of three (3) years; One (1) Supervisor of the Checklist for the term of six (6) years; One (1) Trustee of the Trust Funds for the term of three (3) years.

Article 2

Are you in favor of Amendment No. 1 as proposed by the Planning Board for the Town of Pelham to amend Pelham Zoning Article III Section 307-13 Additional Lot Size and Street Access Requirements to add multi-family lots to the minimum lot size requirements of minimum contiguous square footage of 217,800 square feet of non-wetlands, and to add the following language: For septic loading calculations, non-contiguous areas separated by a wetland or stream shall be treated separately. The total number of units shall be split up and built on each part of the parcel based on the square footage of the contiguous non-wetland area of each area of the parcel. (Recommended by the Planning Board 7-0-0)

Article 3

Are you in favor of Amendment No. 2 as proposed by the Planning Board for the Town of Pelham to add a new article to Pelham's Zoning Ordinance Article IX Age Restricted Housing Ordinance to provide important needed housing opportunities for seniors in Pelham and to recognize the need for granting provisions whereby appropriate housing alternatives may be provided for seniors fifty-five (55) years of age and over. (Recommended by the Planning Board 5-2-0)

Article 4

Are you in favor of Amendment No. 3 as proposed by the Planning Board for the Town of Pelham to amend Pelham Zoning Article VIII Floodplain Development Ordinance, Sections 307-45, 307-46, & 307-47 as necessary to comply with requirements of the National Flood Insurance Program. (Recommended by the Planning Board 7-0-0)

Shall the Town vote to approve cost items included in the five (5) year Collective Bargaining Agreement ratified by the Board of Selectmen and the Pelham Public Works and Municipal Employees, Local 1801 of the American Federation of State, County and Municipal Employees (AFSCME), which calls for following increases in salary and benefits and to further raise and appropriate the sum of One Hundred Forty-Two Thousand, Seven Hundred and Thirteen Dollars (\$142,713) to fund this year of the agreement, such sum representing the additional costs attributable to the increase in salaries and benefits required by the new agreement over those that would be paid at current staffing levels? (Recommended by the Selectmen 5-0-0) Recommended by the Budget Committee 10-0-0) (Majority vote required)

| Year | Cost | Accumulated Cost |
|-------|-----------|------------------|
| 2024 | \$142,713 | \$142,713 |
| 2025 | \$122,644 | \$265,357 |
| 2026 | \$ 98,605 | \$363,962 |
| 2027 | \$ 90,784 | \$454,756 |
| 2028* | \$100,114 | \$554,860 |

^{*}Including 3 months of 2029

Article 6

Shall the Town vote to raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth herein totaling Twenty-One Million, Six-Hundred Eighty-One Thousand, Nine-Hundred and Ninety-Seven Dollars (\$21,681,997)? Should this article be defeated, the default budget shall be Twenty-One Million, Five-Hundred Twenty-Three Thousand, Four-Hundred and Ninety-Three Dollars (\$21,523,493)? which is the same as last year with certain adjustments required by previous action of the Town or by law; or the governing body may hold one special meeting in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only. (Recommended by the Selectmen 5-0-0) (Recommended by the Budget Committee 9-0-0) (Majority vote required)

Shall the Town vote to raise and appropriate the sum of Three Hundred Forty-Five Thousand Dollars (\$345,000) for repair, maintenance, purchase of equipment and upgrading of Town roads, to be offset by anticipated Highway Block Grant funds. This special article will be a non-lapsing appropriation per RSA 32:7, IV. No money to be raised by taxation (Recommended by the Selectmen 5-0-0) (Recommended by the Budget Committee 10-0-0) (Majority vote required)

Article 8

Shall the Town vote to raise and appropriate the sum of three-million four hundred sixty thousand dollars (\$3,460,000) to construct two roundabouts at the intersections of Sherburne Road and Mammoth Road and Mammoth Road and Marsh Road. Said appropriation will be offset by a Congestion Mitigation Air Quality Program (CMAQ) Grant in the amount of two million-six hundred eighty thousand dollars (\$2,680,000) and also to be offset with exaction fees on deposit of one-hundred and ten-thousand (\$110,000) dollars and to authorize the Selectmen to expend the remainder of six-hundred and seventy thousand dollars (\$670,000) from the Unassigned Fund Balance. No money to be raised by taxation. This special article will be a non-lapsing appropriation per RSA 32:7, IV. (Recommended by the Board of Selectmen 5-0-0) (Recommended by the Budget Committee 10-0-0) (Majority vote required)

Article 9

To see if the Town will vote to adopt the Pelham Community Power Electric Aggregation Plan, which authorizes the Board of Selectmen to develop and implement Pelham Community Power as described therein (pursuant to RSA 53-E:7). The program would provide a new default electric supply and new supply options for customers in Pelham. There is no cost to the Town budget, and no obligation to participate. Customers can opt out at any time and return to utility default service. (Recommended by the Selectmen 5-0-0) (Majority vote required)

Shall the Town completely discontinue as an open highway under RSA 231:43 the following highway: the portion of the Class VI road, approximately 1 mile, between the gate located at the northern most end of Saint Margaret's Drive until the gate at the western most end of Robinsons Lane. This discontinuance will take effect June 1st, 2024. (Recommended by the Selectmen 5-0-0) (Majority vote required)

Article 11 – Citizens Petition

Shall we delegate the duties and responsibilities of the Cemetery Trustees to the Board of Selectmen? A majority vote in the affirmative shall delegate these duties to be effective 90 days after adoption and shall continue until rescinded by vote of the Town meeting.

Article 12 – Citizens Petition

Are you in favor of repealing the Article 19, voted on at the March 2022 Town Meeting, to reclassify Tower Hill Road, which is an unpaved Class VI Highway to a Class A Trail, beginning 2400 feet from Gumpas Hill Road to the Hudson town line, in a accordance with RSA 231-A. A Class A trail is a full public right-of-way subject to public trail use with restrictions imposed by the Board of Selectmen. If repealed, Tower Hill Road, beginning 2400 feet from Gumpas Hill Road to the Hudson town line, would be reclassified back to a Class VI Highway which is a public roadway that the Town has no obligation to maintain.

Article 13 – Citizens Petition

Are you in favor of repealing the Article 20, voted on the March 2022 Town Meeting, to reclassify the unpaved Class VI section of Spaulding Hill Road, beginning 300 feet from the end of the Class V section of Spaulding Hill Road to Tower Hill Road, to a Class A Trail in accordance with RSA 231-A. A Class A Trail is a full public right of way subject to the public trail use restrictions imposed by the Board of Selectmen. If repealed, the unpaved section of Spaulding Hill Road, beginning 300 feet from the end of the Class V section of Spaulding Hill Road to Tower Hill Road, will be reclassified back to a Class VI Highway which is a public roadway that the Town has no obligation to maintain.

Article 14 - Citizens Petition

Shall the town vote to establish a trail subcommittee appointed by Pelham forestry. This volunteer trails maintenance subcommittee will be able to maintain and access Pelham's trails and verify safety for all of Pelham residents on the town lands and forest sections.

Given under our hands this 29th day of January 2024

Linda Y. Newcomb

Town Clerk

2024 PELHAM SCHOOL DISTRICT WARRANT STATE OF NEW HAMPSHIRE

To the inhabitants of the School District of the Town of Pelham in the County of Hillsborough and the State of New Hampshire, qualified to vote upon district affairs:

FIRST SESSION OF ANNUAL MEETING (DELIBERATIVE)

You are hereby notified that the first session of the annual meeting of the School District of the Town of Pelham will be held at Town Hall, 6 Village Green, in said Pelham on Wednesday, February 7, 2024, at 7:00 P.M. for explanation, discussion, and debate of warrant articles number 1 through number 2. Warrant articles may be amended subject to the following limitations: (a) warrant articles whose wording is prescribed by law shall not be amended, (b) warrant articles that are amended shall be placed on the official ballot for a final vote on the main motion, as amended, and (c) no warrant article shall be amended to eliminate the subject matter of the article.

SECOND SESSION OF ANNUAL MEETING (OFFICIAL BALLOT VOTING)

You are hereby notified that the second session of the annual meeting of the School District of the Town of Pelham will be held at Pelham High School gymnasium, 85 Marsh Road, in said Pelham on Tuesday, March 12, 2024, at 7:00 A.M. for the choice of School District Officers elected by official ballot, to vote on questions required by law to be inserted on the official ballot, and to vote on all Warrant Articles from the first session on official ballot per RSA 40:13, VII. The polls for the election of School District Officers and other action required to be inserted on said ballot will open on said date at 7:00 A.M. and will not close earlier than 8:00 P.M.

ARTICLE A

To elect by ballot the following School District Officers:

- School Board Member 3-Year Term
- School Board Member 3-Year Term
- School District Moderator 3-Year Term

ARTICLE 1 – OPERATING BUDGET

Shall the Pelham School District raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session of the annual school district meeting, for the purposes set forth herein, totaling Forty-One Million, Three Hundred Eighteen Thousand, Two Hundred Eighty-Six Dollars (\$41,318,286)? Should this article be defeated, the default budget shall be Forty-One Million, Five Hundred Three Thousand, Four Hundred Forty-Two Dollars (\$41,503,442), which is the same as last year, with certain adjustments required by previous action of the Pelham School District or by law; or the Pelham School Board may hold one special meeting, in accordance with RSA 40:13 X and XVI, to take up the issue of a revised operating budget only. (Majority vote required)

Not Recommended by the School Board (0-5-0) Recommended by the Budget Committee (5-4-0)

ARTICLE 2 - PELHAM EDUCATION ASSOCIATION COLLECTIVE BARGAINING AGREEMENT

Shall the Pelham School District vote to approve the cost items included in the collective bargaining agreement reached between the Pelham School District and the Pelham Education Association (PEA) that calls for the following increases in salaries and benefits over the amount paid in the prior fiscal year at current staffing levels:

| Year | Estimated Increase |
|-----------|--------------------|
| 2024-2025 | \$ 931,677 |
| 2025-2026 | \$ 635,257 |
| 2026-2027 | \$ 689,791 |

and further to raise and appropriate the sum of Nine Hundred Thirty-One Thousand, Six Hundred Seventy-Seven Dollars (\$ 931,677) for the 2024-2025 fiscal year, such sum representing the additional costs attributable to the increase in salaries and benefits required by the new agreement that would be paid at current staffing levels? (Majority vote required)

Recommended by the School Board (4-0-0)

Recommended by the Budget Committee (9-0-0)

Changes to School Warrant made at the School Deliberative Session and Board/Committee meetings on Wednesday, February 7, 2024 found below:

<u>ARTICLE 1 – OPERATING BUDGET</u>

Shall the Pelham School District raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended

by vote of the first session of the annual school district meeting, for the purposes set forth herein, totaling Forty-One Million, Seven Hundred Sixty-Eight Thousand, Four Hundred Fifty-Three Dollars (\$41,768,453)? Should this article be defeated, the default budget shall be Forty-One Million, Five Hundred Three Thousand, Four Hundred Forty-Two Dollars (\$41,503,442), which is the same as last year, with certain adjustments required by previous action of the Pelham School District or by law; or the Pelham School Board may hold one special meeting, in accordance with RSA 40:13 X and XVI, to take up the issue of a revised operating budget only. SUPERINTENDENT'S REPORT

2023 Annual Report

As I begin my fourth year serving the community of Pelham as the Superintendent of Schools, I continue to be amazed by the strength of the community connections in Pelham and the determination among students, staff, and families to continue to grow and improve. For the 2022-23 School Year, the School Board established three goals.

Goal 1: Improve Student Performance in Mathematics

The District measures progress in two ways with this goal:

1. Improve our performance on the math portion of the New Hampshire State Assessment System to be in the top 5 among our 12 peer districts.

At the elementary level, we had 57% of our students proficient or better and we ranked 5th out of our 12 peer districts with testing at grades 3 - 5. This means we met our goal at this level.

At the middle school level, we had 29% of the students proficient or better and we ranked 12th out of our 12 peer districts with testing at grades 6 - 8. This means we did not meet our goal at the middle school level. This is why the most significant new action items are at this level.

Increase by 5% per year the number of students at Pelham High School whose SAT score is at the College Board benchmark of "college and career ready," a score of 530 out of 800.

At the high school level, we moved from 18% to 29% of students college and career ready on the spring 2023 SAT (class of 2024). This was an 11% increase which means we met our goal.

We have met our annual benchmarks at the elementary and high school levels. Our focus is now at the middle school while continuing to make progress at the other two levels. These are the efforts in place for the upcoming year to continue to improve math performance.

Reinstate our district wide curriculum vertical teams including mathematics that had been suspended due to the pandemic.

- Coordinate efforts between the schools using our math coach at the elementary level, our math coach at the middle school level and the math department chair at the high school.
- At Pelham Elementary School,
 - Hire an experienced math coach who is working with each grade level on math instruction.
 - Provide training (beyond the math coach's work) to all teachers on our new math program, purchased for 2023-24.
- At Pelham Memorial School,
 - Create a supplemental math course for students in need of additional math support in 8th grade. This course is in place of Spanish for these students.
 - Reinstate in the schedule a structured support time for additional math and reading instruction for all grades (called Literacy).
 - Continue our Mathletes program for select students who would benefit from a boost in math. This is taught by our math coach and is part of the Unified Arts rotation.
 - Create a low-stakes school-wide competition using our math practice software, called IXL Leaderboard.
 - Complete the adjustment of Accelerated Math in grade 6 to allow for a high school level Algebra I in grade 8.
- At Pelham High School,
 - Add a Math Lab and Literacy Lab for students who need it to receive additional support during their advisory schedule.
 - Extend the SAT Bootcamp process for juniors to include additional supports in areas such as reading comprehension and problem-solving strategies.

Goal 2: Develop a Culture of Belonging

Since 2021-22, the Pelham School District has worked on improving our culture of belonging. We strive to be a community

Town of Pelham, NH 2023 Annual Town Report - Pelham School District/Administrative

that is purposeful and focused on teaching and learning and is cohesive in these efforts. As individuals, we want to find deep satisfaction in the work we are doing. After two years, we are in need of regrouping. Quantitative data suggest that we are not making sufficient progress. As a result, this goal is being revised.

In order to reset this goal, the superintendent will form a task force in the fall of 2023. The task force's charge will be to:

- (1) identify key factors that are holding the District back from a better culture of belonging,
- (2) recommend an improved process for collecting, analyzing, acting on information, and
- (3) recommend an improved method for reporting on progress.

Within this phase, the task force will focus on staff and report out its recommendations in January of 2024.

Goal 3: Make Pelham one of the best places to work

To serve our students and community, it is vital the District hire and retain great staff. We want all staff within the Pelham School District to feel connected to the larger effort on behalf of our students no matter the position they hold within the District. Feeling connected to their work, team and the community will create a culture of belonging, a sense of value and allow us to accomplish great things. A large step towards this goal will be the passage of supportive contracts that promote an environment of professionalism and excellence.

Measurement through Successful Contracts: The Board successfully presented a contract for the Pelham Education Support Personnel Association in March of 2023. The Board and the Pelham Education Association are currently in negotiations to develop a contract to present to voters in March of 2024.

Measurement through Retention: The Board is also tracking progress on this goal through retention data. We use PEA data as an indicator of our ability to retain professional staff including teachers, professional services providers, and administrators. We use PESP data as an indicator of our ability to retain hourly staff including instructional assistants, support staff, custodians and food service personnel. For 2023, we saw retention of hourly employees, as measured by PESPA, improve to above our target of 70%. Retention of professional staff remained stubbornly at 82%.

| Group (indicator) | Target | 2022 | 2023 |
|--------------------------|--------|------|------|
| Professional Staff (PEA) | 90% | 82% | 82% |
| Hourly Staff (PESPA) | 70% | 64% | 75% |

In order to continue to work to improve retention, we will take the following steps in 2023-24.

- The Board is working to wrap up a successful negotiation with the PEA and gain a warrant that voters approve.
- The Culture of Belonging Task Force is working on identifying and sharing the defining characteristics that attract people to come work in and continue to work for Pelham.
- Our Director of Human Resources is redesigning our onboarding experience to improve the experience for new employees
- Our Business Administrator and Director of Human Resources are developing a plan to become and remain competitive
 with salary and benefits for all employees. They will present that plan to the School Board for approval upon completion.

Conclusion

These goals are the core of our work to improve the Pelham School District. While not all indicators show the progress we want, we are confident that our continued efforts at improvement on multiple levels will yield the results we want as a school district and community. Together, we will continue to *Inspire Success One Mind at a Time*.

Respectfully submitted,

Eric "Chip" McGee

2023 PSD Deliberative Session Minutes

PELHAM SCHOOL DISTRICT Deliberative Session of Annual Meeting February 8, 2023

Moderator Doug Viger called the session to order at 7:00 pm at the Sherburne Hall. Mr. Viger addressed inhabitants of the School District of the Town of Pelham in the County of Hillsborough and the State of New Hampshire, qualified to vote upon district affairs.

First session of annual meeting deliberative- You are hereby notified that the first session of the annual meeting of the School District of the Town of Pelham will be held at Sherburne Hall, 14 Village Green, in said Pelham on Wednesday, February 8, 2023, at 7:00 P.M. for explanation, discussion, and debate of warrant articles number 1 through number 3. Warrant articles may be amended subject to the following limitations: (a) warrant articles whose wording is prescribed by law shall not be amended, (b) warrant articles that are amended shall be placed on the official ballot for a final vote on the main motion, as amended, and (c) no warrant article shall be amended to eliminate the subject matter of the article. Please present any proposed changes in writing.

Second session of annual meeting official ballot voting - You are hereby notified that the second session of the annual meeting of the School District of the Town of Pelham will be held at Pelham High School gymnasium, 85 Marsh Road, in said Pelham on Tuesday, March 14, 2023 for the choice of School District Officers elected by official ballot, to vote on questions required by law to be inserted on the official ballot, and to vote on all warrant articles from the first session on official ballot per RSA 40:13, VII. The polls for the election of School District Officers and other actions required to be inserted on said ballot will open on said date at 7:00 A.M. and will not close earlier than 8:00 P.M.

Mr. Viger then announced that the session would follow the usual rules of debate and asked that attendees state their name and address of residency before questions or statements are made. Questions should be kept to three minutes. If they should have an additional question, please wait until all others have had their turn before returning to the microphone again for another question. Restricting Reconsideration would be allowed and non-resident department heads would be allowed to speak. He then asked all residents in attendance to show their voting cards to make him aware of their location in the hall for voting purposes.

Moderator Doug Viger asked resident Bob Sherman to lead in the Pledge of Allegiance. Moderator Viger introduced the Board from his right, School Board Member, Darlene Greenwood, School Board Member, David Wilkerson, School Board Member, Tom Gellar, School Board Member Vice-Chair, Troy Bressette, School Board Member Chair, Megan Larson, and Pelham School District Clerk, Danielle Pilato. To his right, Superintendent of Pelham School District, Dr. Eric "Chip" McGee, Pelham School District Business Administrator, Deborah Mahoney, Pelham School District Attorney Diane Gorrow, Pelham Budget Committee Chair, Meg Bressette, and Pelham Budget Committee Vice-Chair, Philip Haberlan.

Article 1

To elect by ballot the following School District Officers:

School Board Member 3-Year Term

School District Treasurer 3-Year Term

School District Moderator 3-Year Team

School District Clerk 3-Year Term

There was no discussion on Article 1. He addressed that this article can not be amended and must appear on the ballot as written. Moderator Viger took a moment to thank those who have served the district and whose terms will be ending with this election. He then thanked those who would be running again.

Article 2

Shall the Pelham School District vote to raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by the vote of the first session of the annual school district meeting, for the purposes set forth herein, totaling Forty Million, Nine Hundred Sixty-Five Thousand, Six-Hundred Ninety Three Dollars (\$40,965,693)? Should this article be defeated, the default budget shall be Thirty-Nine Million, Eight Hundred Sixty-Seven Thousand, Three Hundred and Five Dollars, (\$39,867,305), which is the same as last year, with certain adjustments required by previous action of the Pelham School District or by law; or the Pelham School Board may hold one special meeting, in accordance with RSA 40:13 X and XVI, to take up the issue of a revised operating budget only. (*Majority vote required*)

Recommended By the School Board Recommended By the Budget Committee (9-0-0)

Moderator Viger asked School Board Member Darlene Greenwood to speak on this article. She stated that this article was a result of several months of work to prioritize the efforts of the School District. The proposed budget is \$40,965,693. The default budget is \$39,867,305. The default budget is the amount the district would use to operate if the proposed budget is voted down. It is a calculation that takes last year's budget and makes certain changes based on contractual and legal obligations. As a School Board, they developed this budget based on the commitments and priorities of the district. They are committed to maintaining the current level of programming and the class size guidelines based on the projected enrollment for next school year. The first slide outlined that in order for the district to function well in the long term, they are committed to the long term investments needed to maintain technology, instructional materials, and capital maintenance. Technology includes both the devices students and staff use for teaching and learning as well as the network infrastructure such as servers, switches, and wireless access points needed to keep the system functioning. Instructional materials include the textbooks, subscription services and workbooks. It also includes equipment and supplies for all classes including science labs, physical education classes, music and the arts. Capital Maintenance includes the investments to keep the mechanical, electrical, and plumbing systems working in our schools as well as roofs, parking lots, and fields.

The board is also committed to seeking all available opportunities to offset cost increases and inflation. One way they do that is by pursuing grant funding. She gave an example of that which was the federal grant that paid for the ventilation and air condition installation on the second floor and in the cafeteria at the elementary school last summer. Another way the board seeks to control costs is through alternative sources of energy. They are in the process of seeking proposals to contract with a solar provider for a leasing program for panels. And lastly, they are continuing to make staff reductions which is near to School Board Member Greenwood's heart as a retired teacher of 39 years. Nevertheless, the board has moved forward with the reduction of positions at Pelham High School and Pelham Memorial based on the enrollment. Those reductions will be outlined in a later slide.

Mrs. Greenwood spoke about the next slide which outlined the board's three goals for the current year. The three goals were Math Instruction, Belonging, and Making Pelham one of the best places to work. The Math Instruction goal includes additional professional development and prioritizing math instruction. They are scheduling a math program update which includes adding an accelerated program at Pelham Memorial to allow a high school level Algebra 1 course for those 8th graders who are ready. And lastly, they proposed a math coach at the elementary school which will help improve ways to support and reteach students who struggle with mastering math skills. The second goal is about Belonging. The goal is to help all students and staff know that they belong, and that all belong to the wonderful community that is Pelham. While it is an

important goal, the impact to the budget is limited. They have prioritized professional development in this area, sending teachers and counselors and administrators to trainings related to this topic. The last goal is to make Pelham one of the best places to work. They believe each role of each person in the district is important and what makes Pelham great. Therefore, recruiting and retaining great people will help all of the goals come together. Mrs. Greenwood said that later in the presentation the board is asking voters to support a collective bargaining agreement with the IAs. Mrs. Greenwood took time to pause and emphasize how amazing the IAs are. They look after and support the students with the most challenges. They are often the first people the students see in the morning and the last person they see at the end of the day. The starting wage for these great people is \$14.85. These are the instructional assistants who work with some of our neediest students. The board is hoping to improve that to make it more realistic so that the district can retain the great people we have and recruit more like them.

School Board Member Tom Gellar presented the next slide on Enrollment. He began by highlighting that many factors go into budgeting, inflation, salary and programming. One fundamental factor is enrollment. Each year the board takes a snapshot of the students enrolled on October 1st to compare one year to the next. As the grid on the slide showed, the enrollment has been slowly declining since 2018-19. This trend fits with that of the larger trend of Southern New Hampshire. In the grid on the slide in yellow he highlighted the increase in enrollment for this past school year which includes the addition of full day kindergarten.

The next slide was the key increases to the operating budget. Mr. Gellar discussed the fiscal year 24 budget that has three key cost increases that drive the overall budget. The non-discretionary increases which are areas of the budget where the increase is due to legal and contractual obligations and are outside of the control of the board. He used the example of the past warrant articles and items that are still being paid. The first key increase highlighted was in the area of Energy and Rubbish Removal. The District costs for natural gas, electricity, and rubbish removal are all scheduled to increase significantly next year. This is happening for two reasons. First, he stated we are all experiencing inflation, especially in these areas. Second, the district has had very favorable long-term contracts in these areas. Those contracts expire next year. As a result, it was necessary for the district to budget for an additional \$209,958 next year. The second area with significant increase is health insurance. Our health insurance provider has asked the board to budget with a guaranteed maximum rate of 11.3% for next year. The third key increase is in salaries. Mr. Gellar stated that we are in year 5 of 5 of the PEA teacher contract and the overall salary increase will be \$381,130. The overall cost of these three items is just over one million dollars. He noted that the numbers projected on the slides were accurate.

The next slide Mr. Gellar spoke on regarded staff reductions and their impact to the budget. There were four reductions at Pelham High School, one at Pelham Memorial and 8 district-wide for instructional assistants. These are positions that were budgeted

and not filled and the district does not anticipate having to fill them. Mr. Gellar closed his remarks on the budget.

Moderator Viger asked if any other board members had any comments or if the budget committee would like to comment. Budget Committee Chair Meg Bressette addressed the voters and thanked her committee for their work on the budget. She stated that they voted unanimously 9-0 in favor of this article. She highlighted that the town was seeing similar increases in the same areas and was no different in its approach to their changes in budget. She highlighted the changes that they worked on with the school board regarding adding the registrar at the high school, maintenance and custodial changes, and adding the creation of the math coach position which was lateral and did not impact the budget. She also highlighted changes to the budget to decrease the total by \$129,372 which included the PHS athletic supply line and energy costs of \$60,135. Mrs. Bressette also mentioned that the PMS modular building is in its last year of payment and the amount of \$44,838 will be gone from next year's budget. She ended by mentioning that the district is in year 9 of 20 for the high school bond payment and 2 of 20 for the memorial bond payment. The principal debt payment for these are \$2,415,000 and the interest debt payment is \$1,491,308 which is down about \$151,000 from last year.

Moderator Viger opened questions and comments to the public. He asked them to come to the microphone and state their name and street address.

The first to comment was Paul Grant of Bluejay Lane. He came to state his odds with the budget committee which he is a member of. He stated that he will be commenting as a taxpayer. He said he was not at the Reconsideration Meeting and did not vote. Therefore, it should not be stated it was a unanimous vote of the committee. He asked the taxpayers and voters to look at the data. He presented three slides. The first slide showed a chart of the declining district enrollment since 2016. Mr. Grant guestioned, if enrollment is decreasing, why does the budget keep increasing? Moderator Viger reminded him of the three minute comment time limit. Mr. Grant understood and asked for his second slide to be shown which highlighted a chart taken of Pelham from Proficiency Percentages for New Hampshire Assessments from 2016 to the present. It showed three subject areas over six years in ELA, Math and Science. The chart showed that Pelham had decreased in all three areas during this time. Mr. Grant questioned why. The last chart was a budget graph for 2016-2023. It showed that enrollment and test scores are down yet the budget continues to go up. He encouraged the public to vote no on this budget and read the facts. He challenged the board to do better and be better.

Resident Bill Scanzani of Victoria Cir. came forward in favor of the article and to state his firm support. He commented that the charts previously shown by Mr. Grant did not mention that in the last three years we had a pandemic and many students did not

attend school and receive the instruction needed to improve test scores. He also stated that when we vote on bond articles for things like the High School and Memorial School they automatically roll into the budget and become a legal obligation to pay. Mr. Scanzani thanked the budget committee and school board for their hard work presenting good numbers and understanding the district's needs.

Resident Garrett Abare of Evergreen Ave. who is also a member of the budget committee came forward to give comments and remarks on the article. He stated he is often the committee member who goes line by line at meetings and has in the past asked for one small item to be removed from a budget to show good faith effort. He remarked that he would like to request a 1% reduction in the budget by removing items such as the cafeteria tables for \$2400, the fingerprint scanner for \$6500, and the additional custodian and math coach additions at \$36,000 and \$60,000. Moderator Viger asked if he would be willing to present this amendment in writing for the residents to vote on. Mr. Abare said yes.

Resident Jonathon Ingerham of Benoit Ave. came forward to mention how at last night's town meeting they focused on "Excellence" in the town with staff retention and support. He questioned why that is not the focus when we are talking about our schools and future. He stated his full support of the article.

Resident Doug Vincent of Arlene Dr. came forward to state in his opinion this was not the year for budget cuts as we come out of this pandemic. We need to be investing all we can in our students to support them. He mentioned that in years past Pelham was one of the lowest in per pupil spending and he would question if that were not still the case. He pleaded to the public to invest in the students and continue our investment in them. He asked that we not take part in the "them vs. us" mentality and remember is it just "us" as residents and these are our kids. As his comment closed School Board Member Gellar backed up Mr. Vincent's question with the numbers from the Department of Education on Pelham. He stated that New Hampshire's per pupil spending average was \$19,400 and Pelham was \$17,182. Pelham is the 19th lowest in the state of 162 school districts.

Resident Garrett Abare submitted his written amendment amount for the budget. Moderator Viger read the Amendment stating the current proposed budget amount at \$40,965,693 and the amended amount as \$40,556,036.07. Mr. Viger asked to drop the .07 from the amount and Mr. Abare agreed. A motion was made by Mr. Abare for the amendment to go to vote and seconded by Mr. Grant. The motion failed with overwhelming opposition.

Mr. Viger asked for any additional comment. Mr. Scanzani came forward and asked that the film crew show the staff of the school district behind him to show by hand how many have worked in a classroom using only ambient light and no lights turned on. Quite a few members in the audience raised their hands. He then stated the district has

installed many new lights using energy efficient LED lights. There was no further discussion on the article.

Article 3

Shall the Pelham School District vote to approve the cost items included in the collective bargaining agreement reached between the Pelham School District and the Pelham Education Support Personnel Association (PESPA) that calls for the following increases in salaries and benefits over the amount paid in the prior fiscal year at current staffing levels:

| <u>Year</u> | Estimated Increase |
|-------------|---------------------------|
| 2023-2024 | \$101,576 |
| 2024-2025 | \$93,072 |
| 2025-2026 | \$88,091 |

and further to raise and appropriate the sum of One Hundred One Thousand, Five Hundred and Seventy-Six Dollars(\$101,576) for the 2023-2024 fiscal year, such sum representing the additional costs attributable to the increase in salaries and benefits required by the new agreement that would be paid at current staffing levels? (*Majority vote required*)

Recommended By the School Board
Recommended By the Budget Committee (11-0-0)

After Moderator Viger read the article School Board Member Tom Gellar made a motion to restrict reconsideration on Article 2 and the motion was seconded by resident Dave Cate and the motion passed.

School Board member Troy Bressette began to speak on Article 3. He said he had the opportunity to serve on the School Board negotiations team for the contract. It allowed him to get to know the people of PESPA and the different roles they play in our schools. As background, he stated what was shown in his first slide that PESPA includes approximately 80 employees of the Pelham School District. They serve as Instructional Assistants(also known as IAs), Title 1 tutors, and Academic tutors. These staff members do some of the most important work in the district. Some help out in our kindergarten classrooms as the second adult, some work with students with significant disabilities. This happens at all levels from preschool to high school. Some serve as our lunch and recess monitors, others help support teachers who work with learning disabilities, and our Title 1 tutors work with students who need an extra boost academically.

Mr. Bressette spoke on the second slide that was an overview of the agreement. As part of the negotiations, the board set out some goals for itself. They were committed to a serious and good faith negotiations process. They designed a contract that would attract and retain quality staff in a very competitive market. For example, he outlined that the starting rate for the IAs is \$14.68 per hour. With the contract increase it would increase to \$15.34 per hour for the next year. Keeping in mind that they wanted to bring voters a contract that had a reasonable budget impact, Mr. Bressette highlighted year 1 to be a proposed cost estimate of \$101,576. This is compared to the contract voted on in 2020 which had a year 1 cost of \$88,848. Given the large increases in insurance costs and wage increases across the country in 2020, they hope that the voters can support their efforts to keep costs down.

Slide three were key provisions. Mr. Bressette outlined that it would be a three-year contract. It represents wage increases of 4.5%, 4.0% and 3.5% in each year to the starting wages of new Instructional Assistants(IAs). It represents wage increases of 3.0% annually to the starting rate for Title I and Academic Tutors. A copy of the "red-line" version of the contract was available as a handout and shows the actual language and changes proposed. Mr. Bressette also reminded voters that PESPA members do not qualify for the New Hampshire retirement benefits.

The last slide had additional key provisions that Mr. Bressette addressed. The provisions were related to Health Insurance. The current contract for PESPA provides funding based on a single-person plan. That has been maintained moving forward. PESPA also agreed to move from a 3-tier prescription plan to a 6-tier plan. They added a mail fulfillment option which reduces the premium cost for both the employer and employee. Mr. Bressette stated that perhaps the most important change was that the district and the employee are sharing the risk of health insurance rate increase. For fiscal year 2024, the district will be committed to paying up to \$7500 per employee who is eligible and opts for health insurance which is up from the \$7250 for this year.

Mr. Bressette thanked the voters for listening to this information and considering their vote for this contract. He also thanked Donna Dailey and Nancy Haskins who are co-presidents of PESPA.

Moderator Viger asked for comments on the article.

Nancy Haskins of Armand Dr who is co-president of PESPA and a Pelham resident came forward. She is new to this position this year. She began by thanking Superintendent, Dr. McGee, Assistant Superintendent, Dr. Marandos, Director of Human Resources, Joan Cote, Business Administrator, Deborah Mahoney, and School Board Members Tom Gellar and Troy Bressette for their part in the negotiations. She was thankful for the give and take of the experience. She said they did their very best to focus on the task while being cognizant of the cost to voters and most of all putting the students first.

There were no further questions or comments on Article 3.

Dave Cate made a motion to Restrict Reconsideration on articles one through three. The motion was seconded by Resident Bob Sherman and voted on by the residents in the audience. All articles were restricted for reconsideration.

There were no additional comments or questions.

Moderator Viger asked for a motion to adjourn. The motion was given by resident Tom Gellar and seconded by Resident Bob Sherman. Moderator Viger adjourned the meeting at 7:44 pm and closed by reminding residents about voting March 14th, 2023 at Pelham High School.

INDEPENDENT AUDITOR'S REPORT

To the Members of the School Board Pelham School District Pelham, New Hampshire

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Pelham School District, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Pelham School District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Pelham School District, as of June 30, 2023, the respective changes in financial position, and the respective budgetary comparison for the major general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Pelham School District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter - Change in Accounting Principle

As discussed in Note 2-C to the financial statements, in the year ending June 30, 2023, the School District adopted new accounting guidance, GASB Statement No. 96, *Subscription-Based Information Technology Arrangements*. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

The Pelham School District's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Pelham School District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from

Pelham School District Independent Auditor's Report

fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Pelham School District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Pelham School District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control—related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the following be presented to supplement the basic financial statements:

- Management's Discussion and Analysis,
- Schedule of the School District's Proportionate Share of Net Pension Liability,
- Schedule of School District Contributions Pensions,
- Schedule of the School District's Proportionate Share of Net Other Postemployment Benefits Liability,
- Schedule of School District Contributions Other Postemployment Benefits,
- Schedule of Changes in the School District's Total Other Postemployment Benefits Liability and Related Ratios, and
- Notes to the Required Supplementary Information

Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Pelham School District's basic financial statements. The combining and individual fund schedules and the Schedule of Expenditures of Federal Awards, as required by Title 2 U.S. Code of Federal Regulations, Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund schedules and the Schedule of Expenditures of Federal Awards are the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund schedules and the Schedule of Expenditures of Federal Awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Pelham School District Independent Auditor's Report

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated December 6, 2023 on our consideration of the Pelham School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Pelham School District's internal control over financial reporting and compliance.

December 6, 2023 Concord, New Hampshire PLODZIK & SANDERSON Professional Association

PELHAM SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A) OF THE ANNUAL FINANCIAL REPORT FOR THE YEAR ENDED JUNE 30, 2023

The Superintendent of Schools and Business Administrator of New Hampshire School Administrative Unit (SAU) #28, as management of the Pelham School District (the District), offer readers of the District's annual financial statements this narrative discussion and analysis of the financial activities of the District for the fiscal year which ended June 30, 2023. The District has prepared this discussion and analysis to encourage readers to consider the information presented here in conjunction with additional information found within the body of the annual financial statements.

FINANCIAL HIGHLIGHTS

- The District's total revenues were \$37,736,995; total expenses from governmental activities were \$35,302,613; resulting in an increase of \$2,434,382 in net position over the prior year's ending net position.
- The District's total net position for the year ending June 30, 2023, was \$4,034,652.
 Net position increased by \$2,434,382 between July 1, 2022 and June 30, 2023. Capital assets, net of debt, were \$23,384,773, an increase of \$2,523,349 from July 1, 2022 to June 30, 2023 as a result of the Pelham Memorial School project that is in progress.
- During the year, the District's General Fund Non-GAAP budgetary expenditures and transfers out of \$35,469,446 were \$2,527,307 less than the final adjusted budget and the General Fund Non-GAAP budgetary revenues of \$34,892,630 were \$203,888 higher than the final adjusted budget. Revenues consist of charges for services; operating grants and contributions; and general revenues (which consist of local and state property tax assessments, state and federal grants and contributions not restricted to purpose).
- At the end of the current fiscal year, the unassigned fund balance for the General Fund was \$2,667,472, or 7.6% of total General Fund expenditures, a decrease of 2.8% from the prior year.
- During the year, the District received \$1,496,055 in federal grants, a decrease of \$483,490, or 24.4%, less than the prior year, primarily due to reduced federal funding of school meals.

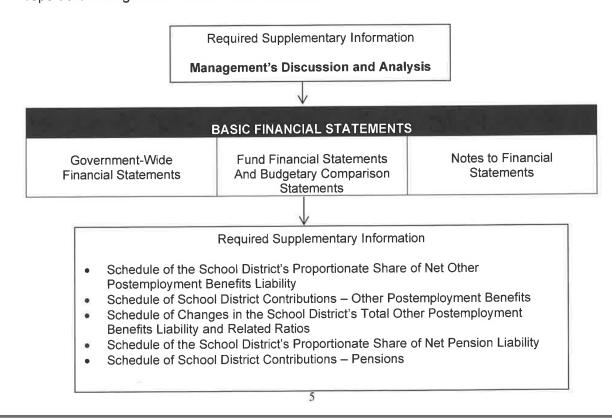

OVERVIEW OF FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the District's annual financial report, which consists of basic financial statements, notes to the financial statements, and related financial information. Our annual financial report consists of four elements: 1) government-wide financial statements, 2) fund financial statements, 3) notes to the financial statements, and 4) required supplementary information which includes this discussion and analysis. This report also contains other supplementary information in addition to the basic financial statements themselves.

The basic financial statements include two kinds of statements that present different views of the District based upon measurement focus and basis of accounting.

- The first two statements are government-wide financial statements that provide both long-term and short-term information about the District's overall financial status.
- The remaining statements are fund financial statements that focus on individual parts of the District, reporting the District's operations in more detail than the government-wide statements. The governmental fund statements tell how the District's services were financed in the short term as well as what remains for future spending. Fiduciary fund statements provide information about the financial relationships in which the District acts solely as a trustee or agent for the benefit of others to whom the resources belong.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the information in the financial statements. The following exhibit shows how the required parts of this annual report are arranged and related to one another.

The following exhibit summarizes the major features of the District's financial statements, including the portion of the District government they cover and the types of information they contain.

| real . | Governmental <u>Activities</u> | Governmental <u>Funds</u> | Fiduciary <u>Funds</u> |
|--|---|--|---|
| SCOPE | Entire District government (except fiduciary funds) | All activities of the District that are not proprietary or fiduciary | Instances in which the District is the trustee or agent for someone else's resources |
| | Statement of Net Position | Balance Sheet | Statement of Fiduciary Net |
| REQUIRED | Statement of Net Position | Balarice Sheet | Position Position |
| FINANCIAL STATEMENTS | Statement of Activities | Statement of Revenues, Expenditures and Changes in Fund Balances | Statement of Changes in Fiduciary Net Position |
| | | | |
| ACCOUNTING BASIS | Accrual | Modified Accrual | Accrual |
| | | | |
| MEASUREMENT FOCUS | Economic Resources | Current Financial Resources | Economic Resources |
| | | | |
| TYPE OF INFORMATION ASSETS AND LIABILITIES | All assets, deferred outflows of resources, liabilities, and deferred inflows of resources, both financial and capital, short-term and longterm | Only assets expected to be used up and liabilities that come due during the year or soon thereafter, no capital assets or long-term liabilities included | All assets and liabilities, both short-term and long-term |
| TYPE OF INFORMATION REVENUES, EXPENSES, AND EXPENDITURES | All revenues and expenses during the year, regardless of when cash is received or paid | Revenues for which cash is received during or soon after the end of the year, expenditures when goods or services have been received and payment is due during the year or soon thereafter | All revenues and expenses during the year, regardless of when cash is received or paid |

The remainder of this overview section of management's discussion and analysis explains the structure and contents of each of the statements.

Government-wide Financial Statements

The Government-wide Financial Statements show functions of the District that are principally supported by property taxes and intergovernmental revenues as "Governmental Activities." These functions are accounted for in the General Fund, Food Service Fund, Grants Fund, and Student Activity Fund. Intergovernmental revenues include local, state, and federal monies. The governmental activities of the District include instruction, support services, operation and maintenance of plant, student transportation, and operation of non-instructional services. Taxes and intergovernmental revenues also support capital assets and related debt.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Fund definitions are part of a statemandated uniform accounting system and chart of accounts for all New Hampshire School Districts. The District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

All of the funds of the District can be divided into two categories: governmental funds and fiduciary funds. The General Fund, Food Service Fund, Grants Fund, Capital Project Fund, and Student Activity Fund are reported as Governmental Funds. Two of the funds' expenditures are compared to the budget in the Budgetary Comparison Statements. All Food Service revenues are expended on program operations and the Grants Fund revenues are spent mainly on instruction. Fiduciary Funds are established to account for monies belonging to private purpose trust funds held for the benefit of others and are shown on separate schedules.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve, over time, as a useful indicator of a government's financial position. The largest portion of the District's net position reflects its investment in capital assets (e.g., land, buildings and improvements, and machinery and equipment); less any related debt used to acquire those assets that is still outstanding. The District uses these capital assets to provide services to its students; consequently, these assets are not available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The District's financial position is the product of several financial transactions including the net results of activities, the acquisition and payment of debt, the acquisition and disposal of capital assets and the depreciation of capital assets. Summaries of the capital assets, depreciation and long-term debt obligations can be found in the Notes to Financial Statements. Depreciation is included by accounting convention thus the depreciated value of a District asset, as reflected in these reports, does not reflect an asset's useful, market or replacement value.

Net Position for the period ending June 30, 2023

Total net position at year-end was \$4,034,652, an increase of \$2,434,382 or 152% above the prior year.

Change in Net Position

The District's total revenues were \$37,736,995; total expenses from governmental activities were \$35,302,613; resulting in an increase of \$2,434,382 in net position over the prior year's ending net position. More than \$2,000,000 of this change is a result of investments in capital assets (net of debt), including the Pelham Memorial project that is still in progress.

This year, 92.16% of the District's revenues came from the local tax assessment and the State of New Hampshire, an increase of 0.87% from last year. The State of New Hampshire's sources include the locally raised State property tax, federal aid received through the State, and the various State aid programs.

Expenses

Expenses are reported on an accrual accounting basis. Amounts over or under the prior year expense amounts in the primary areas of instruction and instructional and staff support are as follows:

- Instruction expenses were 55.9% of total expenses for the fiscal year ended June 30, 2023, and expenses increased by 7.92% from the prior year.
- Instructional staff support service expenses were 3.1% of total expenses for the fiscal year ended June 30, 2023, and expenses increased by 14.43% from the prior year.

Revenues

School district assessment was 72.19% of total revenues for the fiscal year ended June 30, 2023, an increase of 3.33% from the prior year.

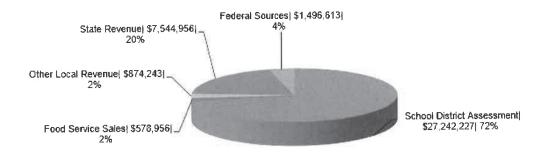

State of New Hampshire source intergovernmental revenues were 19.99% of total revenues for the fiscal year ended June 30, 2023, a decrease of 2.50% from the prior year.

Federal revenues were 3.97% of total revenues for the fiscal year ended June 30, 2023, a decrease of 1.79% from the prior year.

Summary of Revenues

The biggest share, \$34,787,183 (92.18%), of the revenue total was derived from local appropriations and intergovernmental sources (State of NH). The state property tax is included as part of intergovernmental revenue even though it is raised locally. This revenue statement includes all revenues from local, state and federal sources.

School District Total Revenues 2022-2023

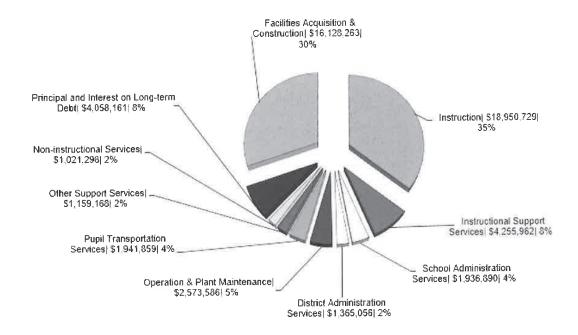

Summary of Expenditures

The Pelham School District used its budgetary resources as depicted in the following chart. 65.39% of all expenses were on instruction and instructional support. Federal revenues were expended mostly on special needs instruction and support, facilities acquisition and construction, teacher professional development, and the district's school lunch program. This expense statement includes expenses paid from local, state and federal appropriations.

School District Total Expenditures 2022-2023

Highlighted changes in total expenditures include:

- An increase in Instruction spending of \$1,068,392 or 5.97% over the prior year.
- An increase in Instructional and Staff Support Services of \$95,114 or 2.29% over the prior year.
- An increase in District Administration of \$113,574 or 9.08% over the prior year.
- An increase in School Administration services of \$268,037 or 16.06% over the prior year.
- An increase in Pupil Transportation services of \$193,470 or 11.07% over the prior year.
- An increase in Facilities Acquisition & Construction spending of \$6,751,408 or 72% over the prior year, due to the PMS construction project and PES HVAC Phase I project.
- An increase in Principal and Interest on Long-term Debt of \$1,859,254 or 84.55% over the prior year, due to the memorial school and high school capital bond payment schedules.

Governmental Activities

The following exhibit presents the net cost of the District's largest functions based upon the total expense, less charges for services and operating grants and contributions, of each function. The net cost reflects the amount that was funded by general revenues (principally the school district assessment, which is derived by local and statewide property taxes and general state aid).

| | TOTAL AND NET | COST OF | SERVICES | | |

The total cost of all governmental activities in 2023 was \$35,302,613; the total net cost was \$32,450,897. The primary financing for these activities of the District was as follows:

Property taxes

- The amount that was paid by taxpayers through property taxes was \$29,934,879, an increase of 9.7% over last year. This amount consists of \$27,242,227 paid in the form of local property taxes and \$2,692,652 paid in the form of property taxes under the State of New Hampshire state-wide education tax system raised locally for the annual school district assessment.
- An additional amount of \$4,172,735, an increase of 8.2% over last year, was received from the State of New Hampshire under the "adequacy grant" provisions of the State's educational funding system, which in addition to other State funding sources includes statewide property taxes collected from other local governments. Other state funding includes \$38,415 (an increase of 17.7% over last year) that was received for special education services provided at charter schools. An additional \$162,261 was received as a one-time reimbursement of 7.5% of NH Retirement System district contributions made in FY2022 as a result of HR1221.

Charges for Services

- Total food service revenues of \$889,937 consisted of food service sales and local miscellaneous revenues in the amount of \$578,956 and federal and state food nutrition program operating contributions (free and reduced lunch reimbursements and commodities) of \$310,981.
- Under the implementation of GASB Statement No. 84, student activity funds are now reported as special revenue funds and generated \$269,480 in revenue.

Operating Grants and Contributions

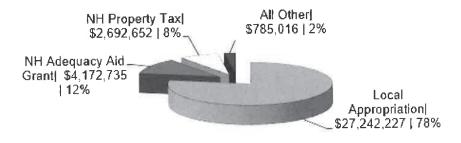

Federal grants were received in the grants fund in the amount of \$1,496,055.

INDIVIDUAL FUND ANALYSIS

General Fund

The General Fund is what most people think of as "the budget", since it is the focal point of the Annual Deliberative Session and largely supported by locally raised taxes. The local appropriation and the state property tax are raised locally and make up 85.79% of general fund revenues. Together, the revenues raised locally and the state adequacy grant comprises 97.75% of the District's General Fund Budgetary Revenues. Also depicted below are expenditures and percentages by grade level and district wide including all facilities acquisition and construction expenditures, including inter-fund transfers.

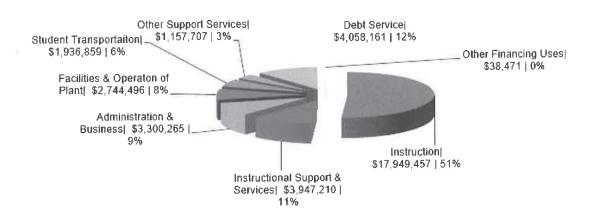

General Fund Budgetary Revenues 2022 - 2023

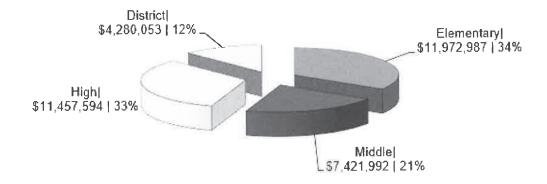

In 2023, instruction made up 51.09% of all general fund expenditures, a decrease of 2.62% from the prior year expenditures, while all other support services including transportation, operation of plant, and administration make up 36.73% of all General Fund expenditures, a decrease of 2.68% from the prior year. The remaining 12.18% includes facility acquisition & construction, debt service, and fund transfers, an increase of 5.30% from the prior year. The following charts provide a more detailed depiction of the makeup and proportions of the expenditures in these broad categories.

General Fund Budgetary Expenditures by Functions 2022- 2023

General Fund Budgetary Expenditures by Grade Level 2022 - 2023

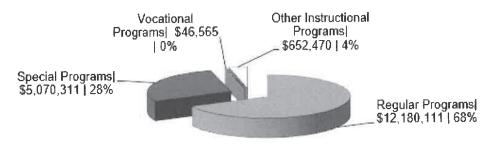

Note that all Grade 6 through Grade 8 expenditures are now reported as middle school expenditures through June 30, 2023, as approved by and in accordance with the NH Department of Education guidelines.

The following chart examines how the direct instructional expenditures were allocated to the various programs.

General Fund Budgetary Expenditures for Instruction 2022 - 2023

SUMMARY OF FEDERAL SUPPORT OF THE DISTRICT

During fiscal year 2023, the Pelham School District applied for and received the following significant federal grants:

- Special Education, <u>Individuals with Disabilities Education Improvement Act</u> (<u>IDEA</u>) revenues for the current period were \$426,639 (up from \$398,596). This grant funded special needs services and supplies for students throughout the District.
- Title I, Student Achievement and School Accountability Programs revenues for the current period were \$158,936 (up from \$46,076). This grant funded: supplemental instruction for math and reading intervention and professional development in math and reading intervention.
- Title II, <u>Improving Teacher Quality State Grants</u> was awarded for the current period in the amount of \$60,481 (down from \$75,075). These grants funded: personalized professional development, reimbursement of coursework to gain teaching certification, and mentoring.
- U. S. Department of Agriculture <u>National School Lunch Program</u> revenues for the current period were \$276,573 and for the National Breakfast Program for the current period were \$25,201, for a total of \$301,774 (down from \$903,044). These revenues were used to offset the expenses of the school lunch program.
- Title IV(A), <u>Student Support and Academic Enrichment Grant</u> was awarded for the current period for \$20,697 (down from \$48,346). This grant funded: academic supports for SEL, Science, Technology, Engineering, Art and Math (STEAM) and Math, and for the effective use of technology. These funds are issued by the Department of Education, Bureau of Integrated Programs.
- ESSER <u>II-CRRSA</u> and <u>III-ARPA</u> was awarded for the current period for \$519,433 (up from \$499,872). These grants funded: Phase I of PES HVAC project including the 2nd floor classrooms and Cafeteria spaces, as well as academic supports and materials for Reading, Math, and for the effective use of technology.

CAPITAL RESERVE ACCOUNTS

The District currently has three expendable and two capital reserve funds-CRF (established by voters at an annual school district meeting as trust funds in accordance with statutory requirements) that are classified as a "Committed" fund balance in the general fund for the basic financial statements. Each fund incurred fees, earned interest and fair market value changes during this period. There was a withdrawal of \$25,000 from the ADA Modification, School District ETF.

| Capital Reserve Funds and Expendible Trust Funds | | Period Ending June 3 | | | | |
|---|----------|----------------------|-----|--------------|--|--|
| | <u>C</u> | hange | End | ling Balance | | |
| Special Education CRF | \$ | 3,899 | \$ | 221,514 | | |
| Building and Grounds Renovation & Improvement CRF | \$ | 1,426 | \$ | 81,038 | | |
| ADA Modif Fund School District ETF | \$ | (23,892) | \$ | 8,222 | | |
| Robinson Tennis Courts ETF | \$ | 399 | \$ | 5,085 | | |
| School Building Maintenance ETF | \$ | 26,405 | \$ | 336,735 | | |
| | \$ | 8,237 | \$ | 652,594 | | |

Total of all funds increased from \$644,357 on June 30, 2022 to \$652,594 as of June 30, 2023, inclusive of all funding, fees, changes in fair market value and interest earned. In accordance with statutory requirements, these funds are held in custody by the Trustees of Trust Funds of the Town of Pelham and are only released for the restricted specific purposes of the individual funds.

COMMENTS ON GENERAL FUND BUDGET COMPARISONS

The beginning General Fund fund balance was \$3,683,048. General Fund revenues, consisting largely of local taxes and state aid, were \$34,892,630. General Fund expenditures were \$35,132,626. The ending fund balance for the District was \$3,443,052 of which \$2,667,472 is an unassigned fund balance, a decrease of \$640,538 from the prior year's unassigned fund balance. The unassigned fund balance is used to lower the amount of money raised by property taxes.

- General Fund actual revenues were greater than the final budgeted revenues by \$203.888, a reduction of \$66,920 from the prior year.
- General Fund expenditures were less than the final adjusted budgeted spending by \$2,565,778. The major components of this budget underspend include:
 - Special Services' budget was underspent by approximately \$1,679,652. \$1,105,375 underspent in salaries (\$544,092 for IA/tutor positions, \$561,355 for all others), \$383,508 underspent in benefits, \$404,477 underspent in tuition (\$255,000 in residential), and \$30,598 underspent in transportation. Special Education professional services were overspent by \$326,508, due to contracted service contracts.
 - Salaries were underspent by approximately \$526,677 (excluding special services). This was primarily due to turnover and difficulty recruiting and retaining staff, including \$216,512 regular education teachers and \$57,467

- IA/tutor positions, \$60,878 in building services, \$29,615 in co-curricular, \$21,495 in nurse services, and \$21,386 in technology services. Substitutes were overspent by approximately \$15,400.
- All benefits (excluding special services) were underspent by \$250,237.
 Medical was underspent by \$114,500, Dental was underspent by \$11,553.
 NH retirement was underspent by \$59,970, social security was underspent by approximately \$63,927, and unemployment was underspent by \$6,282.
 Worker's compensation was overspent by \$5,654.
- Transportation (excluding special services) was underspent by \$213,913.
- Utilities was underspent by \$95,799, and Gasoline was underspent by \$15,711.

COMMENTS ON FOOD SERVICE FUND

The results for the Food Service Fund, reported as a non-major fund in this fiscal year, reflects expenses of \$1,021,298 including an investment of \$92,890 in the Pelham Memorial Project (kitchen), with revenues of \$889,937. Post-audit results show a year-end restricted fund balance of \$122,917, a reduction of \$92,890.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

On June 30, 2023, the District reported capital assets of \$60,870,924 (net of accumulated depreciation), which consist of a broad range of capital assets, including land, buildings & improvements, and machinery and equipment.

There were building improvements as well as other adjustments for retired/replaced capital assets. Capital asset additions in 2023 included: Work in progress for Year 2 of the PMS Renovation/Addition capital project. Phase I of the PES HVAC project (2nd floor Classrooms and Cafeteria completed fall 2022), Chariot scrubber for PMS, PES Camera system upgrade, and Technology equipment including Student Chromebook sets, PES teacher laptops, PMS Promethean Boards (30) and PES Promethean Boards (16).

| Governmental Activities | | | | Increase | % Increase |
|---------------------------------|----|--------------|---------------|--------------|--------------|
| | | 2023 | 2022 | (Decrease) | (% Decrease) |
| Land & Improvements | \$ | 699,000 | \$ 699,000 | \$ - | 0.00% |
| CIP | , | 24.299,388 | 9,167,513 | \$15,131,875 | 100.00% |

Long-Term Liabilities

On June 30, 2023, the District had \$43,926,368 in general obligation bonds and bond premiums. In addition, \$1,344,293 in notes payable (leases), \$701,640 in compensated absences payable long term liabilities, \$4,039,695 in net other post-employment benefits liability, and, \$24,460,467 in net pension liability were also reported as long term liabilities as can be seen below:

| Governmental Activities | | | | Increase | % Increase |
|--|---|------------|------------------|-------------|--------------|
| | | 2023 | 2022 | (Decrease) | (% Decrease) |
| Bonds Payable -Direct Placements | S | 38,540,000 | \$ 40,982,975 | (2,442,975) | -5.96% |
| Bond Premiums | | 5,386,368 | 5,705,089 | (318,721) | -5.59% |
| Notes Payable -Direct Borrowings | | 1,344,293 | 1,405,744 | (61,451) | -4.37% |
| Compensated Absences | | 701,640 | 728,128 | (26,488) | -3.64% |
| Other Post Employment Benefits Payable | | 4,039,695 | 4,223,606 | (183,911) | -4.35% |
| Net Pension Liability | | 24,460,467 | 18,971,289 | 5,489,178 | 28.93% |
| TOTAL LONG-TERM LIABILITIES | | 74,472,463 | 72,016,831 | 2,455,632 | 3.41% |

FUTURE BUDGETARY IMPLICATIONS

In New Hampshire, the public school fiscal year is July 1 to June 30; other programs, i.e., some federal budgets, operate on a different fiscal calendar, but are reflected in the District overall budget as they impact the District.

The beginning General Fund unassigned fund balance for the 2023-2024 fiscal year is \$2,667,472.

The significant activities or events that may have an impact on future district finances include:

- 1. The Pelham School Board and Pelham Education Association (PEA) collective bargaining agreement is currently in negotiations for a new contract to begin in the fall of 2024. The financial impacts are not known at this time.
- 2. The Pelham School District has partnered with Kearsarge Energy to design, install, own and operate rooftop solar arrays on school district school buildings. Through a multi-year power purchase agreement and rooftop lease, the District will achieve savings in electricity supply costs over the period of agreement. Following all required approvals, we anticipate installation during the 2024-2025 fiscal year, and related savings to begin shortly afterward.
- 3. Pelham Elementary School is a 128,000 square foot Prek Grade 5 building. It was originally built in 2001 and some building equipment and building systems will need to be replaced over time.

Questions regarding this report should be directed to Dr. Chip McGee, Superintendent of Schools, or to Ms. Deborah Mahoney, Business Administrator, at (603-635-1145), or by mail at:

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Pelham School District, in Pelham, New Hampshire (the School District), have been prepared in conformity with U.S. Generally Accepted Accounting Principles (GAAP) for governmental units as prescribed by the Governmental Accounting Standards Board (GASB) and other authoritative sources.

1-A Reporting Entity

The Pelham School District is a municipal corporation governed by an elected five-member School Board. In evaluating how to define the School District for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity is made by applying the criteria set forth by GASB Statement No. 14 (as amended). The School District has no component units to include in its reporting entity.

The following is a summary of the more significant accounting policies:

1-B Government-wide and Fund Financial Statements

Government-wide Financial Statements – The Statement of Net Position and the Statement of Activities report information on all of the nonfiduciary activities of the primary government. The effect of interfund activity has been eliminated from these statements. Governmental activities normally are supported through assessments and intergovernmental revenues.

The Statement of Net Position presents the financial position of the School District at year-end. This Statement includes all of the School District's non-fiduciary assets, deferred outflows of resources, liabilities, and deferred inflows of resources, including capital assets and long-term liabilities.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and (2) grants and contributions that are restricted to meeting the operational requirements of a particular function. Assessments and other items not meeting the definition of program revenues are reported instead as general revenues. Resources that are dedicated internally are reported as general revenue rather than program revenue.

Fund Financial Statements – Separate financial statements are provided for governmental funds and the fiduciary fund, even though the latter is excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as nonmajor governmental funds and are presented in the other governmental column of the fund financial statements.

In the governmental fund financial statements, expenditures are reported by function: instruction, support services, noninstructional, debt services, or facilities acquisition and construction. Current expenditures are subclassified by object and are for items such as salaries, grants, supplies, and services. Debt service includes both interest and principal outlays related to bonds and notes. Capital outlay includes expenditures for equipment, real property, or infrastructure.

Other Financing Sources (Uses) – These additions to and reductions from resources in governmental fund financial statements normally result from transfers from/to other funds. Transfers are reported when incurred as "transfers in" by the receiving fund and as "transfers out" by the disbursing fund.

1-C Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Measurement Focus and Basis of Accounting – The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when the liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources* measurement focus and the *modified accrual basis* of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the School District generally considers revenues to be available if they are collected within 60 days of the end of

the current fiscal period, with the exception of reimbursement-based grants, which use a period of one year. District assessments, intergovernmental revenue, and other local sources associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met. All other revenue items are considered to be measurable and available only when cash is received by the government.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Financial Statement Presentation – A fund is a separate accounting entity with a self-balancing set of accounts. Fund accounting is designed to report financial position and the results of operations, to demonstrate legal compliance, and to aid financial management by segregating transactions related to certain government functions or activities.

The School District reports the following major governmental funds:

General Fund — is the School District's primary operating fund. The general fund accounts for all financial resources except those required to be accounted for in another fund. The primary revenue sources include district assessments, state and federal grants, and other local sources. The primary expenditures are for instruction, support services, debt service, and facilities acquisition and construction. Under GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions guidance, the Pelham Memorial School athletics fund, Pelham High School athletics fund, and expendable trust funds are consolidated in the general fund.

Capital Project Fund – the capital project fund accounts for the activity pertaining to the construction/renovation of the Pelham Memorial School.

Nonmajor Funds - The School District also reports three nonmajor governmental funds.

Fiduciary Fund Financial Statements – Fiduciary fund financial statements include a Statement of Fiduciary Net Position and a Statement of Changes in Fiduciary Net Position. This fund accounts for resources held by the School District for the benefit of other parties and include the private purpose trust funds. The fiduciary fund is accounted for on a spending, or "economic resources" measurement focus and the accrual basis of accounting.

1-D Cash and Cash Equivalents

The School District considers all highly liquid investments with an original maturity of three months or less to be cash equivalents. Deposits with financial institutions consist primarily of demand deposits and savings accounts. A cash pool is maintained that is available for use by all funds. Each fund's portion of this pool is reflected on the combined financial statements under the caption "cash and cash equivalents."

New Hampshire statutes require that the School District treasurer have custody of all money belonging to the School District and pay out the same only upon orders of the School Board. The treasurer shall deposit all such monies in participation units in the public deposit investment pool established pursuant to NH RSA 383:22 or in solvent banks in the State. Funds may be deposited in banks outside the State if such banks pledge and deliver to a third-party custodial bank or the Federal Reserve Bank, collateral security for such deposits, United States government or government agency obligations or obligations of the State of New Hampshire in value at least equal to the amount of the deposit in each case.

1-E Receivables

Receivables in the government-wide and governmental fund financial statements represent amounts due to the School District at June 30, recorded as revenue, which will be collected in the future and consist primarily of accounts and intergovernmental receivables.

1-F Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items and expensed as the items are used. This amount is equal to the nonspendable fund balance in the general fund at year-end.

1-G Capital Assets

Capital assets are reported in the government-wide financial statements but are not reported in the fund financial statements. Capital assets are defined by the School District as assets with an initial individual cost of more than \$10,000 for all capital asset classes except infrastructure assets, which have a capitalization threshold of \$100,000 per item, and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition vale at the date of donation.

Major outlays for capital assets and improvements are capitalized as projects are constructed. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

The accounting and reporting treatment applied to capital assets associated with a fund are determined by the fund's measurement focus. General capital assets are assets of the School District as a whole. When purchased, such assets are recorded as expenditures in a governmental fund and capitalized as assets in the government-wide Statement of Net Position.

In the government-wide financial statements, the cost of property sold or retired, together with the related accumulated depreciation, is removed and any resulting gain or loss is included in income.

Capital assets of the School District are depreciated using the straight-line method over the following estimated useful lives:

| Capital Asset Class: | Years |
|-------------------------------------|---------|
| Land improvements | 30 |
| Buildings and building improvements | 20 - 50 |
| Machinery and equipment | 5 - 15 |

1-H Interfund Activities

Interfund activities are reported as follows:

Interfund Receivables and Payables – Activity between funds that is representative of lending/borrowing arrangements outstanding at the end of the fiscal year is referred to as "due to/from other funds." Interfund receivables and payables between funds are eliminated in the Statement of Net Position.

Interfund Transfers – Interfund transfers represent flows of assets without equivalent flows of assets in return and without a requirement for repayment. In governmental funds, transfers are reported as other financing uses in the funds making the transfers and other financing sources in the funds receiving the transfers. In the government-wide financial statements, all interfund transfers between individual governmental funds have been eliminated.

1-I Accounts Payable

Accounts payable represent the gross amount of expenditures or expenses incurred as a result of normal operations, but for which no actual payment has yet been issued to vendors/providers as of June 30, 2023.

1-J Deferred Outflows/Inflows of Resources

Deferred outflows of resources, a separate financial statement element, represents a consumption of net position or fund balance that applies to a future period(s) and thus will not be recognized as an outflow of resources (expense/expenditure) until that time. The School District has two items that qualify for reporting in this category. Deferred outflows related to pensions and deferred outflows related to OPEB are reported in the government-wide Statement of Net Position for various estimate differences that will be amortized and recognized over future years.

Deferred inflows of resources, a separate financial statement element, represents an acquisition of net position or fund balance that applies to a future period(s) which will not be recognized as an inflow of resources (revenue) until that time. Although certain revenues are measurable, they are not available. Available means collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year. The School has three types of items which qualify for reporting in this category. Deferred inflows of resources related to pensions and OPEB are reported in the government-wide Statement of Net Position for various estimate differences that will be amortized and recognized over future years. In addition, unavailable revenue from grants arises when the related eligible expenditures will not be made until the subsequent period.

1-K Long-term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities Statement of Net Position. Bond premiums are deferred and amortized over the life of the bond using the straight-line method.

In accordance with GASB Statement No. 88, Certain Disclosures Related to Debt, Including Direct Borrowings and Direct Placements, the School District utilizes the following classifications to categorize the financial transactions:

Direct Borrowings – financial transactions for a note or a loan where the School District negotiates certain terms with a single lender and are not offered for public sale.

Direct Placements – financial transactions for the sale of bonds where the School District engages with a single buyer or limited number of buyers without a public offering.

1-L Compensated Absences

General leave for the School District includes vacation, sick, and retirement stipend pay. General leave is based on an employee's length of employment and is earned ratably during the span of employment. Upon retirement or termination, employees are paid full value for any accrued general leave earned as set forth by the School District's personnel policy.

Vested or accumulated general leave that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a fund liability of the governmental fund that will pay it. Amounts of vested or accumulated general leave that are not expected to be liquidated with expendable financial resources are maintained separately and represent a reconciling item between the governmental fund and government-wide presentations.

1-M Defined Benefit Pension Plan

GASB Statement No. 68, Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27, and as amended by GASB Statement No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date requires participating employers to recognize their proportionate share of collective net pension liability, deferred outflows of resources, deferred inflows of resources, and pension expense, and schedules have been prepared to provide employers with their calculated proportionate share of these amounts. The collective amounts have been allocated based on employer contributions during the respective fiscal years. Contributions from employers are recognized when legally due, based on statutory requirements.

The schedules prepared by the New Hampshire Retirement System, and audited by the plan's independent auditors, require management to make a number of estimates and assumptions related to the reported amounts. Due to the inherent nature and uncertainty of these estimates, actual results could differ, and the differences may be material.

1-N Postemployment Benefits Other Than Pensions (OPEB)

The School District maintains two separate other postemployment benefit plans, as follows:

New Hampshire Retirement System Plan – For the purposes of measuring the total other postemployment benefit (OPEB) liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the New Hampshire Retirement System OPEB Plan (the plan) and additions to/deductions from the plan's fiduciary net position has been determined on the same basis as they are reported by the New Hampshire Retirement System. For this purpose, the plan recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value, except money market investments and participating interest earning investment contracts that have a maturity at the time of purchase of one year or less, which are reported at cost.

Single Employer Plan – For purposes of measuring the total OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information has been determined based on the School District's actuarial report. For this purpose, benefit payments are recognized when due and payable in accordance with benefit terms.

1-O Net Position/Fund Balances

Government-wide statements - Equity is classified as net position and displayed in three components:

Net Investment in Capital Assets – Consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of bonds, notes, or other debt attributable to the acquisition, construction, or improvement of those assets.

Restricted Net Position – Results when constraints placed on net position use are either externally imposed by a third party (statutory, bond covenant, or granting agency) or are imposed by law through constitutional provisions or enabling legislation. The School District typically uses restricted assets first, as appropriate opportunities arise, but reserves the right to selectively defer the use until a future period.

Unrestricted Net Position – Consists of net position not meeting the definition of the preceding categories. Unrestricted net position is often subject to constraints imposed by management which can be removed or modified.

Fund Balance Classifications – GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, provides more clearly defined fund balance categories to make sure the nature and extent of the constraints placed on a government's fund balances more transparent. The following classifications describe the relative strength of the spending constraints:

Nonspendable – Amounts that cannot be spent because they are either (a) not in spendable form; or (b) are legally or contractually required to be maintained intact.

Restricted – Amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed – Amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the legislative body (School District Meeting). These amounts cannot be used for any other purpose unless the legislative body removes or changes the specified use by taking the same type of action that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements.

Assigned – Amounts that are constrained by the School District's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the School Board or through the Board delegating this responsibility to the Superintendent or Business Administrator through the budgetary process.

Unassigned - The portion of fund balance that has not been restricted, committed, or assigned for a specific purpose.

When multiple net position/fund balance classifications are available for use, it is the School District's policy to utilize the most restricted balances first, then the next most restricted balance as needed. When components of unrestricted fund balance are used, committed fund balance is depleted first followed by assigned fund balance. Unassigned fund balance is applied last.

1-P Use of Estimates

The financial statements and related disclosures are prepared in conformity with accounting principles generally accepted in the United States. Management is required to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities, and deferred inflows of resources, the disclosure of contingent assets and liabilities at the date of the financial statements, and revenues and expenses/expenditures during the period reported. These estimates include assessing the collectability of accounts receivable, the useful lives of capital assets, net pension liability, other postemployment benefit liabilities, and deferred outflows and inflows of resources related to both pension and other postemployment benefits, among others. Estimates and assumptions are reviewed periodically, and the effects of revisions are reflected in the financial statements in the period they are determined to be necessary. Actual results could differ from estimates.

1-Q Material Change in Classification

The accompanying financial statements reflect a change in classification from the prior year. Specifically, the grants fund which accounts for local and federal grant activity did not qualify as a major fund for the current fiscal year. As such it was reclassified to the nonmajor governmental funds.

NOTE 2 - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

2-A Budgetary Information

General governmental revenues and expenditures accounted for in budgetary funds are controlled by a formal integrated budgetary accounting system in accordance with various legal requirements which govern the School District's operations. At its annual meeting, the School District adopts a budget for the current year for the general fund, as well as the nonmajor grants and food service funds. Except as reconciled below, the budget was adopted on a basis consistent with United States generally accepted accounting principles.

Management may transfer appropriations between operating categories as deemed necessary, but expenditures may not legally exceed budgeted appropriations in total. All annual appropriations lapse at year-end unless encumbered.

Encumbrance accounting, under which purchase orders, contracts, and continuing appropriations (certain projects and specific items not fully expended at year-end) are recognized, is employed in the governmental funds. Encumbrances are not the equivalent of expenditures, and are therefore, reported as part of the assigned fund balance at year-end, and are carried forward to supplement appropriations of the subsequent year.

State statutes require balanced budgets but provide for the use of beginning unassigned fund balance to achieve that end. In the fiscal year 2023, \$3,308,011 of the beginning general fund unassigned fund balance was applied for this purpose.

2-B Budgetary Reconciliation to GAAP Basis

While the School District reports financial position, results of operations, and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The Statement of Revenues, Expenditures, and Changes in Fund Balance - Budget and Actual is presented for the major general fund. Differences between the budgetary basis and GAAP basis of accounting for the general fund are as follows:

| Revenues: | |
|---|---------------|
| Per Exhibit D (budgetary basis) | \$ 34,892,630 |
| Adjustments: | |
| Basis difference: | |
| Inception of note | 136,380 |
| Refunding bonds issued | |
| GASB Statement No. 54: | |
| Investment earnings related to the blended expendable trust funds | 34,918 |
| Other local revenue of the blended athletic funds | 34,680 |
| Per Exhibit C-3 (GAAP Basis) | \$ 35,098,608 |
| Expenditures and other financing uses: Per Exhibit D (budgetary basis) Adjustments: Basis difference: Encumbrances, beginning | \$ 35,469,446 |
| Encumbrances, ending | (678,630) |
| Inception of note | 136,380 |
| Payments to refunded bond escrow agent GASB Statement No. 54: | |
| Expenditures of the blended athletic funds | 33,996 |
| Expenditures of the blended expendable trust funds | 26,681 |
| Per Exhibit C-3 (GAAP basis) | \$ 35,329,683 |
| • | |

2-C Accounting Change

Governmental Accounting Standards Board Statement No. 96, Subscription-Based Information Technology Arrangements, was implemented during fiscal year 2023. The objective of this Statement is to better meet information needs of financial statement users by (a) establishing uniform accounting and financial reporting requirement for subscription-based information technology arrangements (SBITAs); (b) improving the comparability of financial statements among governments that have entered into SBITAs; and (c) enhancing the understandability, reliability, relevance, and consistency of information about SBITAs. This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription assets (an intangible asset), and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. To the extent relevant, the standards of SBITA are based on the standards established in Statement No. 87, Leases, as amended. The School District has assessed all potential agreements that may be applicable for reporting under GASB Statement No. 96 and have determined that none of the agreements have met the requirements of the pronouncement.

DETAILED NOTES ON ALL FUNDS

NOTE 3 – CASH AND CASH EQUIVALENTS

The School District's deposits are entirely covered by Federal Depository Insurance Corporation (FDIC) or by collateral held by the School District's agent in the School District's name. The FDIC currently insures the first \$250,000 of the School District's deposits at each financial institution, per case custodian. Deposit balances over \$250,000 are insured by collateral. As of yearend, the carrying amount of the School District's deposits was \$15,578,306 and the bank balances totaled \$15,853,231.

NOTE 4 - RECEIVABLES

Receivables at June 30, 2023, consisted of accounts and intergovernmental amounts arising from grants, the school lunch program, expendable trust funds held by the Town of Pelham Trustees of Trust Funds for the School District, and other miscellaneous amounts. Receivables are recorded on the School District's financial statements to the extent that the amounts are determined to be material and substantiated not only by supporting documentation, but also by a reasonable, systematic method of determining their existence, completeness, valuation, and collectability.

NOTE 5 – CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2023 consisted of the following:

| | Balance, beginning | Additions | Retirements | Balance, ending |
|--|-----------------------|------------------|--------------|--------------------|
| At cost: | \$ | | | |
| Not being depreciated: | | | | |
| Land | \$ 699,000 | \$ | \$ - | \$ 699,000 |
| Construction in progress | 9,167,513 | 15,625,341 | (493,466) | 24,299,388 |
| Total capital assets not being depreciated | 9,866,513 | 15,625,341 | (493,466) | 24,998,388 |
| Being depreciated: | | | | |
| Land improvements | 2,197,452 | 0 0 1 | (=) | 2,197,452 |
| Buildings and building improvements | 41,026,759 | 861,095 | (*) | 41,887,854 |
| Machinery and equipment | 2,088,693 | 301,305 | (6,925) | 2,383,073 |
| Total capital assets being depreciated | 45,312,904 | 1,162,400 | (6,925) | 46,468,379 |
| Total capital assets | 55,179,417 | 16,787,741 | (500,391) | 71,466,767 |
| | | | | (Continued) |

Capital assets continued:

| | Balance, | | | Balance, |
|---|--|------------------------------------|--------------|---|
| | beginning | Additions | Retirements | ending |
| Less accumulated depreciation: | | | | |
| Land improvements | (751,290) | (63,223) | 意 | (814,513) |
| Buildings and building improvements | (7,605,370) | (747,431) | 5. | (8,352,801) |
| Machinery and equipment | (1,173,478) | (261,976) | 6,925 | (1,428,529) |
| Total accumulated depreciation | (9,530,138) | (1,072,630) | 6,925 | (10,595,843) |
| Net book value, capital assets being depreciated | 35,782,766 | 89,770 | Ψ., | 35,872,536 |
| Net book value, all capital assets | \$45,649,279 | \$15,715,111 | \$ (493,466) | \$60,870,924 |
| Machinery and equipment Total accumulated depreciation Net book value, capital assets being depreciated | (1,173,478) (9,530,138) 35,782,766 | (261,976) (1,072,630) 89,770 | 6,925 | (1,428,529) (10,595,843) 35,872,536 |

Depreciation expense was charged to functions of the School District based on their usage of the related assets. The amounts allocated to each function are as follows:

| Instruction | \$ 943,976 |
|------------------------------------|-----------------|
| Support services: | |
| Operation and maintenance of plant | 100,719 |
| Other support | 18,021 |
| Noninstructional services | 9,914 |
| Total depreciation expense | \$ 1,072,630 |

NOTE 6 - INTERFUND BALANCES AND TRANSFERS

Interfund receivable and payable balances consisting of overdrafts in pooled cash and budgetary transfers at June 30, 2023 are as follows:

| Receivable Fund | Pay able Fund | Amount |
|-----------------|---------------|-----------|
| General | Grants | \$120,880 |
| Nonmajor | General | 38,471 |
| J. | | \$159,351 |
| | | |

The interfund transfer in the amount of \$38,741 from the general fund to the nonmajor food service fund was made to cover an operating deficit.

Transfers are used to: (1) move revenues from the fund that is required to collect them to the fund that is required or allowed to expend them; and (2) use unrestricted revenue collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

NOTE 7 – DEFERRED OUTFLOWS/INFLOWS OF RESOURCES

Deferred outflows of resources at June 30, 2023 consist of amounts related to pension totaling \$5,561,227 and amounts related to OPEB totaling \$653,204. For further discussion on these amounts, see Notes 9 and 10, respectively.

Deferred inflows of resources at June 30, 2023 consist of the following:

| | | GOA | vernmental | |
|--------------|-------------------------------|------------------------|--------------------------|--|
| Governmental | | | Funds | |
| Α | ctivities | Nonmajor | | |
| \$ | 189,184 181,962 415,763 | \$ | 189,184 | |
| S | 786,909 | \$ | 189,184 | |
| | | Activities \$ 189,184 | Activities N \$ 189,184 | |

PELHAM SCHOOL DISTRICT NOTES TO THE BASIC FINANCIAL STATEMENTS

AS OF AND FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 8 – LONG-TERM LIABILITIES

Changes in the School District's long-term liabilities consisted of the following for the year ended June 30, 2023:

| | | Balance | | | | | | Balance | Γ | ue Within | D | ue In More |
|-----------------------------------|----|-------------|-----|-----------|----|-------------|-----|--------------|----------|-----------|-----|-------------|

| 2034-2038 | | 8,945,000 | | 1,201,008 | | 10,146,008 | = | | | | (2 4) |
| 2039-2042 | | 5,490,000 | | 230,370 | | 5,720,370 | e_ | | ×_ | | 350 |
| Totals | \$ | 38,540,000 | \$ | 11,288,456 | \$ | 49,828,456 | \$ 1,344,293 | \$ | 189,873 | \$ | 1,534,166 |

All debt is general obligation debt of the School District, which is backed by its full faith and credit, and will be repaid from general governmental revenues.

Arbitrage – The tax Reform Act of 1986 instituted certain arbitrage restrictions with respect to the issuance of tax-exempt bonds after August 31, 1986. Arbitrage regulations deal with the investment of all tax-exempt bond proceeds at an interest yield greater than the interest yield paid to bondholders. Generally, all interest paid to bondholders can be retroactively rendered taxable if applicable rebates are not reported and paid to the Internal Revenue Service (IRS) at least every five years. During the current year, the School District performed calculations of excess investment earnings on various bonds and financings and at June 30, 2023 does not expect to incur a liability.

NOTE 9 - DEFINED BENEFIT PENSION PLAN

Plan Description – The New Hampshire Retirement System (NHRS or the System) is a public employee retirement system that administers one cost-sharing multiple-employer defined benefit pension plan (Pension Plan), a component unit of the State of New Hampshire, as defined in Governmental Accounting Standards Board (GASB) Statement No. 67, Financial Reporting for Pension Plans – an amendment of GASB Statement No. 25. The Pension Plan was established in 1967 by RSA 100-A:2 and is qualified as a tax-exempt organization under Sections 401(a) and 501(a) of the Internal Revenue Code. The Pension Plan is a contributory, defined benefit plan providing service, disability, death, and vested retirement benefits to members and their beneficiaries. Substantially all full-time State employees, public school teachers and administrators, permanent firefighters, and permanent police officers within the State are eligible and required to participate in the Pension Plan. The System issues a publicly available financial report that may be obtained by writing the New Hampshire Retirement System, 54 Regional Drive, Concord, NH 03301.

Benefits Provided – Benefit formulas and eligibility requirements for the Pension Plan are set by state law (RSA 100-A). The Pension Plan is divided into two membership groups. State and local employees and teachers belong to Group I. Police and firefighters belong to Group II.

Group I benefits are provided based on creditable service and average final salary for the highest of either three or five years, depending on when service commenced.

Group II benefits are provided based on age, years of creditable service and benefit multiplier depending on vesting status as of January 1, 2012. The maximum retirement allowance for Group II members vested by January 1, 2012 (45 years of age with 20 years of service or age 60 regardless of years of creditable service) is the average final compensation multiplied by 2.5% multiplied by creditable service. For Group II members not vested by January 1, 2012, the benefit is calculated the same way, but the multiplier used in the calculation will change depending on age and years of creditable service as follows:

| Years of Creditable Service as of January 1, 2012 | Minimum Age | Minimum Service | Benefit Multiplier |
|---|-------------|-----------------|--------------------|
| At least 8 but less than 10 years | 46 | 21 | 2.4% |
| At least 6 but less than 8 years | 47 | 22 | 2.3% |
| At least 4 but less than 6 years | 48 | 23 | 2.2% |
| Less than 4 years | 49 | 24 | 2.1% |

Members of both groups may qualify for vested deferred allowances, disability allowances, and death benefit allowances, subject to meeting various eligibility requirements. Benefits are based on AFC or earnable compensation and/or service.

Contributions – The System is financed by contributions from both the employees and the School District. Member contribution rates are established and may be amended by the State legislature while employer contribution rates are set by the System trustees based on an actuarial valuation. All employees are required to contribute 7% of earnable compensation. For fiscal year 2023, the School District contributed 19.48% for teachers and 13.75% for other employees. The contribution requirement for the fiscal year 2023 was \$2,531,843, which was paid in full.

Pension Liabilities, Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions – At June 30, 2023, the School District reported a liability of \$24,460,467 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2021. The School District's proportion of the net pension liability was based on a projection of the School District's long-term share of contributions to the pension plan relative to the projected contributions of all participants, actuarially determined. At June 30, 2022, the School District's proportion was 0.43%, which was the same as its proportion measured as of June 30, 2021.

For the year ended June 30, 2023, the School District recognized pension expense of \$2,786,122. At June 30, 2023, the School District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| | Deferred | Deferred |
|--|-------------|--------------|
| | Outflows of | Inflows of |
| | Resources | Resources |
| Changes in proportion | \$ 342,183 | \$ 88,062 |
| Net difference between projected and actual investment | | |
| earnings on pension plan investments | 927,020 | (=) |
| Changes in assumptions | 1,301,102 | |
| Differences between expected and actual experience | 459,079 | 93,900 |
| Contributions subsequent to the measurement date | 2,531,843 | 100 |
| Total | \$5,561,227 | \$181,962 |
| | | |

The \$2,531,843 reported as deferred outflows of resources related to pensions results from the School District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Fiscal Year Ending | |
|--------------------|-------------|
| June 30, | |
| 2023 | \$1,045,745 |
| 2024 | 957,890 |
| 2025 | (418,175) |
| 2026 | 1,261,962 |
| 2027 | - |
| Thereafter | - |
| Totals | \$2,847,422 |

Actuarial Assumptions – The collective total pension liability was determined by an actuarial performed as of June 30, 2020, rolled forward to June 30, 2021, using the following assumptions:

Inflation: 2.0% per year

Wage inflation: 2.75% per year (2.25% for Teachers) Salary increases: 5.4% average, including inflation

Investment rate of return: 6.75% net of pension plan investment expense, including inflation

Mortality rates were based on the Pub-2010 Healthy Retiree Mortality Tables with credibility adjustments for each group (Police and Fire combined) and projected fully generational mortality improvements using Scale MP-2019.

The actuarial assumptions used in the June 30, 2021 valuation were based on the results of the most recent actuarial experience study, which was for the period July 1, 2015 – June 30, 2019.

Long-term Rates of Return – The long-term expected rate of return on pension plan investment was selected from a best estimate range determined using the building block approach. Under this method, an expected future real return range is calculated separately for each asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rate of return net of investment expenses by the target asset allocation percentage and by adding expected inflation.

Following is a table presenting target allocations and long-term rates of return for 2021:

| Target | |
|------------|--|
| Allocation | 30 Year Geometric Return |
| 30.00% | 7.60% |
| 20.00% | 7.90% |
| 50.00% | |
| 10.00% | 6.60% |
| 10.00% | 8.85% |
| 20.00% | |
| 5.00% | 7.25% |
| 25.00% | 3.60% |
| 0.00% | 2.25% |
| 100.00% | 7.30% |
| | Allocation 30.00% 20.00% 50.00% 10.00% 20.00% 5.00% 25.00% 0.00% |

Discount Rate – The discount rate used to measure the collective total pension liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. For purposes of the projection, member contributions and employer service cost contributions are projected based on the expected payroll of current members only. Employer contributions are determined based on the Pension Plan's actuarial funding policy as required by RSA 100-A:16. Based on those assumptions, the Pension Plan's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term expected rate of return on Pension Plan investment was applied to all periods of projected benefit payments to determine the collective total pension liability.

Sensitivity of the School District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate – The following table presents the School District's proportionate share of the net pension liability calculated using the discount rate of 6.75% as well as what the School District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (5.75%) or 1-percentage point higher (7.75%) than the current rate:

| Actuarial | | Current Single | |
|---------------|--------------|-----------------|--------------|
| Valuation | 1% Decrease | Rate Assumption | 1% Increase |
| Date | 5.75% | 6.75% | 7.75% |
| June 30, 2022 | \$32,819,779 | \$ 24,460,467 | \$17,510,472 |
| | | | |

Pension Plan Fiduciary Net Position – Detailed information about the pension plan's fiduciary net position is available in the separately issued New Hampshire Retirement System Cost-Sharing Multiple Employer Defined Benefit Pension Plan financial report.

NOTE 10 - POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)

10-A New Hampshire Retirement System (NHRS)

Plan Description – The New Hampshire Retirement System (NHRS or the System) administers a cost-sharing multiple-employer other postemployment benefit plan medical subsidy healthcare plan (OPEB Plan). For additional system information, please refer to the 2022 Comprehensive Annual Financial Report, which can be found on the System's website at www.nhrs.org.

Benefits Provided – Benefit amounts and eligibility requirements for the OPEB Plan are set by State law (RSA 100-A:52, RSA 100-A:52-a and RSA 100-A:52-b), and members are designated in statute by type. The four membership types are Group II, Police Officers, and Firefighters; Group I, Teachers; Group I, Political Subdivision Employees; and Group I, State Employees. The OPEB Plan provides a medical insurance subsidy to qualified retired members. The medical insurance subsidy is a payment made by NHRS to the former employer or its insurance administrator toward the cost of health insurance for a qualified retiree, his/her qualified spouse, and his/her certified dependent children with a disability who are living in the household and being cared for by

the retiree. If the health insurance premium amount is less than the medical subsidy amount, then only the health insurance premium amount will be paid. If the health insurance premium amount exceeds the medical subsidy amount, then the retiree or other qualified person is responsible for paying any portion that the employer does not pay.

Group I benefits are based on creditable service, age, and retirement date. Group II benefits are based on hire date, age, and creditable service. The OPEB plan is closed to new entrants.

Maximum medical subsidy rates paid during fiscal year 2022 were as follows:

For qualified retirees not eligible for Medicare, the amounts were \$375.56 for a single-person plan and \$751.12 for a two-person plan.

For those qualified retirees eligible for Medicare, the amounts were \$236.84 for a single-person plan and \$473.68 for a two-person plan.

Contributions – The OPEB Plan is funded by allocating to the 401(h) subtrust the lesser of: 25% of all employer contributions made in accordance with RSA 100-A:16 or the percentage of employer contributions determined by the actuary to be the minimum rate necessary to maintain the benefits provided under RSA 100-A:53-b, RSA 100-A:53-c, and RSA 100-A:53-d. For fiscal year 2022, the minimum rates determined by the actuary to maintain benefits were the lesser of the two options and were used to determine the employer contributions due to the 401(h) subtrust. The State Legislature has the authority to establish, amend, and discontinue the contribution requirements of the OPEB Plan. Administrative costs are allocated to the OPEB Plan based on fund balances. For fiscal year 2023, the School District contributed 1.54% for teachers and 0.31% for other employees. The contribution requirement for the fiscal year 2023 was \$182,452, which was paid in full.

OPEB Liabilities, OPEB Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to OPEB – At June 30, 2023, the School District reported a liability of \$1,596,705 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2022, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2021. The School District's proportion of the net OPEB liability was based on a projection of the School District's long-term share of contributions to the OPEB plan relative to the projected contributions of all participants, actuarially determined. At June 30, 2022, the School District's proportion was 0.42%, which was the same as its proportion measured as of June 30, 2021.

For the year ended June 30, 2023, the School District recognized OPEB expense of \$65,991. At June 30, 2023, the School District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

Defound

Deferred

| | D | ererred | Dele | irca |
|--|-----|----------|-------|-----------------|
| | Out | flows of | Inflo | ws of |
| | Re | sources | Reso | urces |
| Net difference between projected and actual investment | 5 | | | |
| earnings on OPEB plan investments | \$ | 4,364 | \$ | • |
| Contributions subsequent to the measurement date | | 182,452 | | 270 |
| Total | \$ | 186,816 | \$ | _ 5 7 3. |
| | | | | |

The \$182,452 reported as deferred outflows of resources related to OPEB results from the School District contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ended June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

| Fiscal Year Ending | |
|--------------------|------------------|
| June 30, | |
| 2023 | \$ 725 |
| 2024 | 188 |
| 2025 | (1,717) |
| 2026 | 5,168 |
| 2027 | - |
| Thereafter | (7 5 |
| Totals | \$4,364 |
| | |

Actuarial Assumptions - The total OPEB liability in this report is based on an actuarial valuation performed as of June 30, 2021 and a measurement date of June 30, 2022. The total OPEB liability was determined using the following actuarial assumptions applied to all periods included in the measurement, unless otherwise specified:

Price inflation:

2.0% per year

Wage inflation: Salary increases: 2.75% per year (2.25% for Teachers) 5.4% average, including inflation

Investment rate of return: 6.75% net of OPEB plan investment expense, including inflation

Not applicable, given that the benefits are fixed stipends Health care trend rate:

Mortality rates were based on the Pub-2010 Healthy Retiree Mortality Tables with credibility adjustments for each group (Police and Fire combined) and projected fully generational mortality improvements using Scale MP-2019.

The actuarial assumptions used in the June 30, 2021 valuation were based on the results of the most recent actuarial experience study, which was for the period July 1, 2015 – June 30, 2019.

Long-term Rates of Return - The long-term expected rate of return on OPEB plan investment was selected from a best estimate range determined using the building block approach. Under this method, an expected future real return range is calculated separately for each asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rate of return net of investment expenses by the target asset allocation percentage and by adding expected inflation. Following is a table presenting target allocations and long-term rates of return for 2022:

| | Target | |
|-----------------------------|------------|--------------------------|
| Asset Class | Allocation | 30 Year Geometric Return |
| Broad US Equity (1) | 30.00% | 7.60% |
| Global Ex-US Equity (2) | 20.00% | 7.90% |
| Total public equity | 50.00% | |
| Real Estate Equity | 10.00% | 6.60% |
| Private Equity | 10.00% | 8.85% |
| Total private market equity | 20.00% | |
| Private Debt | 5.00% | 7.25% |
| Core U.S. Fixed Income (3) | 25.00% | |
| Inflation | 0.00% | 2.25% |
| Total | 100.00% | 7.30% |

Discount Rate - The discount rate used to measure the total OPEB liability as of June 30, 2022 was 6.75%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made under the current statute RSA 100-A:16 and that plan member contributions will be made under RSA 100-A:16. Based on those assumptions, the OPEB Plan's fiduciary net position was projected to make all projected future benefit payments of current plan members. Therefore, the longterm expected rate of return on OPEB Plan investments was applied to all periods of projected benefit payments to determine the collective total OPEB liability.

Sensitivity of the School District's Proportionate Share of the OPEB Liability to Changes in the Discount Rate - The following table presents the School District's proportionate share of the OPEB liability calculated using the discount rate of 6.75% as well as what the School District's proportionate share of the OPEB liability would be if it were calculated using a discount rate that is 1-percentage point lower (5.75%) or 1-percentage point higher (7.75%) than the current rate:

| Actuarial | | Current Single | |
|-------------------|-------------------|-----------------------|-------------------|
| Valuation Date | 1% Decrease 5.75% | Rate Assumption 6.75% | 1% Increase 7.75% |
| June 30, 2022 | \$1,733,495 | \$ 1,596,705 | \$1,477,571 |

Sensitivity of the School District's Proportionate Share of the OPEB Liability to Changes in the Healthcare Cost Trend Rate – GASB Statement No. 75 requires the sensitivity of the Net OPEB liability to the healthcare cost trend assumption. Since the medical subsidy benefits are a fixed stipend, there is no sensitivity to the change in the healthcare cost trend assumption.

OPEB Plan Fiduciary Net Position – Detailed information about the OPEB plan's fiduciary net position is available in the separately issued New Hampshire Retirement System Cost-Sharing Multiple Employer Defined Benefit OPEB Plan financial report.

10-B Retiree Health Benefit Program

Plan Description – GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, requires governments to account for other postemployment benefits (OPEB) on an accrual basis, rather than on a payas-you-go basis. The effect is the recognition of an actuarially determined expense on the Statement of Activities when a future retiree earns their postemployment benefits, rather than when they use their postemployment benefit. The postemployment benefit liability is recognized on the Statement of Net Position over time. The School District OPEB plan is not administered through a trust that meets the criteria of paragraph 4 of GASB Statement No. 75.

The total OPEB liability is based on the School District offering retirees postemployment healthcare insurance governed by RSA 100-A:50. The retirees pay 100% of the premium cost to participate and are included in the same pool as the active members. The inclusion of the retirees in the same pool effects the insurance rates of the active employees as the rates for the retirees are assumed to be higher due to the age consideration, thereby creating an implicit rate subsidy.

Funding Policy - The School District's funding policy for the implicit rate subsidy is a pay-as-you-go basis.

Benefits Provided – The School District provides postemployment healthcare benefits for certain eligible retirees. The School District provides medical benefits to its eligible retirees.

Employees Covered by Benefit Terms - At June 30, 2022, the following employees were covered by the benefit terms:

| Inactive employees or beneficiaries currently receiving benefit payments | 102 |
|--|-----|
| Active employees | 284 |
| Total participants covered by OPEB plan | 386 |

Total OPEB Liability – The School District's total OPEB liability of \$2,442,990 was measured as of June 30, 2023, and was determined by an actuarial valuation as of July 1, 2022 projected to June 30, 2023, reflecting actual premiums and contributions. The School District contracts with an outside actuary to complete the actuarial valuation and schedule of changes in the total OPEB liability. Detailed information can be found in the separately issued report through request of the School District business office.

Actuarial Assumptions and Other Inputs – The total OPEB liability was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

| Discount Rate | 4.13% |
|--------------------------------|-------|
| Healthcare Cost Trend Rates: | |
| Current Year Trend | 7.00% |
| Second Year Trend | 6.50% |
| Decrement | 0.50% |
| Ultimate Trend | 4.50% |
| Year Ultimate Trend is Reached | 2029 |
| Salary Increases | 2.75% |

The discount rate was based on a yield for 20-year tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher as of June 30, 2023.

Mortality rates were based on the following:

- General (administrative and support staff) participants: SOA Pub-2010 General Headcount Weighted Mortality Table fully generational using Scale MP-2021,
- Teacher participants: SOA Pub-2010 Teacher Headcount Weighted Mortality Table fully generational using Scale MP-2021, and
- Surviving Spouses: SOA Pub-2010 Continuing Survivor Headcount Weighted Mortality Table fully generational using Scale MP-2021.

Changes in the Total OPEB Liability

| | June 30, | | |
|---|-------------|-------------|--|
| | 2022 | 2023 | |
| Total OPEB liability, beginning of year | \$2,810,345 | \$2,540,600 | |
| Changes for the year: | | | |
| Service cost | 145,123 | 119,775 | |
| Interest | 62,241 | 104,063 | |
| Assumption changes and difference between | | | |
| actual and expected experience | (249,051) | (87,008) | |
| Benefit payments | (228,058) | (234,440) | |
| Total OPEB liability, end of year | \$2,540,600 | \$2,442,990 | |
| | | | |

Sensitivity of the School District's OPEB Liability to Changes in the Discount Rate – The July 1, 2022 actuarial valuation was prepared using a discount rate of 4.13%. If the discount rate were 1% lower than what was used, the OPEB liability would increase to \$2,624,558, or by 7.4%. If the discount rate were 1% higher than what was used, the OPEB liability would decrease to \$2,270,421, or by 7.1%.

| | | Discount Rate | |
|----------------------|--------------|----------------|-------------|
| | 1% Decrease | Baseline 4.13% | 1% Increase |
| Total OPEB Liability | \$ 2,624,558 | \$ 2,442,990 | \$2,270,421 |
| • | | | |

Sensitivity of the School District's OPEB Liability to Changes in the Healthcare Cost Trend Rates – The July 1, 2022 actuarial valuation was prepared using an initial trend rate of 7.00%. If the trend rate were 1% lower than what was used, the OPEB liability would decrease to \$2,181,669, or by 10.7%. If the trend rate were 1% higher than what was used, the OPEB liability would increase to \$2,756,087, or by 12.8%.

| | Healthcare Cost Trend Rates | | |
|----------------------|-----------------------------|----------------|-------------|
| | 1% Decrease | Baseline 7.00% | 1% Increase |
| Total OPEB Liability | \$2,181,669 | \$ 2,442,990 | \$2,756,087 |

OPEB Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to OPEB – For the year ended June 30, 2023, the School District recognized OPEB expense of \$262,595. At June 30, 2023, the School District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

| | Deferred | Deferred |
|--|-------------|------------|
| | Outflows of | Inflows of |
| | Resources | Resources |
| Changes in assumptions | \$ 149,091 | \$ 309,830 |
| Differences between expected and actual experience | 317,297 | 105,933 |
| Total | \$ 466,388 | \$ 415,763 |

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

| Fiscal Year Ending | |
|--------------------|----------|
| June 30, | |
| 2024 | \$38,757 |
| 2025 | 38,757 |
| 2026 | 38,759 |
| 2027 | 4,710 |
| 2028 | 5,532 |
| Thereafter | (75,890) |
| Totals | \$50,625 |

NOTE 11 - COMMITMENTS

The School District entered into several construction contracts for construction and renovation at the Pelham Memorial School. As of June 30, 2023, the School District had outstanding construction contracts totaling \$6,326,091 that will be financed from bond proceeds.

Construction commitments and other significant commitments are as follows:

| | | | | Total | | |
|--|----|--------------|----|-------------|----|------------|
| | C | Construction | (| Costs as of |] | Balance to |
| | С | ommitments | Ju | ne 30, 2023 | Į. | Complete |
| Pelham Memorial School construction/renovations: | | | | | | |
| Project design and engineering | \$ | 1,580,572 | \$ | 1,407,740 | \$ | 172,832 |
| Construction | | 28,495,878 | | 22,342,619 | | 6,153,259 |
| Total | \$ | 30,076,450 | \$ | 23,750,359 | \$ | 6,326,091 |
| | | | | | | |

NOTE 12 - ENCUMBRANCES

Encumbrances outstanding in the general fund at June 30, 2023 are as follows:

| Current: | |
|------------------------------------|---------------|
| Instruction: | |
| Regular programs | \$ 64,999 |
| Special programs | 49,701 |
| Vocational programs | 37,910 |
| Other programs | 9,439 |
| Total instruction | 162,049 |
| Support services: | |
| Student | 24,158 |
| Instructional staff | 20,410 |
| Executive administration | 6,315 |
| School administration | 5,102 |
| Business | 1,758 |
| Operation and maintenance of plant | 377,649 |
| Student transportation | 756 |
| Other | 80,433_ |
| Total support services | 516,581 |
| Total encumbrances | \$ 678,630 |

NOTE 13 - GOVERNMENTAL ACTIVITIES AND FIDUCIARY FUND NET POSITION

Net position reported on the government-wide and fiduciary fund Statements of Net Position at June 30, 2023 include the following:

| | Governmental Activities | luciary Fund |
|--|-------------------------|-----------------|
| Net investment in capital assets: | | |
| Net book value of all capital assets | \$60,870,924 | \$ - 5 |
| Less: | | |
| General obligation bonds/notes payable | (39,884,293) | ~ |
| Unamortized bond premiums | (5,386,368) | - |
| Amount of debt related to unspent proceeds | 7,784,510 | 2 |

| Total governmental fund balances | \$4,096,959 | \$8,109,893 | \$ 393,640 | \$12,600,492 |

NOTE 15 - RISK MANAGEMENT

The School District is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors or omissions; injuries to employees; or natural disasters. During fiscal year 2023, the School District was a member of the New Hampshire Public Risk Management Exchange (Primex³) Workers' Compensation and Property/Liability programs.

The New Hampshire Public Risk Management Exchange (Primex³) Workers' Compensation and Property/Liability programs are pooled risk management programs under RSAs 5-B and 281-A. Coverage was provided from July 1, 2022 to June 30, 2023 by Primex³, which retained \$2,000,000 of each workers' compensation loss, \$500,000 of each liability loss, and for each property loss it is based upon the School District's property schedule on file with Primex³. The Board has decided to self-insure the aggregate exposure and has allocated funds based on actuarial analysis for that purpose. The workers' compensation section of the self-insurance membership agreement permits Primex³ to make additional assessments to members should there be a deficiency in contributions for any member year, not to exceed the member's annual contribution. GASB Statement No. 10 requires members of a pool with a sharing risk to disclose if such an assessment is probable, and a reasonable estimate of the amount, if any. In fiscal year 2022-23, the School District paid \$98,495 and \$64,608, respectively, to Primex³ for Workers' Compensation and Property/Liability. At this time, Primex³ foresees no likelihood of any additional assessment for this or any prior year.

The School District continues to carry commercial insurance for all other risks of loss. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

NOTE 16 – CONTINGENT LIABILITIES

There are various claims and suits pending against the School District which arose in the normal course of the School District's activities. In the opinion of management, the ultimate disposition of these various claims and suits will not have a material effect on the financial position of the School District.

The School District has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies or their designee. These audits could result in a request for reimbursement from the grantor agency for costs disallowed under terms of the grant. Based on prior experience, the School District believes such disallowances, if any, will be immaterial.

NOTE 17 – SUBSEQUENT EVENTS

Subsequent events are events or transactions that occur after the balance sheet date, but before the financial statements are issued. Recognized subsequent events are events or transactions that provided additional evidence about conditions that existed at the balance sheet date, including the estimates inherent in the process of preparing the financial statements. Nonrecognized subsequent events are events that provide evidence about conditions that did not exist at the balance sheet date but arose after the date. Management has evaluated subsequent events through December 6, 2023, the date the June 30, 2023 financial statements were available to be issued, and noted no events occurred that require recognition or disclosure.

PELHAM SCHOOL DISTRICT

NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION – OTHER POSTEMPLOYMENT BENEFITS LIABILITY

FOR THE FISCAL YEAR ENDED JUNE 30, 2023

Schedule of the School District's Proportionate Share of Net Other Postemployment Benefits Liability and Schedule of School District Contributions – Other Postemployment Benefits

Changes in Benefit Terms - There were no changes in benefit terms for the current period.

Changes in Assumptions - Salary increases changed from 5.4% to 5.6% in the current period.

Methods and Assumptions Used to Determine Contribution Rates — A full list of the methods and assumptions used to determine the contribution rates can be found in the most recent actuarial valuation report. This report can be located at www.nhrs.org.

As required by GASB Statement No. 75, Exhibits H and I represent the actuarial determined costs associated with the School District's other postemployment benefits at June 30, 2023. These schedules are presented to illustrate the requirement to show information for 10 years. However, until a full 10-year trend is compiled, information is presented for those years for which information is available.

Schedule of Changes in School District's Total Other Postemployment Benefits Liability and Related Ratios

Changes in Benefit Terms - There were no changes in benefit terms for the current period.

Changes in Assumptions – The discount rate increased from 4.09% to 4.13%.

As required by GASB Statement No. 75, Exhibit J represents the actuarial determined costs associated with the School District's other postemployment benefits at June 30, 2023. The schedule is presented to illustrate the requirement to show information for 10 years. However, until a full 10-year trend is compiled, information is presented for those years for which information is available.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Independent Auditor's Report

To the Members of the School Board Pelham School District Pelham, New Hampshire

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Pelham School District, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Pelham School District's basic financial statements, and have issued our report thereon dated December 6, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Pelham School District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Pelham School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the Pelham School District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Pelham School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Independent Auditor's Report

To the Members of the School Board Pelham School District Pelham, New Hampshire

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the Pelham School District's compliance with the types of compliance requirements identified as subject to audit in the OMB Compliance Supplement that could have a direct and material effect on each of the Pelham School District's major federal programs for the year ended June 30, 2023. The Pelham School District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Pelham School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2023.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Pelham School District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Pelham School District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Pelham School District's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Pelham School District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, Government Auditing Standards, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions,

Compliance Required by the Uniform Guidance

misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Pelham School District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Pelham School District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Pelham School District's internal control over compliance relevant to the audit in order to
 design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance
 in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the
 Pelham School District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

The accompanying notes are an integral part of this schedule.

PELHAM SCHOOL DISTRICT NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE YEAR ENDED JUNE 30, 2023

Note 1. Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards (the "Schedule") includes the federal award activity of the Pelham School District under programs of the federal government for the year ended June 30, 2023. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Pelham School District, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the Pelham School District.

Note 2. Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

Note 3. Indirect Cost Rate

The Pelham School District has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

Note 4. Food Donation

Nonmonetary assistance is reported in the Schedule at the fair market value of the commodities on the date received. For the fiscal year ended June 30, 2023, the value of food donations received was \$101,594.

SCHOOL BOARD

2023 Annual Report

To All Our Friends and Neighbors, the Residents of Pelham,

We are proud to be a part of a community that values and supports public education, and our sincere hope is that our schools and our students make you proud as well. Our goals for this year, in pursuit of achieving our mission of, "Inspiring Success One Mind at a Time," include the following:

- 1. Improve math performance;
- 2. Enhance culture and belonging; and,
- 3. Make the District one of the best places to work.

Each of these goals is specific, actionable, and measurable. Accordingly, the Board and the community expects progress under each, and we are continuously monitoring them to ensure adequate progress is being made. The Board is pleased with the District's efforts and actions taken in pursuit of these goals. Such actions have included, but are certainly not limited to: reinvigorating district-wide curriculum vertical teams including mathematics; adjusting accelerated math in Grade 6 to allow for High School-level Algebra I in Grade 8; implementing several additional supports in mathematics for students who most need them; creating a task-force charged with identifying and developing methods to improve culture District-wide; receiving voter approval of a new contract for our support personnel; and, successfully negotiating an agreement with teachers that will go before voters for approval in March 2024.

One of the easiest and most actionable ways we all can demonstrate our support for public education is by showing up at the polls and voting in favor of the proposed teacher's contract on March 12, 2024. This proposal recognizes the value and importance of teachers in shaping and molding young minds, and seeks to make the Pelham School District more competitive among surrounding communities. Offering more competitive salaries and benefits will help us attract and retain top talent, and contribute toward greater stability and consistency throughout our District. Your recent support at the polls has had highly visible results - we now have 21st century facilities for our elementary, middle, and high schools; the renovation and upgrade of Pelham Memorial School is nearing the finish line. This renovation provides students and teachers a learning environment that is far more conducive to learning, and provides space that is used and appreciated throughout the community. We will soon be installing solar panels on the roofs of our school buildings, which will further reduce our energy costs and the bottom line for taxpayers and make us better stewards of the environment.

Public education is the cornerstone of our community, with inherent and far-reaching value and benefits not only for students, but for their families and throughout our entire community. Keep in mind, too, that there is a direct correlation between quality of schools and housing values. Municipalities across this great State of New Hampshire are, unfortunately, starting at a disadvantage when it comes to funding public education though. We should all be aware that, out of all 50 states, New Hampshire provides the lowest level of state funding for public education.

Another way we can all show our support for public education is by reaching out to our legislators to let them know how much value we place on this important institution and ask them to work toward the State of New Hampshire adhering to its constitutional responsibility to provide an adequate education. We must hold our elected officials, at the state and especially the local level, accountable for representing all of us and the value we place on public education.

In closing, we are grateful for your continued support of, input on, and involvement with the activities of the Pelham School District – it truly makes us all better at what we do.

Respectfully,

The Pelham School Board Troy Bressette, Chair David Wilkerson, Vice Chair Thomas Gellar Darlene Greenwood John Russell

PELHAM ELEMENTARY SCHOOL

Principal's Report 2023

This school year Pelham Elementary School started the year with an enrollment of 763 students in grades preschool through grade 5. In our primary grades (Grades Kindergarten, 1st and 2nd grade), we make our best effort to keep class sizes below 18 as this is the best learning environment for this age group of learners developing their fundamental skills. In our upper grades (Grade 3, 4, & 5), our largest class size is 21 students per class. Our preschool program is a state-approved, special education program that is 50% special education students and 50% typical peers. Our typical peers are selected through a lottery process and pay monthly tuition to attend.

Pelham Elementary school has 41 classrooms in the building as well as 6 unified arts (music, art, physical education, health, library and STEAM). We also house the district Title I program, English Language Learners program, our Mental Health Counselor, Assistant Director of Student Services, and the PES & PMS School Resource Officer. Pelham Elementary School also has two special education programs which are our Social and Emotional Learning (SEL) resource room and our PALS (Pelham Alternative Learning Setting) program.

As our full day kindergarten program continues to expand, we welcomed 124 kindergarten students this August, which was our largest kindergarten class to date. We added an additional kindergarten classroom to accommodate our growth. Currently we have 17-18 students per kindergarten classroom.

The district continues to work on improving math scores in the district through teaching and learning. We continue to work with McGraw Hill to provide professional development for teachers on the Reveal program. We also offer intervention time within our school day called WIN, What I Need, this is a time to help students develop skills that they need further support in through small groups and one on one instruction. Our Title I supports math instruction throughout the school day. Last year we saw a great amount of growth in math and want to continue this trend.

Our PES teaching staff have been expanding on their professional growth learning about our new Math program, which is Reveal from McGraw Hill. This program is updated from our previous program, offering students traditional learning as well as inquiry task-based learning pathways. We have a trainer that supports teachers through this new change of teaching and learning curriculum.

This school year, we have revamped our Response to Intervention process of tracking students' progress and providing intervention in a timely and effective manner. Our intervention process looks at students' academic growth, behavioral and developmental needs. The team of professionals supports the students where they are and provides intervention strategies to help them be successful.

This school year, we have also established Vertical Teams within the building. These teams are composed of different teachers around the building that are brought together once a month to discuss building needs. These groups are facilitated by our team leaders and a topic of discussion is given to them based on the building needs. This school year we have had discussions around the needs for learning, bringing our theme alive and behavior management with logical consequences within the classroom.

This school year, our theme is **Watch Us Grow**, which you will see when you enter the building. The theme was decided upon to help students and staff understand that we continue to grow and learn each and every day. Our teacher has met to discuss having this theme come to life within their classroom to support learning and growing. Our theme coincides with our Mission statement of, "The PES Community strives to develop excellence in academic and social skills in a safe and supportive environment; working in partnership with our families and the community to educate and empower life-long learners."

Our new teaching staff for the 2023 school year at Pelham Elementary School is:

- · Mrs. Amie Libby, Preschool Teacher
- · Mrs. Cynthia Milne, Kindergarten Teacher
- · Ms. Alexandra Camirand, 3rd grade teacher
- Mrs. Chrysta Wong-Sierra, Special Education Teacher
- Mrs. Nicole Hauswirth, Special Education Teacher

- Mrs Elissa Plante, Special Education Teacher
- Ms. Sara McNiff, STEAM Teacher
- Mrs. Nicole Bridge, Math Coach
- · Mrs. Stephanie Lee, School Counselor
- · Mrs. Julia Nicolosi, Speech Therapist
- Ms. Kailey SanAntonio, Preschool Speech Therapist
- · Mrs. Jane Shields, Preschool Special Education Case Manager
- We also have our new support staff to welcome for the 2023-2024 school year2:
- · Mrs. Vennessa Gillis, Preschool Special Education General Assistant
- Mrs. Kyla Goulet, Kindergarten General Assistant
- · Mrs. Tanya Kosik, Library Assistant
- · Mrs. Connie Marcotte, Special Education Instructional Assistant
- · Mr. Patrick Millstone, Special Education Instructional Assistant/Recess Monitor
- · Mrs. Caitlin Pace, Special Education Instructional Assistant
- Ms. Molly Stewart, Special Education Instructional Assistant
- · Mr. Kyle Bowlan, Special Education Instructional Assistant
- Mrs. Laura Blair, Special Education Instructional Assistant
- · Mrs. Ashley St. Jean, Recess Monitor

Respectfully submitted,

Jessica L. Van Vranken Principal

PELHAM MEMORIAL SCHOOL

Principal's Report 2023

This year, Pelham Memorial School's enrollment is 340 students. We are privileged to welcome new teaching staff to the Pelham Memorial Team this year: Noah Huizenga, Music; Cheyenne Rancourt, Grade 6 Science; Karen Emery: Reading, Jennifer Steck, Grade 7; ELA; Jenna MacKinnon, Grade 8 ELA; Kristen Descheneaux, Grade 6 ELA; Janelle James, Grade 7 Math; . We also welcome Jen Steck as an Instructional Assistant. Ms. Renaud, formerly a 6th grade science teacher, transitioned to our new STEAM program.

We opened the new wing of the construction project and all of our UAs have beautiful new spaces in which students can experience all that these programs offer. During the December 2023 Holiday Break, we will transition all classrooms from the first floor of the old building to the second floor. Again, this transition will allow for greater learning opportunities in these newly renovated classrooms. We are closing in on the end of construction and renovation, and by the start of the 2024-25 school year we will be finished!

This year was uniquely challenging with the movement of classrooms, but at the same time, uniquely satisfying. The students and staff have been patient and resilient throughout the moves, and should be commended for their grit and determination. With each move, we are closer to the final move and will have a complete school that matches the worth of all students in Pelham.

Math Department:

There has been a lot of movement in the math department towards the district's goals to ensure all students are taught a rigorous mathematics curriculum. While teachers are still integrating technology into the classroom, it looks much different than when we first started with 1:1 technology. Students continue to access the Kahoot! Website, Quizzizz, GimKit, and Blooket to review, assess, and introduce concepts. We have learned a more seamless way to integrate these items with the help of the math coach.

This year, students and teachers were introduced to IXL in the math department. The teachers love how versatile it can be. You can differentiate the lessons without the students even catching knowing. Being able to assign skills and concepts at the student's level of understanding is a great way to help accelerate learning in the math classroom. IXL has been a great engagement tool for students because, for any assigned skill, students can go back and find out where they went wrong by practicing skills leading up to the one they are working on, watching a video lesson, and/or going back to the teacher. There is a neat feature on IXL for diagnostic assessments and candid conversations on how to improve their knowledge occurred regularly. Also, with the implementation of the leaderboard, students can work and achieve more skills with incentives. We are excited to see what next school year brings!

Chromebooks continue to be an asset in the math classroom. Students can create and build projects at varying levels to help deepen their knowledge of the concept while they can still personalize it for themselves and show mastery of the content in new and inventive ways.

We are currently working on creating a new class for the 2023-2024 school year which will be called MathLab. The purpose of this class is to help students close the gaps in math while accessing the regular education curriculum in grade 8. The teachers are incredibly excited to see how this class unfolds and how it could impact other grade levels. The department is looking forward to the addition of this class.

Social Studies Department:

Looking back on the last few years, there have been a couple of recurring themes: change and challenge! This year we are living through construction while we eagerly anticipate our new and updated classrooms.

In the meantime, incredible things continue to happen within the social studies department. We continue to deliver engaging curriculum in flexible learning environments. Our students are engaged in hands-on learning activities such as performing skits, creating maps, analyzing primary sources, drawing timelines, and debating and thinking critically about how events and people connect. Doing all those things that create a passion for learning and a connection with their peers and the world around them.

Speaking of the world around us, the social studies department continues to value experience-based learning and organizes many field trips throughout the year, including visits to the Stockbridge Theater at

Pinkerton Academy, the Plimoth Patuxet Museum, the Pelham Center Cemetery and the annual 8th-grade Washington DC trip.

As we look forward to our new and exciting surroundings, the social studies department remains committed to helping our students grow into knowledgeable and committed citizens of their community.

Science Department:

The Science Department at the Memorial School is extremely proud of our science students! During the first trimester of the academic year, sixth grade students were introduced to Anatomy and Physiology. Sixth graders learned all about the hierarchy of the organism from cell to organ system. They learned the content and mastered new scientific skills through hands-on activities like microscope observations, laboratory activities and specimen dissection. Even though the dissections were smelly and gooey they learned so much about organs and how they work together! Seventh grade students are continuing their science exploration through topics like energy transfer and an introduction to chemistry. They showed off their knowledge with models of matter and even took their learning one step further by creating their own insulated device. Seventh grade science is going to be exciting and explosive in chemistry! Meanwhile, eighth grade science students are compiling everything they have learned over the past two years of earth science and are applying it to new concepts like human impact on the environment. They are taking what they know about the content and using their skills to provide solutions to real world problems. They are learning more and more and shaping their science skills to be successful in high school and beyond! The Science Department looks forward to seeing all the amazing things students will do with their science learning.

Special Education Department: The Special Education Department at PMS consists of a coordinator, six case managers, and nine instructional assistants. Four of the six case managers are assigned to specific grade levels in order to make sure identified student needs are being met as required by each student's IEP. Individual case manager roles/responsibilities are broken down as follows:

- Grade 8 one case manager to monitor/coordinate students' in class and pull-out services as required by IEPs.
- Grade 7 two case managers to monitor/coordinate students in class and pull out services as required by IEPs.
- Grade 6 one case manager to monitor/coordinate students' in class and pull-out services as required by IEPs.
- Two case managers oversee additional services that need to be delivered outside of the regular classroom settings as follows:
 - Memorial Alternative Curriculum Setting (MACS) program a targeted instruction approach utilizing evidence-based practices for students identified with significant learning disabilities.
 - Social Emotional Learning Program (SEL) a resource room model for students requiring assistance outside the classroom that do not meet the significant disability threshold. This program is designed to provide academic, behavioral, social, and therapeutic support to increase each student's availability for learning by enhancing coping skills.

There is currently one vacant case manager position at the sixth-grade level that is being addressed through an "all hands-on deck" approach, specifically the MACS and SEL case managers extending their managerial services to help coordinate required student classroom services as well.

As the renovation process continues, the coordinator and case managers envision improved learning environments that will provide even greater opportunities for enhanced individual and small-group services. As part of the facility improvements being made, each case manager will receive their own office space. These new spaces will provide the case managers with the ability to communicate with all parties of the student service team in an even more secure and confidential manner.

Art:

This year's art class starts off in a brand new beautiful and modern classroom... a great space for inspiring creativity!!! The new art room has an entire wall of windows allowing for lots of bright, natural light. It is on the first floor, perfect for when the heavy boxes of clay, paper, and supplies need to be delivered. The new space is climate controlled with both heating and air conditioning which creates a comfortable environment for everyone to relax and make art as we listen to Imagine Dragon radio (unless it is Friday, then we listen to classic rock radio). The new space is equipped with three sinks for when students need to wash hands, brushes, trays, etc. without

ever having to miss a beat or leave the room.

This makes cleanup quick and efficient, especially when working with the messier projects.

The new space has a designated kiln room with a great ventilation system for firing up clay at any time. This helps keep clay projects moving along through all phases of the firing process. We have a crazy storage space with lots of draws, cabinetry, and a beautiful separate storage room for keeping the art room organized and making all supplies easy to find.... Definitely a great space to inspire creativity one mind at a time!

General Music:

This is my first year at Pelham Memorial and I am so excited to get started in this beautiful new space! In each grade I have a main content focus, as well as an instrument we are learning how to play. For 6th grade, we are learning to play piano and our main content focus is instrumental music. At the start of the trimester we cover Medieval, Renaissance, Baroque, and Classical music, before transitioning into Film and Video Game music. This allows us to see the aspects of instrumental music that stayed the same throughout history, as well as what changed. Integrated into these units are multiple composition-based projects, analyses, and group assignments. For the piano we focus on reading treble clef notes, identifying various rhythms and notes that span over an octave. Songs that we play include Ode To Joy, Imagine, and So Long Farewell, which increase in difficulty over time.

The 7th grade's main content focus is "songs." Students that have gone through the 6th grade curriculum will especially benefit from this, as "songs" refers to any music that includes lyrics, the opposite of the instrumental music covered in 6th grade. Again, we start from the beginning to show what the first songs ever written were like and how that informed the songs that followed. We then dive into three distinct units: song structure, rhymes and poetic devices, and song meaning. These units build on each other so that by the end students have a strong understanding of how songs work. This knowledge is assessed through song analyses, lyric writing, and group work. The instrument of choice in 7th grade is the Ukulele, which goes hand in hand with our content focus because it allows us to learn and play along to different songs. Some of the songs we play include Let It Be, All Too Well, and Call Me Maybe.

Finally, for 8th grade we focus more heavily on the history of music, specifically American music, and how current events and music developments inform each other. Starting with a bit of a summary on music from the 1700s-1920s, we dive deep into each decade starting from 1920 and going up until present day. For each decade, the students have to pick a song that they think best represents that time in music history and write a short explanation of why they picked it. These songs eventually culminate into what I call the "American Music Mixtape," which when finished can take a listener through the last 100+ years of music history! For an instrument we focus on learning guitar, playing more complicated chord shapes and progressions than in Ukulele.

Band

The new band room is big and beautiful and ready for Ms. Saunders triumphant return to the classroom. The new band room has a large space for full band rehearsals, instrument storage, and offers 3 practice rooms for individual and group rehearsals. First trimester, band students and substitute teachers persevered to bring music to the new space. A winter band concert is right around the corner!

Choir:

The Pelham Memorial Choir is off to an exciting start this fall, preparing songs by PINKZEBRA, Teresa Jennings, Leanard Cohen, and Mykola Leontovych for their Winter Concert on December 12th, at 6:00pm in the Pelham High School auditorium. With a mixed ensemble of 35 students, the PMS choir has been able to expand their repertoire and abilities exponentially. They have explored rounds, developed new warmups, successfully sang in two- and three-part harmony, and studied new techniques used in jazz, pop, and classical styles. The PMS Choir is thrilled to invite the Pelham community to their winter concert on December 12th and are excited to start preparing their May 2024 Pops Concert repertoire soon.

Physical Education:

Physical Education is another Unified Arts program that has benefited from starting in a new space this year! Students of all grades have had the opportunity to experience new units that were not previously offered. These units include Archery, Ping Pong, Basketball and Spikeball. Students also learn about physical and mental mindfulness, what progression means in regards to building strength and endurance and learning strategies to improve in those areas. All classes utilize heart rate devices which allow students to track their heart activity and keep track of target heart rate zones.

At the start of each trimester, all grade levels come up with a list of warm-up routines and exercises that touch on all major muscle groups and are typically done 3 days a week. 7th and 8th grade students keep track of their progress and try to improve/beat personal bests. They are motivated to work together and encourage each other through all levels of difficulty. We discuss the importance of heart rate + endurance, tuning + improving fine/gross motor skills, and finding ways to stay active and healthy (and happy!) in and out of school.

6th grade classes' emphasis is on team building and communication skills. They take part in daily challenges, explore our school campus' track and cross-country trails, along with introductions to many of the team sports and games they will continue to see in their future.

7th and 8th grade classes hone their skills on team-related sports including soccer, basketball, speedball, volleyball, softball, KanJam, fitness relays among a variety of other games and activities that promote a healthy lifestyle.

Health:

The Health Class at Pelham Memorial School covers topics relating to health that impact our students both now, and in the future, giving them the information to help them make informed, healthful decisions. Class lectures pair different technologies and platforms with traditional book work. Guest speakers with immense knowledge on some of these topics are also brought in to talk to students about their health.

Our 6th graders begin by learning about the 3 main aspects of health- mental, physical, and emotional. The students then begin to explore stress and stress management techniques, interpersonal communication and bullying, and the basics of nutrition using the MyPlate model. Safety (weather, outdoor, swim) topics are covered, as well as a unit on internet safety, with a presentation given by SRO Myia Yates. The students round out the trimester with a unit on puberty and hygiene, before exploring the healthcare industry.

The 7th grade students take a look at analyzing influences on social media, and cyberbullying. Mental health issues such as anxiety and depression are covered. The 7th grade learns about chronic health conditions, and how decisions they make now with their growing bodies can affect their health later in life. Vaping and its effect on health is covered in depth, using the experts at Breathe New Hampshire. 7th graders are also exposed to basic first aid and CPR thanks to a certified CPR instructor.

The 8th grade covers topics like sleep health, sun safety, physical injuries, and nutritional supplements. They take an in-depth look at building healthy relationships with family and peers, including how to recognize dating violence with a presentation given by the district-wide Clinical Mental Health Counselor, Shannon Hebert. Alcohol and drugs are covered, as well as analyzing the influences in the student's life that may affect their decisions on these. Students learned about human reproduction- the anatomy, the process, fetal development, and childbirth. They wrap up their trimester with a unit on body image and self-esteem.

STEAM:

STEAM - STEAM classes are off to a great start this year. The classroom is beautiful and we are anxiously awaiting when it can be used for STEAM classes. We are presently doing our best on the cart and using the school cafeteria.

S- science has been focused on animals and their environments and things that threaten them. Ideas of what can be done to help have been a focus.

T- technology skills have been reinforced. Students use their chromebooks for many activities.

E- Engineering and building have been a big focus. Students are using different engineering practices to approach each build.

A - Posters, game boards, drawings and painting have been practiced as well as using supportive music and poetry.

M- STEAM classes have been practicing math vocabulary, graphing and measuring in support of the district math focus.

We are very excited for the school garden and greenhouse that should be ready for next year's STEAM students.

Family and Consumer Sciences:

Pelham Memorial is up and running with our new Family and Consumer Sciences classroom! The room houses a full classroom as well as four state-of-the-art kitchens. Eighth grade students are focusing on Foods and Nutrition. They are learning different cooking methods and ways to make a healthier meal. Students display their learning through cooking labs weekly.

The seventh-grade classes are focusing on the child development portion of the Family and Consumer Sciences curriculum. This class provides a broad introduction to child development. Students identify the characteristics of the developmental areas (physical, social, emotional, and cognitive) and stages (infancy, toddler, preschool, and school-age). Students obtain a broad understanding of the considerations needed to make an informed decision to become a responsible parent. Students were provided the opportunity to apply communication, leadership, management, and cognitive skills needed to understand raising a child through a "Sugar Baby" project. The course ends with an Intro to Babysitting Certificate through the Safe Sitter program.

The sixth-grade curriculum is focused on making knowledge-based decisions that has become increasingly important as students learn to navigate the demands of adulthood. The course is focused on independent living which is designed to prepare students for the realities and responsibilities of managing all aspects of their futures: education, career, interpersonal relationships, civic involvement, and financial security. Students spent a good portion of the semester looking at career choices and what their finances may look like through a simulated budgeting project.

Library:

The new space looks beautiful! We can't wait to fill the shelves with books. Our students started off the year with a subway celebration for the Summer Challenge participants (picture below) and we've continued the year with the book fair (pictures below). You can see some of the new furniture in these pictures however, it looks even better in person!

Technology: Instructional Coach

Tiger Tech Program - is a program open to all interested 6th, 7th, and 8th-grade students. The Pelham Memorial Tiger Techs have been busy with our new Digital Signage Screens. Where they create and post for the students and staff to be instantly informed on the events happening at Pelham Memorial. These students also learn how to assist staff and students with Google tools and other resources. Questions please email Mrs. Lamontagne at plamontagne@pelhamsd.org

Warmest regard,

Zack Medlock Interim Principal

PELHAM HIGH SCHOOL Principal's Report 2023

Pelham High School is always committed to fostering a culture of learning and acceptance. Our leadership team returned without any changes. They are committed to a common vision and goal. We said goodbye to one veteran teacher as they moved on to enjoy their retirement. Our faculty welcomed four new members. Our counseling department has all four positions filled. They are a great team. Our student body welcomed one hundred and twenty new members, as the Class of 2027 joined the Python family.

Our faculty began the year by attending three days of professional development. We attended training sessions on topics related to social-emotional learning, culture and climate, and technology tools. Staff was given time to prepare their classrooms and meet with colleagues and attend school-based PD on instructional practices and tools.

We welcomed our incoming freshman during an orientation that gave them the opportunity to meet with students, counselors, and administration. Our student ambassadors answered questions, conducted tours, and counselors had conversations about graduation expectations, Naviance, CTE, and other amazing opportunities at PHS. They received swag bags as welcome gifts. The leadership team met with each class on opening day. We introduced our adopted motto for the year of #BeBrave. Each student received a wristband with the new motto. Our seniors received a car magnet with the Python 'P'. Throughout the year, students and staff are recognized for going above and beyond and are presented with Python Pride t-shirts or Python pins. Our school store has expanded and is up and running. We have an online store as well. We are able to make Python spirit gear available to the school, district, and community.

We continue to use the New England Association of Schools and Colleges (NEASC) 2019 visiting team's report and recommendations to review, reflect, and revise our curriculum, instruction, and assessment practices. We have formalized Professional Learning Community (PLC) groups. They meet daily to collaborate with colleagues across content areas. The focus this year is on best instructional practices and tools. PHS administrators are assigned to PLC groups and offer feedback and participate in collegial conversations.

Our students have been actively engaged in academics, athletics, and extracurricular activities. Grades 9-11 participated in a school-wide PSAT testing. Our fall sports teams have completed their seasons. We are so very proud of this group of student-athletes. Our football team brought home another state championship. This is their fourth in a row. What an impressive run. Our fall cheer came in third in the state. Our fall sports teams met the challenge of fundraising for various causes and/or being actively engaged in the community. We held our third BlackOut #turnoutthelights football game. The art department has

adorned the hallways of the SAU with more beautiful paintings and photographs. Our marching band has performed at halftime shows and town parades. They look and sound great. Two members of our PHS music program auditioned and were selected for NHMEA's All-State band. We are so very proud of them and their accomplishments.

We have been able to hold a school wide pep rallies, our annual first day senior march, and a Homecoming dance. All of our HOCO events were well attended by students, staff, families, and the community. We opened our doors to the Class of 2028 as we held our annual PHS Showcase on November 16th. It was the perfect event to celebrate our #PythonPride and share the amazing opportunities both academic, athletic, and extra-curricular that Pelham High School has to offer. We are all proud to be members of the Python Family.

Dawn M Mead Pelham High School Principal

DIRECTOR OF STUDENT SERVICES

2023 Annual Report

Special education is defined as specially designed instruction that addresses the unique needs of a student who is determined through the IEP team process to be eligible to receive special education services. Special education is provided at no cost to parents and includes the related services a student needs to access her/his educational program referred to as a Free and Appropriate Public Education (FAPE). The Pelham School District receives federal funds to support special education programs for students who reside within the community.

The mission of the Pelham School District special education department is to provide a Free Appropriate Public Education to students who qualify for special education services. During the 2022-2023 school year, Pelham School District provided specialized instruction and related services to over three hundred (326 in October 2022) students ages three through twenty-one. While RSA: 186-C:2 requires services for eligible students through the age 21, inclusive, there were no students currently aged 21 during the 22-23 school year. During the 2022-2023 school year, the district via the special education process had a total of 14 students who were educated within a specialized school placement as required by their Individualized Education Plans (IEP). In addition, the district provided related and special services to 16 students whose families selected a public charter school as their school placement and four students whose parents have privately placed them at Crossroads Christian School.

The Pelham School District met on June 6, 2023, and engaged in meaningful consultation regarding the District's responsibilities to appropriate a proportional share of IDEA grants for FY24 to serve students with disabilities attending private schools in Pelham. As a result of this discussion, parent input, and the equitable share formula, the Pelham School District and Crossroads school agreed to an expenditure of up to \$4,543.32 to support students via the eligibility process who require Speech and Language services through the Individualized Services Plan process.

The primary financial drivers to the special services overall budget remain in the areas of out of district placements, contracted providers, and transportation. While the goal is to be able to support all students within the greater Pelham community, it is not always possible. Some students require a different level of support given their unique learning profiles. In the 2022-2023 school year 13 students were educated at a private day school with specialized focuses and one student was educated at a private residential school with a specialized focus. With these placements, transportation is also expected and required.

All three school psychologists and all but one speech language pathologist have been hired through contracted agencies due to difficulty hiring through the district hiring. Unfortunately, this is an ongoing issue and concern. While the services provided are of high quality and the providers are wonderful professionals, it will always be in the district's best interest to hire as a district employee for continuity of care and commitment to Pelham.

With a significant increase in students in need of specialized placements, the district has begun to analyze the district's specialized programs and services provided. The 2023-2024 school year will have a primary focus on in-district programs and specially designed instruction to support our district's most vulnerable learners. The district continues to work with the New England Center for Children (NECC) across all schools, but most specifically at Pelham Elementary School as a 'cooperative classroom' within the PALS program. Throughout preschool, PES, PMS, and PHS, the NECC program provides Board Certified Behavior Analyst (BCBA) consultation for student specific needs.

The Pelham School District supports students with special education needs as well as students who are supported under the Section 504 of the Rehabilitation Act of 1973. As of October 2022, 188 students were supported through these accommodation plans. English Language Learners are also served well by our District. The Pelham School District ran a successful ESOL program which served roughly 16 students during the 2022-2023 school year.

The district attempted to increase the engagement with the Medicaid to school's reimbursement program. While this was not as successful as anticipated, this year provided a foundation for improvements for the 2023-2024 school year. The total revenue was minimal at \$558.

The approvals of the IDEA grant and Preschool grant awarded the district with funds to bring programming, services, and materials to promote inclusive and comprehensive education to children with disabilities. Among the enhancements to programs is the improvements to the preschool environments. The Pelham Preschool program purchased materials to support sensory friendly developmentally appropriate playground equipment and classroom play materials to support inclusive social experiences for all.

In accordance with SAU 28's local Child Find Program, referrals for students between the ages of 3 and 22 who are suspected of having an educational disability can be made at any time by contacting the Director of Student Services or the buildings' special education coordinators. A special education referral form is available at www.pelhamsd.org. Also available on the District website is information regarding Section 504, special education, bullying and home education.

Thank you to the hard-working staff members who develop and support comprehensive programming for students who have complex learning profiles. As a school community, we have a talented group of teachers, special educators, service providers, and instructional assistants who demonstrate dedication to students every day. Their innovation and devotion is admirable and promotes constant progress throughout the district.

With the 2023-2024 school year being my first year as the Director of Student Services I am honored to have the opportunity to serve the community of Pelham. I look forward to a new year of creative excellence for our students and families.

Submitted with gratitude,

Kimberly Noyes
Director of Student Services

Statement of Actual Expenditures for Special Education Programs and Services

| | 2 | 021-2022 | 2 | 022-2023 |
|-----------------------|----|-----------|----|-----------|
| EXPENDITURES | | | | |
| Instruction | \$ | 5,295,887 | \$ | 5,337,409 |
| Related Services | \$ | 1,420,348 | \$ | 1,563,166 |
